Restaurants Must Post Food Prices

Ceiling prices of 40 basic food items will be posted in a prominent place in local restaurants beginning August 16 in compliance with the restaurant ceiling price regulation which became effective Monday, according to Harold Meyer, chairman of the war price and rationing board. The items will be selected by the OPA and the district restaurant advisory council and posters will be provided for displaying the prices.

Three copies of the prices listed on the poster must be filed with the board by August 23. Establishments which do not serve all of the 40 selected items must post the prices of those they do sell and add other commonly sold items until the poster is filled, Meyer explained.

Arab Proud of U. S. Pajamas

NORTH PLAINS—T/Sgt. Sanford Will's chief regret seems to be that his present station in Corsica is so isolated from centers o population and points of interest that he cannot "go to town" when he has a pass, Sandy sometime ago requested that his mother should buy and send him the loudest pair of pajamas that could be found. This she did. Sandy now reports that the pajamas, which cost $1.95 new, were traded to an Arab for $2 cash and a wicked looking native knife.
