

Highlights on Distribution of War Book No. 2, Point Rationing Given

Further details on distribution of war book No. 2, and the "point system" of rationing it will govern, have been announced by OPA officials.

Highlights are:

1. The book, coupons of which first will be used in purchasing most processed canned and bottled foods and juices, will be distributed during February at school sites.

2. Retail sale of all foods to be rationed under this program will be halted for a period of one week, during which books will be distributed.

3. Actual rationing will begin immediately upon completion of the week's "freeze."

4. Every person, including infants, will be eligible and the baby's book can be used to purchase the same amount as an adult's.

5. Consumers will have to declare their supply of rationed foods as of the "freezing date" and coupons will be removed from the book for all excess supplies on hand.

6. The exact amount of rationed food to be considered "normal" will be announced later.

7. War book No. 2 will be used for rationing meats soon after its distribution. Likewise, it will be used for other commodities when shortages become acute.

To get book No. 2, Mrs. Housewife must first fill out a consumer's declaration form, on which she will record the total number of cans of rationed food she has on hand on the "freezing date." She will not be required to specify the various kinds of foods on hand—merely the total number of cans.

She will use only one blank, listing the names of all members of her family. After signing this form, she will present it to the registrar at her neighborhood schoolhouse, together with the war ration book No. 1 issued to all members of her family.

Declaration forms will be available in advance at war price and rationing boards and at most grocery stores. Consumers will be urged to complete these declaration forms at home to save time at registration sites.

Coffee also must be declared and stamps for all coffee over the allowed amount will be removed from war book No. 1 which will continue to serve as coffee-sugar book.

If any stamps are missing from books held in the name of children under 15, the same number of missing stamps will be taken from books held by adult members of the family.

Housewives should remember that all home-preserved foods including vegetables and fruits are exempt from rationing. They may retain on hand any amount, and they need not report them in their declarations.

Processed food to be rationed and declared include commercially packed canned fruits, vegetables, fruit and vegetable juices, canned soup, chili sauce and catsup.

Those not scheduled for rationing, and which will not have to be declared include: jellies, jams, preserves, canned meat, fish, olives, relish, pickles, spaghetti, macaroni, noodles and frozen or dried food.

The "point system" can best be explained, say experts, by taking

an arbitrary figure of say, 48 points, for each person, per month. This would mean that, if beans were given a 1-point value, each person would be able to buy 48 cans of beans each month. If, however, asparagus were given an 8-point value, each person would be able to purchase only 6 cans per month.

The stamps will have values of 1, 2, 3 and 8 points.

Scarce commodities will have a high point value to retard purchase of that particular item, whereas commodities available in abundance will have low point values, to encourage their purchase.

Should any commodity with a low point value suddenly become scarce its point-value will be increased.

These changes in point values, the government figures, will occur not more than once a month when purchasing-trends will be checked on a national basis.

City Crews Clear Away Heavy Snows

(Continued from page 1)

Efficient snow equipment proved a handicap. Some crews kept steadily on the job for 24 hours or more.

Uneasy Over Furrow

Some uneasiness was felt Tuesday morning over the safety of Louis Furrow, rural mail carrier on route 3 out of Hillsboro, and his son David, when word was not heard from him since Monday afternoon when he was delivering mail on the mountain roads north of North Plains. Lack of visibility and icy roads forced the two to stay over night at the Skyline ranch and because telephone lines were down they were unable to get word out. They also encountered difficulty attempting to return Tuesday and finally had to go around by the Cornelius Pass, getting to the post office here around 1 p. m. Tuesday.

Snow has slowed up incoming mail and deliveries in the city and on the rural routes the carriers have been unable to make their complete routes, according to William Goetter, assistant postmaster. Route 4 has been completed most of the time, but the others have been unable to because of conditions on mountain roads. Goetter explained that the carriers are doing the mail out and hope to be on their regular trips soon. Carriers here in town have only been able to make one delivery a day in the residential section and two in the business district. However, Goetter explained, this curtailed city service will be continued for the duration due to shortage of help.

