OUR PLEDGE TO YOU - -

LAST WEEK we assured the people of Washington County that not a price ticket in the entire store will be raised and that we will HOLD THE LINE until increased prices are forced upon us by our manufacturers.

This week we were flooded with letters from our manufacturers to assure US that they too agree with this policy and that they will do all in their power to maintain the same ceiling prices that have been in force the past many months.

We quote from one of these many letters to help reassure our customers:

"Through the vetoing of the O. P. A. act, all American businessmen are vested with a solemn responsibility, a responsibility to America and to our future. We accept this challenge and we pledge ourselves to the following policy:

"That we will not increase our prices on present merchandise in stock or on merchandise that can be manufactured from materials on hand.

"That we will continue to maintain a full flow of goods, thus enabling the effective force of free competition to lower prices and raise quality.

"We therefore urge every retailer to do all in his power to protect the American economy of free enterprise and honest competition by maintaining the price line."

We of Dorothy's are proud to handle the merchandise of such manufacturers and pleased that our customers have continued to place their confidence in our sincere pledge.
