Some road repairing is being done in this district. That portion of the community lying in Washington county has fairly good roads, but the Yamhill county roads from this vicinity are in extremely poor condition. Roads from here leading to Newberg are badly in need of grading and draining. Water running over the graveled roads wash great ditches and ruts, making travel quite unsatisfactory.

Bruce Injured
Ernest Bruce was injured while working at the Newberg Pulp mill last Monday. He fell some distance onto a concrete wall. He was in a Newberg hospital for several days, but was able to return to the home of his parents here the first of this week. His injuries proved not so serious as was feared. No bones were broken.

This group plans a series of plays to be presented this winter and early spring, the first of which "George in a Jam," is to be given in the near future. A new electric lighting system has recently been installed, and new chairs purchased.
