Teacher Plans Glee Club at Grade School

REEDVILLE—P. T. A. met Friday afternoon at the school house. Mrs. Charles Imlay was in charge of the program which featured a discussion on "Teaching our children in war-time" also "How to meet the food rationing problem." Mrs. Grant Brown and Mrs. I. Hess is reported on county council held at Cedar Mill. Mrs. Melvin Vanderpoel, teacher of vocal music, stated that a glee club would be organized in the school if funds for choral music were available and a member present presented $5 for that purpose. Thirty-three tonettes have been purchased for use of children in second, third and fourth grades for foundation study of music, under the direction of Lowell Englen, who also conducts the school orchestra. Melvin Vandermost, principal, reported that $214.40 in war stamps has been purchased by the school children the present school year. February meeting will feature Founders' Day.

Women Tie Quilts

Nine women met for Red Cross work at the school house last Thursday afternoon and two quilts were tied. The group will also meet this afternoon (Thursday) when two quilts will again be tied. A Red Cross first aid kit for local emergency relief was purchased last week.

Executive Meeting Today

Mrs. Harold Bergquam, president of P. T. A. has announced that a P. T. A. executive meeting will be held in the music room of the school house at 3:30 this afternoon (Thursday).

A. M. Jannsen returned last Thursday from a fortnight's trip in which he visited Los Angeles, Cal. and attended the Rose Bowl game at Pasadena. He also spent a week with his son, Lieut. Edward Jannsen, at Douglas, Ariz., where Lieut. Jannsen is stationed as instructor in the air corps. Mr. Jannsen found cold and sleet in parts of Arizona.

Oscar Hagg left Moday for Salem, where he spent several days on legislative business.

Mrs. John Walters entertained 25 guests at a shower at her home Thursday afternon, honoring Mrs. Arthur Pearson of Vancouver, Wash., and Mrs. Fred Boss of Cedar Mill, both of whom are nieces of Mr. Walters. Cleverly designed infants wear was featured in serving refreshments. Twenty-two out-of-town guests were present.

Taken to Hospital

Mrs. A. F. Molek was taken to Smith's hospital, Hillsboro, last Tuesday, ill with influenza bordering on pneumonia. She is reported to be improving.

Cooper Mt. Club Assists in Sewing

COOPER MOUNTAIN — Cooper Mountain Community Sewing club met last Wednesday afternoon with Mrs. Otto Leopold. Twelve members were present. They handed out more Red Cross articles to be made. Next meeting will be held at the Gunleif Wold home January 27.

Mrs. Floyd Price, confined to the Portland General hospital, where she underwent an operation January 12, is improved.

P.-T. A. met last Friday evening at the school.

Father Dies

Mr. A. Sayre, who died recently at his home near Moro, was the father of Mrs. LaVerne Hart.

Several of the children have been absent from school the last week with the flu.

Mrs. J. Klindt and son Murl of The Dalles were recent visitors at the Oscar Morris home. Murl was a patient at the Good Samaritan hospital in Portland, about seven months ago, when Earl Morris was confined there.

Little Bobby Bype, who recently fell out of a tree near his home, fracturing his right arm between the elbow and wrist, is able to return to school.

The men who are employed at the Albina Shops of the Union Pacific railroad in Portland, where Mr. Oscar Morris is employed, have recenty presented his son Earl with a receipt showing they have paid in advance a correspondence course in radio, from the International Correspondence school at Scranton, Pa. This opportunity for Earl to learn a trade was given as a Christmas present.

Lodges Install New Officers at North Plains

NORTH PLAINS — Friendship Temple and Glencoe Lodge held joint installation of officeers Friday evening following regular meeting of Friendship Temple. Those installed were: Margaret Hall, past chief; Bernice Mathiesen, most excellent chief; Rosella Mills, excellent senior; Hazel Hollenbeck, excellent junior; Opal Connolly, manager; Eugenie E. Cypher, mistress of records and correspondence; Etta Lincoln, mistress of finance; Mabel Williams, protector; Sadie Hollenbeck, guard. Mabel Williams was the installing officer, assisted by Cora Reynolds, grand senior, and Mary Mathiesen, grand manager. The temple presented Margaret Hall, who served her second year as most excellent chief, with a console set in Heisey glow, and their mistress of finance, Etta Lincoln, who has served in that capacity for twelve years, with a lace tablecloth.

