

Albany Squad Plays Here Friday Night; Hilhi-Vikings Tie

Lighted Field Dedicated by Old Rivals

Albany high school football eleven will battle Hilhi here on the local gridiron under the lights at 8 p. m. Friday. Admission price for adults will be 35c. Albany is rated stronger on paper than the local boys, having a line that averages 190 pounds. However, Hilhi warriors have one game under their belts already, while the game Friday night will be the first of the season for the Lim county boys.

Lawrence, an end from last year's reserves, has returned to school to bolster Hilhi's prospects, according to Coach B. M. (Goody) Goodman.

(By Ed Coman)

Battling to a 0 to 0 tie in a pre-season game on the local field, Hilhi and Forest Grove rang up the curtain on the 1937 gridiron season and launched "night football under lights" in Hillsboro Friday night. Although unable to sparkle on offense, Hilhi made three stubborn defensive stands deep in its own territory, showing promise that the Blue and White will be strong on defense this season.

Forest Grove's "Vikings" gave the crowd the ball-carrying thrills of the evening, packing the oval deep into Hilhi territory on three occasions. Late in the opening period, the Grove took the ball on its own 48 after Sutherland's punt shied across the field for no gain. Two line smashes gained five yards and then Fullback Davis raced 12 yards to the Hilhi 31 and first down. Three plays gained eight yards. On the last down, Schultz tried left end and was brought down inches short of a first down by Wick.

Threaten Again

The Vikings threatened again in the second quarter after Hilhi set the ball on downs at midfield. Davis, running behind beautiful interference, netted off 12 yards. Two line plays netted two yards and a shovel pass over the line of scrimmage. Boyd to Taylor, made five more. Schultz again tried left end but the entire left side of the Hilhi line rose up to bring him down on the 25-yard stripe, again inches short of a first down.

Rollins Hilhi back, provided the lone offensive thrill for the Blue and White just before the half. Intercepting a long Grove pass on his own 40, Rollins twisted and dodged upfield 22 yards to the Viking 38. Two plays failed to gain and then Harry Wajahn took a pass for a five-yard gain just as the half ended.

Forest Grove's final threat came with the start of the third period, taking the kickoff on his own 10. Taylor romped back 39 yards before Jerry VanLom nailed him on the Jerry VanLom nailed him.

A reverse into the line made five and then Sutherland dumped a Grove play for an eight-yard loss. The Vikings lost more on an offside penalty. Nothing daunted, Schultz took the ball over right tackle on a reverse, broke into the open and appeared on his way to pay dirt. Davis, Hilhi quarterback, came up from the side to bring him down on the Hilhi 30.

Hilhi Holds Vikings

Four line plays brought another Grove first down on the Blue and White 29. Himmelright dropped Boyd for a yard gain and then Churchley broke through to smear Boyd for a six-yard loss. Schultz gained back the loss on three downs but on the final thrust was stopped by Davis four yards short of a first down.

During the balance of the game the ball saw-sawed back and forth in midfield, neither team being able to launch a sustained offensive.

Line play of the 1937 Blue and White gridiron machine showed plenty of promise, with the center of the line showing particularly well. Churchley at center, Tsugawa and Jerry VanLom at guards, Hilhi's backs are light, but fast and shifty, needing a little more timing, blocking practice and experience to develop an offensive threat.

Dedication of the field was made just before the kickoff by F. L. Brown, Hilhi school board chairman. Brown was introduced by C. T. Richardson of the lighting committee. Forest Grove and Beaverton bands played before the game and at the half, the Beaverton organization gave a demonstration of formation marching.

Matches Slated in Fall Handicap

First matches in the annual fall handicap at Forest Hills are being played this week at next.

Championship flight matches are: Glen Cate vs. Dick Fendall; Tom Bailey vs. Tom Dyer; E. A. Griffith vs. C. E. Wells; Chowning vs. James Wells; B. M. Goodman vs. Dr. Todd; George Patterson vs. Dr. Mills; Dr. Dresser vs. Ed Coman; Wayne Holler vs. Judge R. Frank Peters. Beaten eight in this group will make up the first flight.

Second flight includes Dr. Pitman vs. Frank Miller; Ralph Easter vs. Dr. Waltz; C. T. Richardson vs. Dr. Ross; Ray Replogle vs. Mark Waltz; Howard Hadley vs. George Laver; Frank Chalcombe vs. G. Forsythe; Ed Allen vs. R. W. Kreitz; Harry Gilmer vs. Joe Propstra. The beaten eight in this group will make up the third flight.

