County Students Win "Gold Keys" In Art Exhibit

Charlotte Billing, Hillsboro high school student, and Diana Arpke and Bennett Norrbo, students of Beaverton high, are among the Gold Key Achievement winners in the Oregon Regional Scholastic Art Exhibition, sponsored by Scholastic Magazines and co-sponsored by the Meier & Frank company of Portland, according to announcement by Alice Molenkamp, publicity chairman, Oregon Scholastic Art awards.

For many weeks, she reports, students all over the state, under the guidance of their art teachers, have been preparing entries for the exhibition, to be held in the Meier & Frank auditorium, tenth floor, February 15 through March 1.

Last week the jury, composed of experts in the fields of art expression, met to select the paintings, pen and ink drawings, pencil sketches, pieces of sculpture, costume designs and fashion illustrations, posters and crafts which will be shown to the public when the exhibition opens.

The winners, whose pieces of work will be sent to the Carnegie Institute in Pittsburgh for consideration in the national exhibition, will receive their Gold Keys and Certificates of Merit Saturday, February 22, in the Meier & Frank auditorium, Chairman Molenkamp announces.

Capital Parade

By Murray Wade

Growing Pains

If professional wishful guessers are only half right Oregon is nearing rainbow's end. Nothing but prosperity is ahead. The budget will balance itself. Old Easy street will be renamed Boom boulevard.

The February report of Oregon's postwar readjustment and development commission, filed with Governor Earl Snell this week, predicts a building boom for the state. "For the first time the industrial East is spreading its activities in Oregon in a substantial manner," the report declares. It lists 33,700 needed homes to cost $238,500,000 and farm improvements to cost over 37 million dollars, as contributing to the momentum of prosperity. Private projects continue to come to Oregon. All will not be located in the larger cities. Activities will be general over the state. Since V-day some 30 out-of-state firms have built plants here. Exclusive of cost of machinery and building sites the investments totaled $17,000,000, with individual investments ranging from $1,500,000 down to $100,000.

The commission has previously listed the expenditures of over half a billion dollars as being approved for public works in Oregon. Local expansion is also stressed in the report with emphasis on new airways development, railroad improvements and sea lane extension. Lumber and fishing industries have had more than their share of labor shortage, caused primarily by cessation of building during the war. Recently much progress has been made in providing homes for their workers but these industries are still shorthanded. Covered payrolls, the report indicates, will be around $851,000,000 in 1947. This would be only 14 per cent below the peak in 1945. If the estimate in the report were discounted 25 per cent the situation would not balance the labor market over the entire year. The seasonable labor problem would be as difficult as it has been for several years. Jobs at good wages should be available for all who want to work in 1947.

Jobs at good wages mean big profits for the state's liquor control monopoly. They will increase profits to the estimated $23,000,000 for the next biennium and substantiate the governor's budget as given to the legislature.

New Bills Introduced

These measures of wide interest were dropped into the legislative hopper the past week: Provide for the use of "scrip" in clubs licensed by state liquor commission and permit a "pool" of liquor in clubs . . . Legalize issuance of PUD revenue bonds, eliminate all provision for general obligation bonds, which are a lien on property . . . Give salary raises to state officers of $1200 to $4500 a year with governor's salary boosted to $12,500 . . . Permit election of PUDs to be held concurrently with general election . . . Compel each PUD to obtain a certificate of public convenience and necessity from the public utilities commissioner before the district could be organized . . . Tax business at rate of one half of one per cent of gross receipts, less cost of goods and services . . . Ban strikes or lockouts without a majority vote of group by secret written ballot.

Legislative Tempo

At the end of the first three weeks of the 1947 legislature calendars of the senate and the house showed that 618 bills, memorials and resolutions had been introduced, 259 in the senate and 359 in the house. Final action had been taken on 37 of the 220 bills in the senate and on 51 of the 326 bills in the house. There were 183 senate bills and 265 house bills which had been indefinitely postponed, in committees or on the desk.

At the same time during the 1945 session 635 measures had been introduced and final action taken on 163.

Meeting Scheduled

Hillsboro Softball association will meet Monday at the local chamber of commerce rooms at 8 p. m., according to President Vic Fricke.

Scout Week Well Observed Sunday

Boy Scout week was well observed in Hillsboro last Sunday.

Scouts of Troop 285, sponsored by the Knights of Columbus, were entertained at a father-son breakfast at 9:30 at St. Matthew school. Several cubs of Cub Pack 511 also attended with fathers. The breakfast was served by mothers of the boys. Henry Nelson, chairman of the Hillsboro District of Portland Area Council of the Boy Scouts of America, was present. The breakfast meeting was also the occasion for the boys to re-register.

Explorer Post 658, sponsored by the Lions club, attended services at the Episcopal church at 11 a. m. The minister, Rev. Steen Whiteside, built his sermon around the theme of exploration.