Knights installed were Clarence Meek, chancellor commander; C. I. Williams, vice-chancellor; Tom Connell, keeper of records and seals; W. S. Hahn, prelate; A. K. Reynolds, master of finance; Charles Walters, master of exchequer; Russell Loftis, master of work; Chester Koble, master at arms; L. E. Olson, inner guard; F. M. Mills, outer guard; A. K. Reynolds as deputy grand chancellor was the installing officer, assisted by W. S. Hahn as prelate, and Chester Koble as master at arms. Following the joint services "500" was played with high scores being made by Mrs. Etta Cook and C. I. Williams, and second high by Anna Miller and W. H. Joos. A number of guests from Hillsboro were also present. A lunch climaxed the evening.

Victory Fair Postponed

The P.-T. A. Victory Fair scheduled for Friday, this week, has been postponed until February 26, on account of the prevalence of measles.

Jacqueline Perry has been out of school the past week with measles.

Mrs. Minnie Blake returned last Friday from Turner where she has been taking care of her cousin, Mrs. Bert Peebes, who was ill. Mrs. Blaker said they were about two miles from the flooded area where 125 persons were left homeless.

J. C. Toelle of Astoria was a visitor at the W. H. Joos home on Monday and Tuesday.

Red Cross Clubs Meet Thursday At Kinton Homes

KINTON—Red Cross Sewing club groups will meet January 28. Mrs. Keffer will entertain the ladies in her neighborhood and the group will make pajamas. Mrs. O. T. Murphy will be hostess to the group near Karpstein Corners, and the Pleasant Valley group will meet with Mrs. J. H. Aten. Mrs. Albert Scott announced she had 12 surgical gowns and eight play suits made by the club this month to turn in to headquarters.

Mr. and Mrs. Vernon Steele and daughter Ardith of Manson, Wash., were guests last week of Mrs. Steele's brother-in-law and sister, Dr. and Mrs. I. J. Neher.

The cold weather which hit our community over the week-end caused several electric pumps to freeze. Sunday was a day of thawing out pipes and preparing for more cold weather.

Son Breaks Record At Flight School

KINTON—Mrs. D. J. Ward received word this week that her son Herbert had broken the cable-splicing record at Robertson Aviation school, Lambert Field, St. Louis, Mo. The record was twelve minutes and his time was eleven minutes.

Plays Ball in Australia

Mrs. Charles Owens received some newspaper clippings from her brother, John Van Horn, telling of a football game John took part in July 4. The game was between the army and navy and was played on a cricket field somewhere in Australia. There was a picture of John in action and his name was mentioned in the write-up.

Firdale-Iowa Hill

Mr. and Mrs. Don Pearson entertained with a card party on Saturday night.

Mrs. Henry Peters spent the week-end with Mr. and Mrs. G. Bendix, who are now living in Portland where they moved from Junction City.

Born, to Mr. and Mrs. Joe Goca, a girl, on January 18.

Buford Deford has been discharged from the army and arrived home on January 18.

Former Forest Grove Physician Succumbs

Dr. Charles L. Large, 87, former Forest Grove physician, died January 15 in Portland. Burial services were at Forest View cemetery at Forest Grove.

He is survived by a daughter, Mrs. Lucille Martin of Los Angeles, and a sister, Mrs. Elizabeth Harris of Portland.

Card Club Meets At North Plains

NORTH PLAINS—Mr. and Mrs. Richard Sandford were hosts for the "500" club Sunday evening at the Henry Cypher home. High scores were made by W. H. Joos and Mrs. Henry Cypher and second high by A. K. Reynolds and Mrs. Andy Christener.