Fourth flight matches: R. L. Irwin vs. Lee Hosking; Ronald Miller vs. Harry Bates; William Bergen vs. Dr. G. Stranahan; R. Rasmussen vs. Dr. G. Gibson; Jack Goodman vs. Earl Bowman; T. H. Tongue vs. R. H. Tisdale; H. Buckford vs. Lyman Howe; and Jack Searcy vs. Roy Cartwright. Beaten eight will make up the fifth flight.

Sixth flight matches: Julian Todd vs. Herb Osburn; James Schorn vs. Otto Osburn; Wayne Holler, 2 and 1. Fourth flight: Harry Bates, 1 up over Ronald Miller; R. Rasmussen, Dr. Gibson, 2 and 1, and R. Tisdale, T. H. Tongue, 7 and 6.

Adventure is Coming in The American Boy

Readers who like adventure and the lure of far places will find plenty to please them in coming issues of The American Boy magazine. They'll read, for instance, of seamen and sabotage and San Francisco water-front trouble; of daring adventure in the world of pseudo-science, and of a feud aboard a plunging, rolling battleship.

They'll read too of excitement aboard a transport plane blaring over jungled Mexican mountains, and of stranger planes that are not bound to earth but swing through the noiselessness of space. Readers can follow a young ex-Mountie as he searches for clues in the wild northlands, and Tierney, the pie-eating detective, on the trail of city criminals.

A new feature in The American Boy is picture pages that tell stories. Pictures, for instance, that vividly show a day in the life of a coast guardsman, and how an Eskimo husky sled dog does his work. They transmit the thrill of battling a hundred pound, water-churning tarpon. Tips on how it's done are also given pictorially—ranging from how to run a broken field to how to be correct in a ballroom!

Note: Subscription prices of The American Boy will be raised in the new fall issue. Send your subscription order at once to take advantage of the bargain rates now in effect: One year at \$1 or three years at \$2. Foreign subscriptions 50c a year extra. Send your name, address and remittance to The American Boy, 7439 Second Blvd., Detroit, Mich. On newsstands the price is 15c a copy.

Budget Raised

Facing determined resistance by a block of district patrons, Beaverton school board passed at a meeting Tuesday night in the school auditorium there by a vote of 95 to 37. Substantial increase is shown over the budget of last year, O. B. Kraus, county superintendent, said. The budget just passed calls for \$19,000, as compared to \$10,930 for the year 1936-37.

Badgers Ready to Play Opener Under Lights

FOREST GROVE (Special)—Washington county will get its first taste of night college football Friday at 8 o'clock, when Pacific university initiates the new flood lights on its gridiron against Oregon Normal.

This contest is first of nine games on the Badger field this season. The Badgers make their 1937 bow with a veteran lineup, intact but for two key men missing from last year's starters. The backfield presents a speedy, shifty combination of ball-packers with plenty of scoring potentialities. The line looks big, tough and experienced.

Fifteen backfield men are scrapping for four starting berths and more than a score for the seven line positions.

Probable starters in the backfield are the veterans Ed Eilertson at full, Fowler at quarter, Boer and Moon at half. Reserves, many of them sure to see action in the yardage-making department, include Jarvis (new man, Vernonia) and Lueluelan at full; Dierckx and Petraso at quarter; Pangle, Taylor, Johnson, Dickson, Roberts, Horner and Miller at half.

Starting line will be drawn from the following: ends—Sikstrom, Geisheck, Racette, Carl Eilertson, Sagar, Goddard and Slyter; tackles—Amend, Wallulis, Thompson, Holoff and Russell; guards—Wiles, Naef, Smouse, Merz, Bryant and Perrault; centers—Chapman and Britton.

Spraying of Peach Trees Urged Now

(Continued from page 1)

Twigs and branches that are affected, has in consistently and difficult amount of infection in the crop and, consequently improved its marketability.

Various copper compounds are from time to time recommended by various people, but the use of practically all of these is in the experimental stage. Bordeaux mixture of a 4-4-5 strength is the one recognized spray, measure. When this is properly made and properly applied, it has proven effective.

Should Understand

Any other material that is put on should be applied at the direction of the individual, or firm selling it, and the grower should understand that the use of the substitute materials are being tried by our own experiment station, but their standard recommendation is Bordeaux.

