HEART FLUTTER means engine trouble. If your car's engine is "rough" or sluggish, we'll test it and tell you what's wrong.

INDIGESTION means carburetor or fuel pump trouble. For performance and gas mileage are "digestive" ailments. Our motor analysis shows how to cure them.

FAILING EYE SIGHT calls for headlight test. Strong headlights properly aimed and adjusted mean more safety for you and others.

LOW BLOOD PRESSURE (low oil pressure). This symptom calls for ACTION. If oil pressure is low at operating speeds, find out why immediately!