Enters Merchant Marine

William Wilken Jr. left last week for Catalina Island, where he will train for the merchant marines.

Alaska Visitors Here

Mr. and Mrs. O. Billion of Anchorage, Alaska, are visiting at the S. A. D. Meek home.

Mr. and Mrs. F. Taylor and Elizabetr Ann of Pacific Grove, Cal., were among Tuesday luncheon guests at the Frank Corey home.

Calls From Honolulu

Miss Louise Spies, who is employed at the North Plains Telephone office, received a welcome surprise last week when her brother Harold, who is in Civil Service at Honolulu, called her by long distance telephone for her birthday anniversary.

Lloyd La Morden of the military police of Fort Lewis, Wash., spent the week-end in this vicinity visiting friends.

Former Privates

Many officers of the U. S. marine corps embarked upon their military careers as privates.

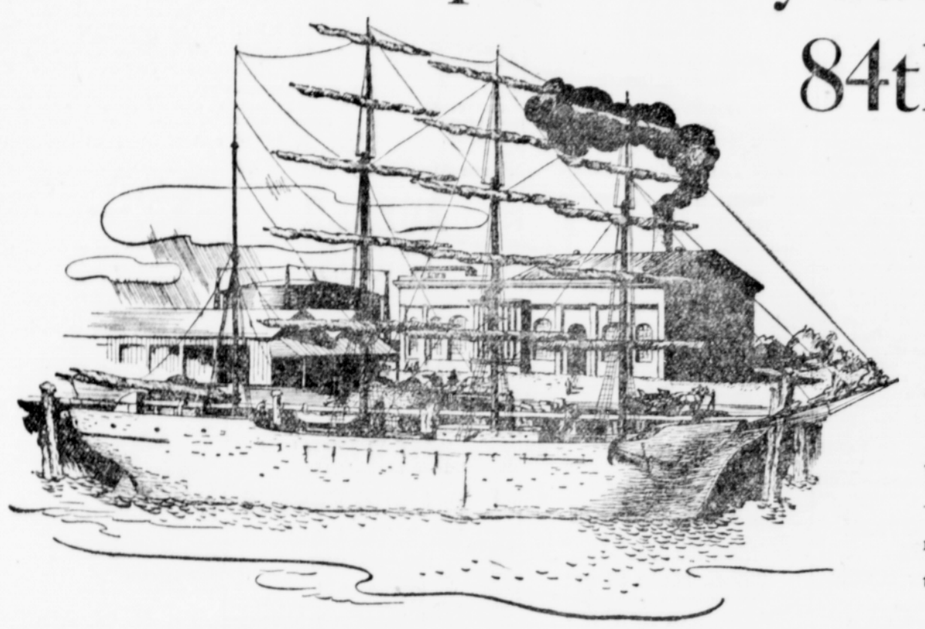
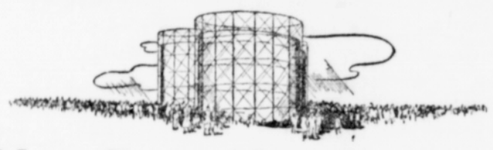
A report on your Gas Company's 84th year of service



Much has happened since the Territorial Assembly authorized the establishment of our gas business in January, 1859: Oregon became a state. Lincoln was elected President. The Civil War was fought . . . the Spanish-American War . . . then World War I. Portland Gas & Coke Company weathered all these events—continued to expand and improve its service, in good times and bad. Then in 1942, World War II was in full swing—challenging the Company with new problems and new responsibilities. But—as in the past—Portland Gas & Coke Company has met this [illegible]ge with new and greater achievements. Some of these are summarized in this report to our customers.



