James Downing, County Pioneer, Buried Sunday

BEAVERTON—James Blair Downing, 73, died May 5. He was born in Colchester County, Nova Scotia, and came with his parents to Portland at the age of five. They came by train to San Francisco and thence by boat to Portland as there were then no railroads into the Oregon country. A year later the family moved to the site of the present Downing Bros. farm one and a half miles south of Beaverton, where he lived ever since. He spent his youth and early manhood hoeing out of the wilderness the farm which he continued to help operate until his death, and witnessed the change of the surrounding country from a few scattered homes in the wilderness to the community of fine farms which it is today. He was a lover of and a friend to children, and liked nothing better than to load up his car with them and head for a swimming pool. He left in his will a substantial bequest to the Shriner's hospital for crippled children. He was a member of Beaver Lodge No. 100 A. F. & A. M. and served as Worshipful Master in 1930. He was also a member of the Blue Lodge, Royal Arch Masons, Hillsboro chapter No. 31, Oregon Commandery No. 1, Knights Templar, also of Gul Razez Grotto, Mystical Shrine and Order of Eastern Star, Charity Lodge I. O. O. F. Tigardville, Rebekah Lodge No. 220 and the Beaverton Grange.

Funeral services were held Sunday at 1 p. m. at the Masonic hall in Beaverton from the Pegg Mortuary.

Power From On High. A thousand lewd women were kept to serve the heathen religion in the temple on the heights above ancient Corinth. All about the city sin was for sale in whatever form one might ask it. From the top families to the runaway slaves who hid about, the city was a festering hole. Into this cesspool of iniquity, the Holy Spirit sent the Apostle Paul to spread the Gospel, to open their eyes to a better way and to turn them from the power of Satan unto God.

God told the Apostle that he had many people in Corinth. But they must hear the Gospel—the Word of Life—and by it the Spirit would call them out from their lost state. So it was that Paul gave the Message and the Spirit did the work. Many a one was called into belief. But being untrue to the better life, they were untaught. They broke into rival cliques, these new Christians. They followed human leaders. Some after Peter, others after Paul, others sought out the orator Apollus. Paul rebukes all this—"What know ye not that your body is the temple of the Holy Spirit which is in you, which ye have from God and ye are not your own? For ye are bought with a price, therefore glorify God in your body."

This is the meaning—Suppose a famous physician came to your house to heal one of your family and you made prisoner in a cubby hole up under the roof? Not much help for the family, we should say. Like that the Spirit of God—the Holy Spirit—had taken up in the human bodies of these new converts. He had made their bodies His temple. Let Him fill His temple to the utmost; let the Spirit fill them; do not shut Him up. Let them live by POWER FROM ON

High. They were indwelt by the Spirit but they must be INFILLED. How is it that Dr. Martin Niemoller is able to stand out against Hitler these years? For you see Niemoller shut up in the concentration camp with its vermin, rage, starvation and violence, all about. Niemoller is making it by POWER FROM ON HIGH. That is the answer for this man who spoke for God in spite of all.

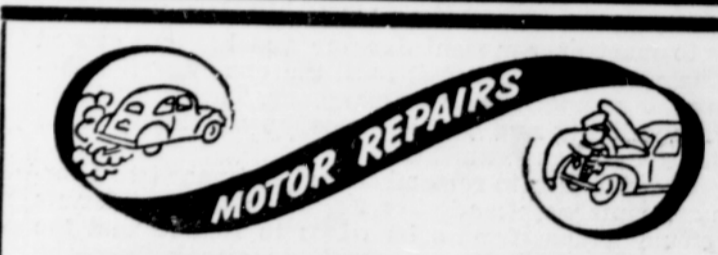

And you? Are you saved but fruitless and raving with the world? From the instant you received Christ as Saviour, the Holy Spirit has made your body His temple. He indwells you. But He waits to INFILL you. He asks every room. Are you restless and joyless or have you the sweet peace that passeth understanding? Die to self; be filled with the Spirit; make it through by POWER FROM ON HIGH.—George N. Taylor, Cloverdale, Oregon. This space paid for by an Oregon business man.

CONGRESSMAN JAMES W. MOTT, SENATOR CHAS. L. McNARY, SENATOR RUFUS C. HOLMAN, Senate Committee on Small Business, Room 13-B, Senate Office Bldg.; House Committee on Small Business, Room 114, House Office Bldg.

Dear Sir:

I have canvassed the independent dealers of our city, and we have all come to the conclusion that the recent order by OPA telling the public that chain stores and department stores are in a position to undersell the independent store is not only false, generally speaking, but it creates in the minds of the public a feeling that independent stores cannot compete.

Individually I have operated in Hillsboro a medium sized independent store for 34 years, 15 or 20 of which have been within a half a block of a successful chain store. I have been able to keep a good business, take my part in civic affairs, educate my children, put them through college, and have been reasonably successful.

There are hundreds of thousands of independent stores like mine over the United States, who employ millions of clerks, and we feel are an essential integral part of our economic system.

We are called on to buy bonds, solicit for Red Cross funds, take our part in civilian defense and carry the load of community activities, and we do not like to be discriminated against by our government officials whom we are supposed to stand behind.

Regardless of ceiling prices established by the OPA we independent merchants must meet competition.

Therefore, I believe it the sentiment of the independent merchants that the ceiling prices be the same as chain and department stores.

Very truly yours,
THE C. C. STORE