Scout Troop 216, sponsored by the Rotary club, attended the Congregational church services at 11 a. m. The scouts were recognized in the sermon of Rev. D. E. Nourse.

On Wednesday a luncheon was given by the Lions club for Scout Troop No. 261 and Explorer Post 658, both sponsored by the club, at the American Legion Hall.

Approximately 12 tons of paper were collected by Scouts in the paper drive last Saturday, it is reported, although final returns on the drive have not been received.

In this issue of the Argus, the Commercial National bank contributes space to list the Cub Packs, Scout Troops, and Explorer Post of all scouts in this area, as well as sponsors, meeting places and time, unit leaders, and district committeemen. District Chairman Nelson has suggested that readers clip the list and retain for reference.

Local 4-H Girl Gets Scholarship

Margaret Freudenthal of Hillsboro is one of 33 4-H club members who, judged to have developed the best livestock breeding program in that many Oregon counties, have been awarded club summer school scholarships at Oregon State college by Safeway Stores, L. J. Allen, acting state club leader, has announced.

County committees made the recommendations based on project work, management, record books, clubsmanship and an interview. Each scholarship is for all expenses for the 10-day session, June 17 to 27, but in case the winner already has a scholarship the money may be used on his project.

Sunshine Club Sets Meet for Wednesday

Helvetia Sunshine club will meet at the K. P. hall at North Plains Wednesday, February 19. Mrs. D. E. Dapp, Mrs. J. M. Davidson and Mrs. James Davidson will be hostesses.

Mrs. Fred Gordon visited the last of the week with her son-in-law and daughter, Mr. and Mrs. W. M. Conklin, at McMinnville.

Mr. and Mrs. Earl Schlegel of Salem were guests the first of the week of Mr. and Mrs. Ed Schlegel of this city.

"Safety" Theme Of PTA Meeting

"All believe in Safety but many do not practice it," according to Ben Heinz of the Safety Division of the Portland police department. Mr. Heinz spoke at the meeting of the County Council of P.-T. A. at Aloha-Huber. He continued, "Safety must be taught in the home and in the school by example and practice. It is as important to learn to stay alive as to live and we must know the techinques. Most fatal and serious accidents happen in the home and next is on the highway. Safety and driving classes in the schools teach these subjects systematically and all parents should encourage schools in having them."

The county group is happy that more and more of the local associations are having programs of a parent education nature. Mrs. C. R. Peterson, character education; Mrs. Lee Hoskins, parent education, and Mrs. Maurice Romig, program service, stressed phases of Social Hygiene. Mrs. E. H. Robbins, juvenile protection, reported on the special problems of the nine to twelve-year-olds as the third phase of her subject.

Mrs. Veldon Boge had charge of a Founders' Day program celebrating the 50th anniversary of National P.-T. A. Mrs. Maurice Romig, Mrs. C. L. Drew and Mrs. R. C. Cavens of Beaverton and five students from Aloha-Huber took part in a dramatized candle-lighting ceremony. This followed three numbers by the student orchestra.

Mrs. Carl Ott announced there are 2,085 members in Washington county. The nominating committee elected consists of Mrs. Veldon Boge, Beaverton; Mrs. E. H. Robbins, Tualatin, and Mrs. W. Staats, McKay. They will report in April, when the meeting will be held in Beaverton.

W. R. C. Presents Patriotic Program

A patriotic program was given Friday at the Woman's Relief corps meeting at the Legion hall. Miss May Cook, patriotic instructor, assisted by Mrs. Charlotte Bucher and Miss Margaret Cook, gave readings about the lives of Presidents Washington and Lincoln, whose birthdays occur in this month.

The W. R. C. has been helping the Red Cross, according to reports given at the meeting. Members met at the home of Mrs. E. M. Bowman and tied four quilts for the Red Cross and donated other articles for relief.

Home from Trip

Mr. and Mrs. H. L. MacKenzie returned Saturday from an auto trip to California. They spent about three weeks at Palm Springs, visited Mrs. MacKenzie's sister, Mrs. Bessie Byrnes, in Los Angeles, and returning they also visited in San Francisco. En route down they stopped at Klamath Falls to see Mr. and Mrs. Dale Throckmorton (Dorothy Barr). Perfect weather was encountered on their trip with the exception of snow from Eugene to Klamath Falls.

Move to Hillsboro—

Mr. and Mrs. Robert Smith, formerly of Cornelius, are temporarily making their home with his brother-in-law and sister, Mr. and Mrs. J. F. Peerenboom, at 735 East Washington street, and plan to locate in Hillsboro. Mr. Smith served 10 years in the navy and they spent the past year in Los Angeles, where Mr. Smith was employed by a real estate firm.

Flies to Van Nuys

Mrs. Thomas Doyle left Wednesday by plane for VanNuys, Cal., to visit her sister, Mrs. C. A. Thomas, and family, and to attend the wedding Friday of her nephew, Ray Marshall, who has often visited here. She expects to return home Monday.