More Gas to More Customers

Portland gas production in 1942 passed all previous records. The send-out for the year was 5,763,761,000 cubic feet—29% more than the previous peak year of 1941. Much of this increased volume went to war industries to help them build vitally needed equipment for our armed forces. But a rapidly growing population accounted for a substantial part of this increase. Last year 6,962 new gas users were added to our lines—as much as a whole new city of 20,000 population. The total number of customers served by Portland Gas & Coke Company at the end of 1942 was 96,548—another new record.

Roll of Honor

Sixty-four members of the Portland Gas & Coke Company organization are now serving in the armed forces of the United States. Their names are listed on the Honor Roll below. And here at home, 10% of the Company's payroll is going into War Bonds every month to back them up.

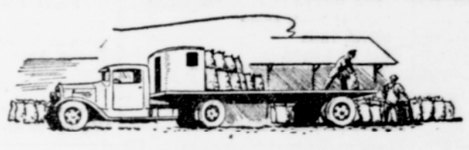
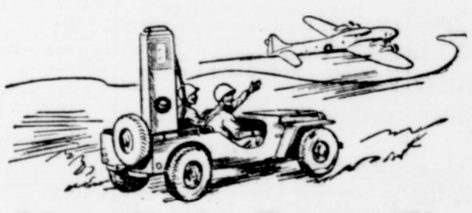
Heat Conservation...A War Necessity

The manpower shortage, the staggering burdens being carried by our transportation systems, the immense fuel consumption of our war industries, the increasing population in this territory—all have combined to make fuel conservation an essential part of the war effort. For this reason, saving heat in every way possible was a responsibility for the duration that every man, woman and child assumed cheerfully in 1942. Everywhere are evidences that a real fuel and heat saving job is being done, but in the event that extremely cold weather should create an excessive demand for gas, the War Production Board has directed us to ask all residential customers and many businesses and industries to curtail temporarily their use of gas until the emergency is over. You will be notified promptly by newspaper and radio if and when such necessity arises.



Briquet Production Greatest Ever

Because of the fuel shortage caused by the war, the demand for Gasco Briquets was greater last year than ever before in the company's history. Production in 1942 totaled 91,600 tons—58% more than in 1941. But this production figure doesn't tell the whole story. The greater part of these briquets went to meet local heating needs. This tremendously increased the amount of sacking and house-to-house delivering necessary. But by careful planning, scientific routing and hard work, our crews kept deliveries right on schedule. Because of the splendid job our entire briquet organization has done, more than 25,000 homes in this area have had their fuel problems economically solved. Gasco Briquets still are sold at the same low price in effect for the past four winters.



Gasco Motor Fuel...Gone to War, Too!

Portland Gas & Coke Company's benzol—*along with quantities of other important chemical by-products*—has also enlisted in Uncle Sam's services. You knew benzol, blended with gasoline, as *Gasco Motor Fuel.* Now benzol is used in 100-octane gasoline to give our air forces a more powerful aviation fuel than any being used by the Axis. Benzol is also employed in the manufacture of synthetic rubber and other essential war products. But when benzol's war job is done, you'll find it back in its former civilian role, ready to give you top performance in your post-war car (or plane)!

Your Cooperation Means Much

In addition to supplying gas service to our 96,548 customers, we have the urgent job of producing a wide range of chemical products which are going directly into war uses. For this reason, we are particularly grateful for the splendid spirit of cooperation with which you have accepted necessary war-time changes. We appreciate your business, and—as in peace time—we are making every effort to give you the best public service possible. But the need for conserving tires and equipment—the scarcity of materials—the loss of men to the armed forces—together with other factors—make it difficult for us to carry on our business entirely as in the past. Service calls, for example, have to be routed in advance to minimize mileage—this means we cannot answer them quite so promptly as in the past. We are asking you on occasion to read your own meter. We may even have to ask your assistance on other matters. *But whatever inconveniences we may have to ask you to share with us in 1943—whatever changes in production or policy may be necessary—these will come about only in aid of the common purpose of helping win the war as quickly as possible.*

GAS IS WAR MATERIAL Use it wisely!