Urge Sidewalk Cleaning

City residents are urged by City Manager J. W. Barney to shovel the snow from their sidewalks as rapidly as possible. Ordinances require such action by residents.

City crews have been working steadily to clean streets of the heavy snows.

Bill Everett, in charge of service here for the West Coast Telephone company, said Wednesday that the snow caused little difficulty as far as local telephone lines were concerned. Toll lines in the vicinity of Gales Creek suffered the greatest damage.

Motor buses went through without great difficulty although some cases road conditions made them late. Shippers worked with skeleton crews for four days during the height of the storm, but started up in all departments Tuesday morning.

Portland General Electric company did not have a great deal of line trouble, although limbs falling on lines in the Banks and Gales Creek districts have caused some difficulties, according to Division Manager R. Easter.

Youth of the community enjoyed coasting and all the other pleasures that go with snow. Snowball fights were common and a woman is reported to have had her glasses broken when hit by a misdirected snowball.

Long Time Resident Of Forest Grove Dies

FOREST GROVE—Frank Giltner, a resident here since 1902, died January 21. Funeral services were held at the Forest Grove Undertaking company chapel Sunday with Rev. Sig. officiating. Burial was in Forest View cemetery.

Mr. Giltner was born in Missouri June 19, 1866. He is survived by a daughter, Mrs. Zoa Watkins, Forest Grove; two sons, Clyde of Forest Grove and Clayton of San Francisco; two sisters, Mrs. Zoa Curtis and Mrs. Daisy Phillips, Forest Grove; four half-brothers, Harry and Ray Giltner, Forest Grove; Donald Giltner, Gustine, Cal., and Glen Giltner, San Francisco.

Transfusion

NEW GUINEA—Behind the fighting line in the Buna sector of New Guinea, a transfusion of Red Cross blood plasma is being given to a wounded fighter by Lt. Robert J. Gilardi, of Pittsburgh, and Captain Arnold Neustadter (right), of Flushing, N. Y., in a portable emergency hospital. The container of sterile water and plasma in solution hangs from the tent roof. Many men badly wounded in battle have been saved through this method of transfusion practically on the spot. The army and navy have requested the Red Cross to secure four million pints of blood in 1943.

Cornelius Young People Sponsor Benefit Dance

CORNELIUS—The young people will have a "March of Dimes Dance" Saturday evening at the school gym. The patriotic theme will be carried out. Everyone attending is asked to bring a dime to raise funds to fight infantile paralysis. The dance begins at 8 o'clock.

Delmer Matteson, of Bremerton, Wash., was a recent week-end visitor at the home of his sister, Mrs. C. H. Van Deren, in Portland. His parents, Mr. and Mrs. M. Matteson, also spent the week-end at the home of their daughter and visited with Delmer.

Miss Myra Montgomery of Independence spent Monday with her mother, Mrs. D. J. Harrett and Mrs. D. Crance. Miss Montgomery is treasurer of the Federated club of Oregon.

Mrs. James Hayden, who has been the past two weeks at the Hubbard Sunshine mixer and springs, returned home last Monday feeling much better.

Mrs. Johnnie Schneider, who was injured at the shipyards and was brought home from the Emanuel hospital last week, is able to walk around a little on her crutches.

Mrs. J. Z. Haynes, former resident and whose husband is in the medical corps at Camp Barkley, Tex., left Sunday for Eugene, where she will be employed at the Eugene hospital as nurse. Her sister, Mrs. Comet Gibson, is also employed in Eugene as an anaesthetist in a dental office. They are both daughters of Mr. and Mrs. Walter Collinge. Mrs. Gibson's husband is a captain in the Quartermasters Corps, in the army over seas.

Mrs. Lily of Sherwood arrived Monday morning at the home of his daughter, Mrs. Tom Pritchard, and he will stay there and go to work at the shipyards while the roads are in such a slippery condition.

Mrs. Carl Bertsch was taken January 20 to Smith hospital in Hillsboro, where she underwent an appendectomy on Thursday morning. She is getting along nicely and expects to come home next Sunday. Arland Bertsch has recovered from an attack of measles.

