

# Lions - Kiwanis Tangle Friday Night

## SPORT SHORTS

(By Bill Grant)

Sunday's junior Legion game at Oregon City was a big disappointment to local fans. . . . The boys were so obviously off from one another that it was a far different story. Of course I wrote this before Wednesday's game, and you're reading it after, so if the boys don't come through, I've let myself in for something with this post-game prognosticating. . . . But after watching those last Sunday I'm convinced they'll turn the tables. . . . or should I say did turn them? Anyway, whichever team makes the state tournament will put up a good account of itself.

If you missed the classic between the married men and the bachelors last week, you missed something, by the way. Watching some of the more elderly men-about-town with Schumacher, for example running down (and catching) flies was a treat for sore eyes. . . . and they made it close, too. Tomorrow night's tussle between the local Lions and the Beaverton Kiwanis ought to be even better. Ed ("Never Pitched in My Life") Coman is slated to be one of the mound artists (?) for the Lions, who host a team of not-too-broken-down six footers. . . .

Quite a game the Farmers' Co-op and Irelands staged in the rain last Thursday night. . . . Unexpected and unwelcome slips left more than one of the boys treading a little mud. . . . And the Verne-Orengo game was a humdinger, with Townsend's circuit cut coming in the nick of time to save the league leaders from tasting their first defeat.

And switching back to baseball, young Cal McIvra really did a fine job on the Woodburn sluggers in the junior legion playoff at Woodburn. . . . two-hit game with 15 strikeouts don't grow on every bush. . . . He's Hillsboro's hope for the state tourney. . . . Rain forced cancellation of the midget races July 27, but they'll be buzzing around the track come Saturday (if it doesn't rain).

A lot of water will flow under the bridge before we start to think seriously about football. . . . But the time grows near, judging from the arrival of a book of O. S. C. football information from Bud Forester's athletic news bureau. . . . Bruce Hamby at Oregon will probably be on the job soon and then the flood will start. . . . Bud informs us that the Orange should have about as good a line-up as last year, with the exception of left guard, and center left weak by the loss of Schultz, Pollard, and Teasouvas. He also mourns the toughest OSC schedule in years. . . . four trips to California, as Oregon had last year. . . . and a total of nine games.

### Legion Babes Take Series from Aloha

Hillsboro Legion Babes took an 8 to 1 baseball game from the Aloha Outlaws last Thursday at the athletic park behind the high school. He's Gritzmacher to capture a three-game "little championship" series between the two clubs.

Young Gritzmacher's no-hitter wasn't quite a shut-out—six local errors saw to that—but the game was a definite reversal of form from the Babe's 15-14 loss of a few days before. Grass, Gritzmacher, and Wortman did particularly good work at the plate.

The Babes, composed of local boys too young to compete in the organized junior league ball, announce that they are looking for more games after having disposed of Aloha, and will take any and all comers.

Shorty McKern, Burns twirler, pitched all three games in two days, holding Hood River to one hit in the final contest.

### Midgets Return To Race on New Shute Park Oval

Midget racing cars will furnish a program of speed and thrills to local racing fans again this Saturday night on the new Shute park track after the first regular program scheduled for July 27 was cancelled because of rain. It was announced this week by the Hillsboro Firemen's association, sponsors of the event.

Chris Anderson, a local boy, will be in the list of 17 drivers competing in the program, officials reported. He will be driving a car owned by Elmer Schrader, proprietor of the Hillsboro Machine works in which Anderson is an employee.

Trial runs are scheduled to begin at 8 p. m., with the heat races following.

The other drivers, all members of the Oregon Midget Racing association, have competed up and down the coast and are seasoned veterans. The racing committee stated. Last night they raced at Hagley Field, Vancouver, Wash., and will be at Hillsboro Saturday night ready to go.

A. L. Brock and Harold Weisenback, local firemen, attended a meeting of the racing association in Portland Monday night and arranged details of the program.

Drivers scheduled to be at the post are Bert Blomgren, Tommy Legge, Chick Barbo, Tony West, Bob Dillon, Rod Pugh, W. J. Macomber, Allan Heath, Chris Anderson, Jimmy Mauland, Val Hoyt, Leo Wahl, Bill Gehlar, F. C. Tracy, Louie Sherman, Gordon Youngstrom, and Red Bannister.

### Verboort Takes First Playoff Tilt

Verboort took the measure of Banks, 13 to 9, Sunday afternoon in a free-hitting error-spotted baseball game in the first of a playoff series for Tualatin Valley league championship.

Banks outbatted the winners, 17 hits to 10, but 8 errors as against 2 for Verboort allowed the latter to capitalize on fewer blows for enough runs to win easily.

Freudenthal last out in the final competition Sunday and did not make the team of 12 high scorers which forms the state's civilian entry for the national shoot at Camp Perry later in the summer, but managed to turn in a good score nevertheless.
