Legion Juniors Down Milwaukie

Hillsboro American Legion juniors won their final game of the season here Saturday afternoon by edging out Milwaukie 1 to 0 in a tight pitchers' duel. Only run of the game was scored when Hillsboro's Henning tripled in the fourth inning with one away and then came home on an attempted squeeze play when the Milwaukie chucker threw the ball in the dirt.

Tony Van Domelen of Hillsboro struck out 12, walked one and allowed four hits. Palmer of Milwaukie whiffed 12, walked two and allowed one hit.

The local team, playing under the sponsorship of the Mackenzie Motor Co., had an excellent season and has bright prospects for next year.

"Gremlin" Golf Tourney Slated At Forest Hills

"Gremlin" tournament with "golf matches the like of which have never been seen before and handicaps, previously only dreamed about" has been announced for this afternoon (Thursday) at the Forest Hills country club. Fees will be collected from both players and spectators and the entire proceeds will go to the benefit of the Red Cross.

Matches will get under way at 1 p. m. and continue until about 6 p. m. One feature of the tournament will be a "blind bogey" with players selecting their own handicaps. Pot-luck dinner will be served at 7:30 p. m. Coffee will be provided but those attending are asked to bring their own dishes.

Applications Due For Antelope Tags

Applications for antelope tags should be sent in by August 20 to the Oregon State game commission at 616 Oregon building, Portland 4, in order to be included in the drawing if one is necessary. Only 800 tags have been authorized, and a drawing will be held if the applications exceed that number on August 20.

The antelope season will be open from September 22 to 30, inclusive, in all counties having antelope. However, no hunting will be allowed this year in the same two areas closed last season, the Drakes Flat area and the Millican-Fort Rock-Wagontire area.

Applications for the 800 doe deer tags to be sold for the Fort Rock-Silver Lake area for a post-season shoot from December 1 to 5, inclusive, will be held until October 20, after which a drawing will be held if the number of applications exceeds 800.

Applicants are requested not to send money for special tags at this time. Successful applicants will be notified to remit after the drawings are held.

Building Needs for Local Schools Cited

(Continued from page 1)

last few years to working out plans for the grade school plant. The David Hill building, he said, is of balloon construction with no fire stops, which makes for considerable hazard. The fire marshal several years ago, it was pointed out, recommended against the use of the upstairs rooms, but that removal of the heating plant to a separate building permitted the use of upstairs rooms when enrollment increases made it necessary.

New Unit in Plans

Plans call for building a nine-class room unit on the Fourth avenue side of the David Hill grounds. The building will include offices and a health room, the best of lighting and panel heating in the floor, which is now considered the best from the standpoint of health. The back part of the old David Hill structure will be remodeled to provide for required physical education and auditorium. A cafeteria is to be built back of the Peter Boscow school to serve pupils of the Boscow and Barnes schools. This will permit making two classrooms out of the present cafeteria facility at Boscow. The program also calls for construction of a combined physical education plant and auditorium, thus allowing for the cutting into classrooms of the present Barnes school auditorium. A casual inspection, it was pointed out, will quickly show the inadequacy and unhealthy condition of the old wooden structure now used for physical education.

This program can be handled with funds provided through the proposed $165,000 bond issue, plus the sinking funds previously voted. Annand said. It is hoped to have the work completed at all the buildings in time for the 1946 fall term.

The state fire marshal's office has recommended replacement of the David Hill building as soon as possible, asserted Superintendent Poynter, who said that government authorities forced removal of the WPA nursery school from the second floor at David Hill.

Enrollment Gain Big

Enrollment in the local grades has increased 35 per cent in the last four years, according to Poynter, who said that even with the new nine-room unit at David Hill exact requirements only will be met. If further classroom expansion there is necessary the second floor rooms at David Hill will again have to be used.

Among inadequacies cited at David Hill were no lighting, bad toilet situation, lack of physical educaton facilities (now made mandatory by legislative action) except in the basement with its low ceiling and many posts, no health room and no library room.

Pfc. Robert Peters, home on furlough from the army, was a guest. Earl Bailey was program chairman.
