

Miss Chartrey and Mr. Broderick Wed At Church Rites

CORNELIUS — Miss Virginia Chartrey and Mr. James Broderick were united in marriage by Rev. John Larkin at St. Alexander's church in Cornelius Saturday afternoon, October 27, at 4 o'clock.

The bride, who was given in marriage by her father, Mr. O. C. Chartrey, was lovely in white satin and lace with an orchid bouquet.

The maid of honor was Miss Grace Shoup of Gales Creek, who wore pink and carried pink roses. The bridesmaid, Miss Grace Hines of Hillsboro, wore aqua and carried yellow roses.

The bride is a graduate of Hillsboro union high school of the class of 1942, and has been employed in the Commercial National bank for the past one and one-half years.

The bridegroom served in the U. S. Navy, but has been out of the service for a year, celebrating the first anniversary of his release on his wedding day, October 27. He has been employed at Astoria.

The young couple will make their home in Hillsboro.

SAFeway HAS YOUR FAVORITE BRAND OF COFFEE My family are great coffee drinkers and they insist on the best. Coffee's best when it's fresh—and it's always fresh at Safeway. Make Safeway your headquarters for your favorite Coffee—always fresh—always at the right price!

How to master the art of coffee making Making a cup of good coffee is really an art, but a simple art in which anyone can become adept. There are about five rules that have become second nature to me in brewing coffee at home. Perhaps it's their very simplicity that spells success . . . what would you say? 1. First and foremost, I select the proper grind for the type of coffee maker I expect to use in brewing the coffee. This, of course, eliminates my having to have vacuum-packed coffee re-ground. It has been my experience that having already-ground coffee put through the grinder a second time too often results in loss of flavor and aroma of the coffee. And the brew made from twice-ground coffee is usually cloudy and bitter. (Note: Many of you, I know, prefer whole-bean coffee which is ground right at the grocers at the time of purchase. A delicious brew can be obtained by this method if you remember that just one grinding is sufficient.) 2. I MEASURE both coffee and freshly boiling water accurately. I know it is important to use the same exact proportions every time coffee is made to be sure it will always taste the same. A good rule of thumb for coffee that is rich in flavor as well as strength, is one heaping tablespoon (or two level tablespoons) of coffee to each 6-oz. cup, or 3/4 standard measuring cup, of freshly boiling water. 3. I TIME my coffee-making carefully. The coffee should be in contact with the water for a definite length of time, depending on the type and capacity of your coffee-maker, as well as the strength of beverage desired. 4. I make it a point to SERVE coffee SOON after it is made. Cool coffee cannot be reheated without injuring its flavor. 5. I CLEAN the coffee-maker daily, and at least twice a month give it a baking soda bath to keep it "sweet."
