

BPW Club Celebrates 18th Anniversary

The Women of 1946 was the theme of Mrs. Kathleen Miller, first vice-president of the state federal Women's Business and Professional Clubs, speaker at the BPW meeting Friday night. Mrs. Miller pointed out some of the "firsts" achieved by women of the 1940s, and up to the present time.

Mrs. Lynn was first as a teacher. Her writings influenced recognition in the field of aviation. She believed that girls should have as much fun as boys. "Women can do anything that men can, if they have the right training," was one of Mrs. Miller's firm beliefs. Mrs. Miller was the first registered woman clerk in the government service. Mrs. Miller encouraged young people and Dolly Madison was noted for being a delightful hostess in the white house. Her charm was like a shining crown. The wise woman of 1946 carries on it as it is her work. We must teach our children tolerance if we are going to survive in this new unknown country.

"The woman of 1946" said Mrs. Miller, "should be alert, with a keen interest in what's going on in the world." She listed these qualities as the ones her ideal woman would possess. She would choose her clothes carefully, save, respect, collect, floor plans, work hard and play hard, she would be the kind sister and best girl, an impressive figure on the American field.

Mrs. Josephine David, special field representative for the Red Cross, who is here to assist Washington county in its annual campaign for funds, gave a short talk about the work of the Red Cross

where she served last year in New Guinea. She said her job overseas was made possible by what the people did here, but the job was as big as being during the four years of our war. One woman saw to it that our veterans' hospitals through the home service department, a million men are helped. Best of the job is to help someone through. It is our responsibility until every man is returned to civilian life. "It is your Red Cross," she said, "and you realize the great need for continuing the work."

In celebration of the 18th anniversary of the organization of the club, charter members were honored guests. Charter members present were Augusta Suter, Emma Mohr, Zola Morgan, Marie Hoffman, Agnes Brown, Minnie Coy, Marion Lattie Soule and Emma McKinney. Musical program included two solos by Sally Rattelle, Journal Editor, "When Irish Eyes Are Smiling" and "Doctor, Lawyer, Fred Sewell," accompanied by Mrs. Sewell, and singing of "The American Songbook" by Mrs. Maude Slannard, accompanied by Mrs. Sewell. A humorous reading, "Norsewoman Woman's First Telephone Call," was given by Mrs. Agnes Brown.

At the business meeting, which preceded the program, \$20 was voted to the Red Cross fund. Mrs. Margaret Sahnou, chairman of club nominating committee, made a report and election of officers will be held at the next meeting. It was reported that the April meeting will be held on the last Friday in the month of April, which is Good Friday. This president, Elva Bachelar, reported on the district conference to be held here Sunday, March 31, and asked all members

Mr. McCoy came to Oregon as a four-year-old child, crossing the plains in a covered wagon with his parents. Before the 60 years ago event, he carried the mail by saddle horse from Forest Grove to Gales Creek.

Mr. Brink regretted that the quota could not be raised by March 15 as planned, but said that he felt sure that it would be by the end of the month.

Mrs. David, who spent several years overseas, stressed the fact that everything possible was done by the workers to give the boys a touch of home life. No charge was made for food at Camp Sergeant during the fund drive, she said. Mrs. David also took interesting things about the work and answered questions from the chapter members.

No plans as yet have been found for the Red Cross headquarters and home service department, which are housed temporarily in the Portland General Electric office.

The fund drive, which was purchased by donations through efforts of the motor corps, with Mrs. R. R. Weil as chairman, has been sold and the proceeds put in a separate fund for easy, 1946-47. Mrs. David also took interesting things about the work and answered questions from the chapter members.
