**Fourth of July Campers Warned To Guard Against Forest Fires**

"Don't be a treasonist this Fourth of July." That is the word sent out by James Lewis, chairman Washington county "Keep Oregon Green" committee, as a warning to campers and others who will spend this Fourth of July holiday in the woods of this state. "Forest fire danger will be great from now on during the balance of the summer," he pointed out. "We are short of moisture now in woods. With a combination of dry east winds and low humidity, the entire western Oregon section could become a fiery holocaust. Eastern Oregon range and forest areas are just as bad off."

Lewis pointed out that every invasion beachhead in the Pacific and European theaters of war require billions of feet of lumber for every purpose and cautioned that fire started here in Oregon

from a man's carelessness will be just like shooting our soldiers in the back.

It takes 300 feet of lumber to land a soldier or marine on a beachhead and 50 feet each month to keep him there. This lumber goes to repair docks, to build troop shelters, and to box and crate everything from food and medicine to planes and guns which lands with the troops. Oregon supplies nearly one-fourth of all the nation's lumber—that is why we must help to keep fire from our forests, the chairman emphasized.

Two musts for every citizen, the local Keep Green representative insisted, are: Don't start fires yourself, and if you see a fire you can't put out, call the nearest fire warden at once. Let's all help Keep Oregon Green this Fourth of July, the KOG leader urged.

**Stiles Injured In Truck Accident**

BEAVERTON—J. H. Stiles suffered a cut and bruised hand when his milk delivery truck was struck broadside by a freight engine while crossing the old Oregon Electric tracks on Cedar street. One hundred and fifty gallons of milk was spilled. The accident was caused presumably by the failure of the red light signal to operate.

Mrs. Henry Nelson has returned home after visiting her sister in Hollywood, Cal.

**No State Fair Set This Fall**

Oregon will not have a state fair in 1944, according to announcement made in Salem late last week by Director E. L. Peterson of the state department of agriculture, following the regular semi-annual meeting of the state board of agriculture and the director considered carefully all the angles on the fair before deciding it would be unwise to hold a fair under present conditions.

The board members and director were reluctant to decide against the holding of a state fair again this year, but feel that such action best serves the interest of the war effort, agriculture and the public at this time. They renewed their pledge of a year ago to present an outstanding state fair when the task to which all efforts are now directed, the winning of the war, is completed.
