cial campaign of all in the shortest possible time to implement the victory drive against Japan.

War Goes On

"We still have 12,000,000 men and women under arms and the Battle of Japan is just starting," declared J. L. Searcy, seventh war loan drive chairman, Monday. "Victory in Europe is only half of the job. We can' quit now. That's what our enemies are hoping. Winning the battle against Japan will take a lot of money and it's up to us to back to the limit the men out in the Pacific, where the guns are still firing. We've got to go 'over the top' on our $2,062,000 quota to speed the day of complete and final victory over the axis."

Official announcement of V-E day Tuesday came as an anti-climax, confirming facts that everyone knew already. Short thanksgiving programs were held at the union high school and grade schools and then classes were resumed. Flags remained in front of business houses. V-E day had come and Hillsboro people settled down to the duties necessary to concentrating the war against Japan.

Program at Hilhi was put on by students and feaured talks by Duane Chapman who has enlisted in the marine corps, Bob Morrison who is entering the army, Rog Harman, navy enlistee, and Hugh Stapleton, navy veteran. Other features included patriotic songs and band music and the pledge of allegiance to the flag.

Washington county band, sponsored by the Hillsboro fire department, put on a special band concert Tuesday evening in front of Victory Center on Main street.

at Banks and Sherwood by H. L. MacKenzie, co-chairman of the county war finance committee, and Searcy. Tonight (Thursday) at 8 o'clock meetings are scheduled at Tigard and Beaverton high schools. Workers in the Hillsboro and Forest Grove areas will meet at 8 p. m. Friday at chamber of commerce rooms in the two cities.

"The Battle of Japan is just beginning," declared Searcy in announcing plans for the seventh war loan. "Funds invested during this drive are needed to sweep the Pacific free of Fascist hate, to provide the new equipment and munitions of war needed with the shift of war emphasis to the west.

"Be ready to dig down deep and invest every dollar possible when the Victory Volunteer calls. We must not fail. Victory comes high . . . but complete and total victory can't wait."

MEMORIALS at Home for those who fell in foreign lands

★ Around the world, American boys are dying in the cause of freedom. Some will be lost at sea. Others will, of necessity, be buried in far distant lands.
★ The families of many of these boys will wish to erect a memorial on their own cemetery lot, so that even though their honored dead lie in foreign fields, their valor will ever remain fresh to posterity.
★ Our booklet, showing suggested designs for memorials for each of the six major branches of the Service, will assist you in selecting a fitting memorial for those who have made the supreme sacrifice.