Spraying while the leaves are on the trees is an expensive and difficult job as the foliage makes it difficult to get proper coverage of the wood. However difficult it may be, it is still necessary to put it on, and get it on rather early, which means before the leaves have fallen if adequate control is to be expected.

Shadden and Lewis Opening Saturday

Dee Shadden and James Lewis are holding a big opening of their new pool and beer tavern at North Plains Saturday night and have a number of surprises awaiting patrons. Shadden and Lewis were burned out in the fire, which hit the neighboring city two months ago.

They have constructed a concrete and tile building to house their business and modern electric refrigeration has been installed.

MacKenzie Employe Enjoys Trip East

Robert Beattie, parts department manager of MacKenzie Motor company, returned this week from a 10-day trip to the Ford Motor plant at Detroit as a guest of the company. The trip was an award in a contest for efficiency in the Portland territory. Eight others traveled with him.

The party went to Seattle from Portland by train, from Seattle to Vancouver by boat, and over the Canadian Pacific to St. Paul and Chicago. From Chicago the trip was over the streamline train Zephyr to Detroit.

Among the places visited in Detroit were the Ford plant, Greenfield village and the Ford museum. The party stayed in Detroit two days, and stopped in Chicago long enough to see a double-header between the Chicago White Sox and the Detroit Tigers. They returned via the Northern Pacific.

Lights On

Highway lighting, the Oregon State Motor association finds that during daytime only one in every 43 motor vehicle accident injuries proves fatal; at night one death results from every 28 injuries.

Say you saw it in the Argus.

Councilman Gives Views on Water

(Continued from page 1)

\$437.09, making a total of \$2,880.56 taxes paid by the water company within Hillsboro.

"If the system were operated by the municipality it could afford to pay \$3,000 annually in taxes," said the councilman. "The city, in turn, pays \$2,310 per year for hydrant rentals out of the tax payers' money. A private utility is a natural monopoly. Their anticompetitive taxes are presented to the utility commission and may be part of the rate base and in turn collected from the water customers in the bills each month."

Collect Taxes

They are strictly tax collectors

Gross revenues	\$37,490.72	\$36,976.79	\$36,471.15
Operating expenses, including taxes	17,269.42	19,802.12	25,689.56
Net operating income	\$20,221.30	\$17,174.78	\$10,781.59
Gross revenues	\$30,182.61	\$24,546.60	\$26,999.96
Operating expense, including taxes	22,917.99	21,339.81	24,925.92
Net operating income	\$7,264.62	\$3,206.79	\$2,074.04
Gross revenues	\$10,825.81	\$13,907.59	\$12,655.07
Operating expense, including taxes	1,306	\$3,983.62	\$6,274.48
Net operating income	\$9,519.81	\$9,923.97	\$6,380.59

Average annual operating expense, 7 years

Above figures are for the entire municipal operation of the same properties, including \$3,000 annual taxes to Hillsboro, could be accomplished for \$2,000 and that an annual net operating income would be available to Hillsboro in the amount of \$25,000. This amount of money would safely retire an indebtedness of \$400,000 over a period of 30 years, at the present rate of interest.

Japanese Planning Meeting Thursday

War and its causes in the "far east" will be discussed at a public meeting Thursday night, September 30, by Mr. Iino, attache of the office of the Japanese consul general in San Francisco, it was announced this week by members of the Banks Japanese association, in charge of the meeting.

Arrangements have been made to hold the meeting in the chamber of commerce rooms in Hillsboro, and the general public has been invited. The speaker is to be introduced by D. Takaoka, president of the Portland Japanese association.

County Orchards Hit Hard by Blight

Many Washington county nut growers are counting a short crop this autumn due to heavy blight in the orchards. Wherever orchards were sprayed for blight, the crop will be average or better, according to reports.

Dundee Nut Growers' co-operative plant is rapidly being reconstructed, and is expected to be in full operation for the beginning of harvest next month. The fibert building already is prepared for walls, with the concrete floors and basements of both buildings completed.

Volume of filberts is expected to exceed last year's 330 tons handled by the co-operative. Price has not yet been set, officials said.

Public Sale Dates

Thursday, Sept. 23—A. Spieschaert, 1/2-mile south Cornelius.
Tuesday, Sept. 28—Mike Waelers Jr., Cornelius Pass road.
Thursday, Sept. 30—Gus Carels, mile southwest North Plains.

