

### Camp, Hospital Committee Plans Christmas Needs

Camp and Hospital Service Council of the Columbia basin area met in the Rose Room of the Masonic temple, Portland, Tuesday afternoon, for the purpose of making plans for Christmas. It was decided that the sick and wounded in the hospitals were to be taken care of first. The Victory Service League (the Chevrolet company) who made such a wonderful success with the athletic equipment drive in the spring have come forward with an offer to help out wherever they have an agent located, if the agent is willing to participate and help put over this Christmas fund drive. This will be done through the local chapters in the various counties as all this has to go through the county chairman, then the field directors of the various hospitals.

These boys can use a new dirty bag and housewives, as well as Christmas wrappings and ribbons for them to wrap their packages with the help of the Grey Ladies. New books, records, phonograph needles, scrapbooks made up of cartoons, cigarettes, candy.

If anyone has bulbs for spring flowers to be used in planting around the Barnes hospital, these will be greatly appreciated. "This is where the Garden club can help," said Mrs. E. A. Griffith, county chairman.

Standing committee from the party given at the chamber of commerce in February met Wednesday evening and made plans for a party which will be announced next week. It is hoped that all the organizations will help out on this party again, and if they have not been contacted, please get in touch with Mrs. E. A. Griffith or Mrs. E. K. McCoy. Money to be raised is for the sole purpose of helping out on the Christmas program for the boys in the hospitals and boys in isolated stations, who are unable to come out for Christmas.

Do not try to reach these field directors direct, as everything must be cleared through the local council, and the field directors will be contacted so that there will be a

proper distribution made and no duplications. Watch the paper and also the other advertising which may come out and offer your assistance in making this a record showing for the Washington County Camp and Hospital Service Council and let us show the boys we are willing to do our part. For any information, telephone Mrs. Griffith, 3431.

### Notices to Inform On Rationing Hours

CORNELIUS—The people of Cornelius are urged to watch for notices in the post office and confectionery as to the rationing hours for book No. 4. It would be greatly appreciated if people would stay within these hours.

### Drive for War Chest Starts At Cornelius

CORNELIUS—The Oregon war chest drive committee met last Friday night at the home of Mrs. Frank Doehner, chairman of the drive for Cornelius and vicinity, and organized their workers and districts. Mrs. R. E. Tanner and Mrs. W. Winters will work the southwest section; Mrs. Alice Olson and Mrs. Mary Charney the northwest section; Mrs. Evelyn Turk and Mrs. Mary Ruth, Hazel Simantel and Mrs. Juanita Dore the southeast section; Mrs. Percy Hillis and Mrs. Francis Trites, the highway east; Mrs. A. Jackson and Mrs. William VanLom the northeast section and Mrs. Frank Doehner the business houses. The drive will continue through November. It is hoped each family will be able to subscribe not less than \$5 so as to meet our quota. It will require a larger amount from each than we have received in former campaigns. Business houses according to County Chairman O. R. Gates, should make their contributions from \$25 to \$100 according to the volume of business. Of course any amount given will be accepted, but unless the public is very liberal it will make the raising of the quota difficult. Cornelius has not failed in any of its drives, so let's all pitch in together and put it over the top.

Plan to Build. Mr. and Mrs. P. H. Peterson have purchased four acres of land from Meron Tibbitts and Roy Cook. This land is between the H. H. From where I sit... by Joe Marsh

Ned Buxton was home on furlough last week. And you ought to see the fuss the town made over him. Seems like almost everybody wanted to give a party, or a testimonial dinner, or stage something special in the way of celebration.

Of course, Ned acted grateful. But he told me later, all he really wanted was to sit down with a few old friends, enjoy a glass of beer or two, and talk about old times again.

I guess that's how many soldiers feel. They don't want a lot

of fuss made over them, with formal celebrating and such. What they really like are the simple pleasures—one of Mom's home-cooked meals, visiting with friends over a glass of beer—enjoying things that mean home and comfort and security.

From where I sit, our biggest job, apart from helping win the war, is making sure those things are waiting for our men when they come back home for good.

# LUMBER MARCHES FORWARD

## —Just As Tomorrow's Citizens

### —TREES FOR TOMORROW!

THEY ARE GROWING UP TOGETHER... tomorrow's citizens and eight million acres of junior forests on the West Coast. Trees are a resource that can be renewed, and lumbermen are growing trees!

Yes—the forest industries ARE making real progress in a program of protecting junior forests from fire and renewing the old forests. Logging is planned by foresters to leave at least 32 acres of seed trees on every section of harvested timberland. And the forest industries—logging, sawmill, pulp, plywood and shingle companies—operate the West Coast Tree Farms' Forest Nursery near Olympia, Washington, with production of five million seedlings a year.

Despite giant war demand for West Coast Lumber and timber products, private enterprise is acting NOW to provide trees for tomorrow's citizens.

Visit the Forest Nursery at Nisqually—8 miles north of Olympia on the Pacific Highway. SEE how lumbermen grow trees for planting on burned areas.
