## MEMORIALS at Home

for those who fell in foreign lands

James Lange Memorial Service

Around the world, American boys are dying in the cause of freedom. Some will be lost at sea. Others will, of necessity, be buried in far distant lands.

The families of many of these boys will wish to erect a memorial on their own cemetery lot, so that even though their honored dead lie in foreign fields, their valor will ever remain fresh to posterity.

Our booklet, showing suggested designs for memorials for each of the six major branches of the Service, will assist you in selecting a fitting memorial for those who have made the supreme sacrifice.