Floyd Allen was unable to go to his work in the shipyards five days last week, due to a severe cold.

Mr. and Mrs. Horace Davis were among guests at the Frank Johnson home Sunday. Horace was home from Camp Adair and Mrs. Davis lives in Hillsboro.

Mrs. Willis Shearer is much improved and expects to come home soon. The baby, however, will remain at the Forest Grove general hospital in an incubator for some time yet.

Party Held

The young people held a party last Thursday night at the scout shack. They played games and danced and refreshments were served. Mr. and Mrs. Ray Trites were chaperones.

Wade Allen of Pendleton arrived January 19 for a short visit with his parents, Mr. and Mrs. Floyd Allen. Due to changed orders, he will remain at Pendleton instead of being transferred to Burns, as stated last week. He left Wednesday evening.

Water Collection Hour Change Noted

CORNELIUS—Mrs. Hallie M. Cartwright wishes to announce once more that the hours for the city water collections for the first three days of the month have been changed from 9 to 12 and 1 to 5, 10 to 12 and 1 to 5.

Mr. and Mrs. Lyle Geiger and sons of Timber were week-end guests of Mr. and Mrs. W. Jansen. Lester Mosberry was ill over the week-end with the flu.

Mrs. O. L. Barlow and Mrs. Reynold Geiger have been teaching their schools at Gales Creek during the past snow.

Selfridge Transferred

Lynna Selfridge came home Saturday from Prineville, where he was transferred from Madras. Mrs. Selfridge accompanied him to Prineville Sunday morning for a week's visit.

Andy Cleveland, who is employed in a mill at Willamina, injured his leg and arrived here Monday to stay at the John Rock home for a week's visit.

Weather 20 Below Zero

Mrs. J. F. Hoyt received a letter from her son-in-law and daughter, Mr. and Mrs. J. R. Hoyt, stating that they had arrived safely in Trenton, Mo., and found very cold weather, 20 below zero.

Mrs. Belle Lilly fell at her home Saturday morning, bruising her face and chest.

Weather 20 Below Zero

Mrs. J. F. Hoyt received a letter from her son-in-law and daughter, Mr. and Mrs. J. R. Hoyt, stating that they had arrived safely in Trenton, Mo., and found very cold weather, 20 below zero.

Mrs. Belle Lilly fell at her home Saturday morning, bruising her face and chest.

Cornelius Schools Re-Open Monday: Firemen Purchase '41 Fire Truck

CORNELIUS—The local school opened Tuesday morning after being closed since last Thursday because of the heavy snowfall for grades from the fourth up. Grades 1, 2 and 3 will start Monday.

Buy Fire Truck

The local firemen have purchased a 1941 Ford six fire truck, which will be put into use as soon as they can get it ready.

Visits Parents

Marvin Hermens, in pre-flight training in the navy, stationed at Pasco, Wash., spent Monday and Tuesday with his parents, Mr. and Mrs. Hermens. He is in the best of health and says they are having a lot of winter up there, very cold and lots of snow.

No Church Services

There were no Sunday school or church services of any kind at the Methodist church last Sunday because of the weather conditions, and Mrs. C. H. Schreiber has been ill with the flu at Banks.

Mrs. Findley Garrison, who returned home from the Forest Grove general hospital after a major operation and was getting along nicely, became very ill again with the measles. She is a little improved at this writing and is at the Levi Garrison home.

Mrs. Ray Campbell and daughter Kathleen left January 19 for her home at Fort Lewis after spending a week with her parents, Mr. and Mrs. R. P. Shaw. She received word from her son Vernon stating that he has been transferred from Camp Kohler, Cal., to Camp Crowder, Mo., where he is going to radio school. He has been advanced to corporal technician.

Mrs. LeRoy Smith is working at

ports snow and cold weather there.

Lyle Thompson, who is in the navy at Tacoma, Wash., spent Sunday with his mother, Mrs. Walter
