Laurel Women Plan to Help Hospital Men

LAUREL—Ladies' Club met January 13 with Mrs. Bernice Brown. Twelve members were present, including one new member, Mrs. Leslie Colledge. During the meeting Mrs. Christie Brown reported on her visit to Coffee club meeting at Hillsboro. She also read a letter concerning Washington county's project in furnishing a recreation room for convalescing patients at the Barnes hospital at Vancouver Barracks. The club decided that each member would give 25 cents toward this fund. Mrs. E. A. Grifflin appointed Mrs. Christie Brown chairman of the Camp Service Council for this community. Mrs. Clara Shaw reported that there is a total of \$9 worth of savings stamps which are bought with money collected from the penny march each meeting. When enough has been collected the club plans to buy a war bond. The crocheted afghan was displayed and means of disposal discussed. It was decided that money to be received would be invested in a war savings bond. The next meeting will be held with Mrs. Christie Brown on January 27.

St. Mary's Academy Makes Marine Kits

ST. MARY'S ACADEMY, Beaverton—Notwithstanding the fact that students are preparing for semester examinations, they are making progress on the various activities connected with membership in the Junior Red Cross. A successful completion of a large number of marine kits has led into the fashioning of blocks for a brightly-colored afghan. In the meantime, the girls are also promoting the sale of war stamps and bonds, record of which is being kept for "Schools-at-War" scrap book. The new books recently purchased for the library have excited much interest among students in general as well as special classes. A three-day retreat for the high school will open Sunday evening. The Reverend John McHugh, S. J. of Alaska, will conduct the exercises. The literature committee of the Socially is making special plans for a reading program and a retreat bulletin.

ERIC MARGGI, Prop. 207 E. Main St. Hillsboro, Oregon

THE OLD JUDGE SAYS . . .

"Judge, I didn't realize till the other night when I ran across an article in the paper what a whale of a lot of industrial alcohol the government needs for the war. "I should say it does, Chet. I understand the beverage distillers around the country are producing about 240,000,000 gallons of industrial alcohol this year for ammunition, trees, and other things. I'd say it's mighty fortunate these distilleries are available to do the job. Otherwise, if we still had prohibition, the government would have had to spend millions of dollars and use up a lot of critical materials to build plants...to say nothing of all the time it would take. It might have been just another case of 'too little, too late!'"
