FALSE TEETH That Loosen Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of the happening to you. Just sprinkle a little of the FASTEETH on the alkaline (iron-acid) powder on your plate. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

Card of Thanks
We wish to extend our heartfelt thanks to the many friends for their kind expressions of sympathy in our bereavement. The death of our beloved son, Sgt. Martin J. Ryan, and especially do we thank the friend who wrote the "Tribute to a Brave Lad," which was published in last week's Argus—Mr. and Mrs. John M. Ryan.

There's a great day coming and, right after the Victory Parade down Main Street, those fellows will start picking up the threads of life where they were interrupted. They'll want what they had before, but better. Check! They can have it. Item No. 1 will be a new home, and we are in a fine position to give it to them. Every Victory Bond we buy today is a step toward it.
