

Banks Church Auction Sale Termed Success

WOMEN RALLY TO NATION'S DEFENSE IN RED CROSS VOLUNTEER SERVICES

Training Courses Fit Them for Duties Vital in Present Emergency

WITH the call to the colors of more than a million of the nation's young men, American women everywhere ask how they can volunteer their services to aid in the emergency. What part can women and girls play in national defense?

The American Red Cross, through its 2,700 Chapters and their branches, provides the answer. More than a half million women already have enrolled to give their time in Red Cross volunteer services, according to Mrs. Dwight F. Davis of Washington, D. C., Chairman of Red Cross Volunteer Special Services. Through sewing and knitting a million garments for Europe's war victims, and making millions of surgical dressings for war wounded and sick, they have gained efficiency and experience which can be readily diverted to the work for home defenses should the need arise, Mrs. Davis said.

In order to prepare most efficiently for any emergency which may come, the Red Cross is extending its training courses through its Chapters. Women motorists are trained for the Red Cross Motor Corps; girls who wish to volunteer for office work, train for the Staff Assistance Corps; other thousands join the Canteen Corps; women and girls who wish to learn to protect the health of their families,
