Damages totaling $2025 are asked by Elmer Batalgia in a suit filed Friday in circuit court against Alfred Bretthauer and James Midwol. The action arose from a traffic accident February 14, 1944, near Gaston.

Theft of a rifle and $20 in war savings stamps from his home on Pumpkin Ridge was reported by Oliver Davis Friday. months-old grandson, Steve Marshall McKercher, in Portland.

Washington county fell far below its 200-pint goal Friday, only 144 pints being donated. Cancellations as a result of colds accounted for part of the shortage, according to Mrs. F. Abendroth, donor service committee chairman, but the principal cause was the failure of donors to keep their appointments.

"We cannot let up just because the war in Germany is over," Mrs. Abendroth declared. "The war in the Pacific is still going and will increase in intensity, bringing a call for more and more blood plasma. The Pacific coast is now entirely responsible for the supply of plasma, the six eastern centers supplying only whole blood. We cannot fall short on our quotas in the future and keep faith with our fighting men."

Donors who qualified for the gallon club by donating their eighth pint of blood Friday were Mrs. Eva Condit, Mrs. Ruth Russell and Louis Busch, Forest Grove; Mrs. Helen Amacher, Mrs. Faye Kellington, James B. Thomas, Mrs. Inez Potticary and Mrs. Emma Ferland, Hillsboro; Maurice Meeuwsen, Roy; Charles Vanderschuere, route 2, Cornelius; Mrs. Esther Selden, Mrs. Georgia Gervais and Mrs. Helma McKercher, Beaverton.

Distribution of donors was as follows: 15 first time, 13 second, 22 third, 12 fourth, 15 fifth, 16 sixth, 14 seventh, 13 eighth, seven ninth, six tenth, seven eleventh and one thirteenth.

MEMORIALS at Home for those who fell in foreign lands

Around the world, American boys are dying in the cause of freedom. Some will be lost at sea. Others will, of necessity, be buried in far distant lands.

The families of many of these boys will wish to erect a memorial on their own cemetery lot, so that even though their honored dead lie in foreign fields, their valor will ever remain fresh to posterity.

Our booklet, showing suggested designs for memorials for each of the six major branches of the Service, will assist you in selecting a fitting memorial for those who have made the supreme sacrifice.

A new spray that "KILLS" RUST

HERE'S the first easy, effective method of rustproofing farm machinery.

Just dilute Texaco Rustproof Compound with kerosine or white unleaded gasoline sufficiently for use in an ordinary insect spray gun and spray it on.

In tests by Agricultural Engineers, this new Texaco "rust killer"—diluted for use in a spray gun prevented rust from 4 to 6 months. Naturally the less the dilution—the longer the protection. Brushed on full strength, it prevents rust for over a year.

Texaco Rustproof Compound fights rust three ways: (1) It prevents rust; (2) it penetrates rust and stops further rusting; and (3) it loosens rust for easy removal. *(After removing rust apply a fresh coat of the compound.)*
