### Schools Vote Consolidation

Consolidation of Scoggins Valley and Deerlick school districts was completed Monday when patrons of both districts voted nearly unanimously for the measure. The election was conducted by O. B. Kraus, county school superintendent, for Deerlick, and by the board members in Scoggins.  
This is believed to be the first consolidation of its kind in the county, and was accomplished because of the lack of pupils from families in Deerlick. Last year two families, with several children, petitioned opening of the school, and then moved out after school was begun, leaving the district with a teacher under contract and no pupils.  
The vote Monday was four favoring consolidation in Deerlick and none against; while of 12 votes in Scoggins, 11 favored consolidation and one ballot was declared doubtful. The doubtful ballot, Kraus said, had the no scratched out which indicated, he believed, an attempt to vote for the joining of districts.

### Schools Vote Consolidation

Consolidation of Scoggins Valley and Deerlick school districts was completed Monday when patrons of both districts voted nearly unanimously for the measure. The election was conducted by O. B. Kraus, county school superintendent, for Deerlick, and by the board members in Scoggins.  
This is believed to be the first consolidation of its kind in the county, and was accomplished because of the lack of pupils from families in Deerlick. Last year two families, with several children, petitioned opening of the school, and then moved out after school was begun, leaving the district with a teacher under contract and no pupils.  
The vote Monday was four favoring consolidation in Deerlick and none against; while of 12 votes in Scoggins, 11 favored consolidation and one ballot was declared doubtful. The doubtful ballot, Kraus said, had the no scratched out which indicated, he believed, an attempt to vote for the joining of districts.
