

Next of Kin of World War Dead To Receive Final Burial Forms

Letters are being sent to more than 20,000 next of kin of American dead who now rest in 15 of the 200 temporary military cemeteries overseas as the first step in determining the final resting places of those who died outside the continental limits of the United States during World War II, the war department has announced.

Forms on which next of kin will be asked to indicate where they wish final burial to be made will be included in the letters according to Major General T. B. Larkin, the quartermaster general of the army, chief of the American Graves Registration service. Similar letters and forms will be sent over a period of 18 months to all next of kin of World War II dead whose remains have been recovered and positively identified.

The first letters to be dispatched will go to next of kin of American dead who are now interred in the following cemeteries: United States Military cemetery at St. Laurent, France; United States Military cemetery at Henri Chapelle, Belgium; United States Military cemetery at Cambridge, England; United States Military cemetery at Nettuno, Italy; United States Military cemetery at Giela, Sicily; European Cemetery at Casablanca, French Morocco; American Cemetery at Gafsa, Tunisia; American Cemetery at Funa, Tunisia; Schofield Barracks cemetery, Oahu, Hawaii; Halawa Naval Cemetery, Oahu, Hawaii; Mokupeu Cemetery at Kaneohe Naval Air station, Oahu, Hawaii; Nuanuanu Cemetery, Oahu, Hawaii; U. S. Army Cemetery at Honolulu, Hawaii; U. S. Army Cemetery at Makawao, Maui, Hawaii; U. S. Army Cemetery at Makawili, Maui, Hawaii.

Only a portion of the next of kin of armed forces personnel buried in the cemeteries of Henri Chapelle, Belgium, and Cambridge (England), will be sent letters initially, due to operational considerations. In the future, however, the letters of inquiry will be sent to all concerned.

Letters sent to next of kin will be signed by General Larkin. In addition to the form on which the decision as to final burial will be indicated, the letter will also include a pamphlet giving information on the program for return and final burial of World War II dead, a pamphlet describing permanent military cemeteries overseas and national cemeteries in the United States, a list of national cemeteries, and a franked envelope. Next of kin have been asked to fill out the disposition of remains form within 30 days and to return it in the franked, self-addressed envelope.

Next of kin may choose to have the remains of World War II army forces personnel who died overseas returned to the United States for burial in a private cemetery; returned to the United States for burial in a national cemetery; buried in a permanent United States military cemetery overseas; or buried in a private cemetery in a foreign country which is the homeland of the deceased or of the next of kin.

The man who found a valuable pearl in an oyster stew in a night club the other night almost broke even.—Ex.

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years . . . and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was . . . but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak . . . squeak.

No need to tell you how Pa felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peace-fullest folks in our town.

Mr. and Mrs. Davis Back from South

County Fair manager Leon Davis and Mrs. Leon Davis returned Thursday from a trip south where they visited relatives and picked up the latest information on fairs. They went into Mexico, having left Hillsboro February 19.

At India, California, they visited the annual date festival, first of the series of county fairs in California. From March 16 through the 21st they attended the College of Fairs at California Polytechnic, San Luis Obispo, which was sponsored by the State Agricultural college at Davis and California Polytechnic.

Pictures of leading fairs in the nation were viewed. Most of these fairs featured 4-H club and F.F.A. activity. Representatives from Oregon, Washington, Montana, Idaho and Utah attended and heard speakers from all over the United States. The school stressed making fairs a community educational feature with amusements secondary.

Davis said indications in California are that the period of high prices is over the hump. Real estate is selling at lower prices. Lumber yards are not buying much ahead, anticipating a further drop in building costs. Mr. and Mrs. Davis visited relatives in Visalia, Los Angeles and Lodi, Calif. They made the entire trip by train.

The membership of the British Legion has climbed to 945,146, double its 1928 enrollment with half of it representing World War II veterans.