Site Leased for Auction Market

Planning an auction market for Hillsboro, A. G. Jensen and John Diddy have leased approximately six acres of ground from W. G. Hare, located two and one-half blocks northwest of the Carnation plant and two blocks south of the cannery. A. G. Jensen announced this week.

A large building 40x100 feet in size, is located on the property and this is being remodeled into a modern sales pavilion. Farmers and others having merchandise of any kind, including livestock, machinery or household goods, which they wish to sell, may bring it to the sales market, where it will be auctioned.

The building will have a sales ring and a seating capacity of 600, besides housing for the livestock, including stalls for horses and dairy cows, pens for hogs, sheep, a calf calves, as well as provision for poultry, hay or grain. Plenty of parking space for cars and trucks, and easy loading and unloading, is promised.

Jensen, who has had many years' experience in auction business, will conduct the selling, while Diddy is an experienced stockman and qualified to assist the farmers in handling livestock. Jensen recently moved to Hillsboro and Diddy will move his family from Tigard to Hillsboro in the near future. The first sale is scheduled for October 2.

THREE WORDS—

Patience, kindness and understanding—three advantageous words that should be used more liberally. How many of us analyze oneself and know we are applying all—we should. When we are applying all we are then serving the purpose for which we were meant—each has a definite purpose in life, whether we know it or not. Some go through life never finding one's place—yet if they apply these three words—perhaps it would make it a little easier to locate oneself. When one is stationed one can attain a degree of happiness—but others must be made happy before we, too, find happiness—but can we obtain satisfaction in knowing that we are beneficial if we forget the three virtues: Patience, Kindness and Understanding.

Patience, the one that denotes calm self possession undisturbed by obstacles, delays and failures. How many times have you seen a motorist use an expensive and expensive when he failed to beat the stop signal—yet that is but one instance—there are many, many more rubbing elbows with us every precious moment. How much brighter the skin would look were he to use a little more fortitude—not only for himself but any who happen to catch a glimpse of the terrible facial expression.

Kindness—how many of us go about our daily tasks benignly, and show civility to those who are not so fortunate as we? Let's show a greater amount of compassion to all our fellow men—we'll all benefit in return by a daily act of humanity.

Understanding—comprehends fully the implications of a situation and has a consequently tolerant or sympathetic attitude when applied correctly. Understanding has the power to render experience intelligible by bringing perceived particulars under appropriate concepts—and we all know how well that can be applied to many humble fellow men.

When all have been applied to oneself—you will be able to smile and when you smile the whole

Hogs Wary of Electric Wires

LAKEVIEW—A two-wire electric hog fence, costing approximately \$15, keeps hogs out of a 3 1/2-acre field of mangels on the H. L. Price farm in the Idaho district of Lake county. The electricity can be turned off for as much as two weeks and the hogs still refuse to go near the fence, Mr. Price says.

THE TRUE HOPE CHEST

Rich Man—Poor Man—Beggars—Thief—To all of you we say the day is on the way when you will need the Friend that sticketh closer than a brother. Strong, true

and wise He comes, loving you better than you love yourself. From another world where sorrow has never entered. He comes to sup with all who will have Him. Into this world where death-dealing forces are out of hand He comes to sit with the heavy of heart and wipe away their tears.

Take New London, Texas, last March when 455 scholars and teachers lay dead from the gas explosion that wrecked their school house. New graves being dug all about at the cemetery. Here comes an ambulance and a mother is lifted out on a cot for the funeral of her daughter. Another family was in its second funeral in two days. Mistaken identification led them to bury another as their own. Later their own child's body was discovered in a morgue. Many were double and triple funerals. Some had lost as many as four children. One cemetery saw seventy-nine burials the day the men from the Dallas Seminary arrived with 3000 Gospels of John. Eighty the day before.

After each funeral, the men a quietly passed out the Gospels telling the people they would find their best comfort there—"I have

never seen such hunger for the Word. They clutched at the little books as though it were their last hope. Not only the bereaved families, but all to whom we tendered them." So reported these apostles of comfort.

Sum it up—When the heart is crushed the children of the household of faith find their consolation in such chapters as the Fourteenth of John—"In my Father's house are many mansions: If it were not so I would have told you, I go to prepare a place for you. And if I go and prepare a place for you I will come again and receive you into myself, that where I am there ye may be also."

True it is. Those who receive Christ as Saviour and Lord sorrow not as others who have no hope.—George N. Taylor, Beaverton.—Paid adv.
