

Five 4-H Clubs Organized In Kansas City, Metzger

Five new 4-H clubs with a total membership of 33 boys and girls have been organized in the Metzger school district and in Kansas City, according to Joe Cox, assistant county agent, and Miss Dorothy Newton, assistant home demonstration agent.

Three new clubs, with a total of 21 boys enrolled, have been organized in the Metzger district. Cox said. The Metzger Dad's club, sponsors of the clubs, was responsible for securing the local leaders.

Twelve boys and girls have enrolled in the new clubs in Kansas City, which were organized at the home of Mrs. Ruth Forsberg, route 2, Forest Grove. Mrs. Forsberg and Wayne Hinsley, route 1, Forest Grove, will lead the new organizations.

The Metzger woodworking club, led by John D. Fortune, is composed of the following members: Dave Finley, Dick Booth, Gordon Garmon, Ronald Province, Ronald Henry and John Westfall, all of route 6, Portland; Steve Jackman, Donny Dyer, Bie Stasley and Joe Eastley, all of Metzger.

Members enrolled in the Metzger rabbit club, led by William Thacher, route 6, Portland, are: Darrell and Kenneth Schultz, Johnny Fortune Jr. and Franklin Foster, all of route 6, Portland; Clifton Bartlett and David Bartlett, route 2, Tigard.

Members of the Metzger leathercraft club are: Bob Kaufman, Jim Smith and Alton Scott, all of route 6, Portland; Clarence Rameth, Metzger 2, Tigard, and Jim Jackman, Metzger 2, Tigard.

The Sew and Smile sewing club of Kansas City includes the following members: Mary Nell Heesacker and Julianne Heesacker, route 1, Forest Grove; Corine Baker, Mary Margaret Lewis, Shirley Robinette, Darlene Marr and Yvonne Stafford, route 2, Forest Grove.

Enrolled in the Kansas City Woodworms, a woodworking club, are: Roman Heesacker, Lyle Miller and LeRoy Britton, route 1, Forest Grove; Donald Robinette and Ronald Baker, route 2, Forest Grove.

Death Benefits Of Vets Clarified

In view of the frequency of deaths of World War II veterans reported in the daily press, county Service Officer Dolph Stuart yesterday reminded surviving widows and dependent parents of social security benefits they may receive by virtue of the deceased's time spent in active service.

Amendment to the social security act of Aug. 10, 1946, provide that "any veteran of World War II who dies within three years after his discharge is automatically fully insured under the old age and survivors insurance program," Stuart said.

The effect of this amendment is to assure monthly income payments to the widow with minor children or the dependent parents, of any World War II veteran who is discharged without dishonor and who dies within three years after his discharge, it was explained. It was cautioned, however, that widows without minor children are entitled to a lump-sum payment only, unless they are 65 years old or over.

The act applies even though the deceased veteran may never have worked in employment covered by the social security act, Stuart added. He pointed out, however, that where death was due to service-incurred disability, the veterans administration's compensation or pension payments to the beneficiary will rule out application of the social security benefits.

"A point to be remembered," Stuart added, "is that although the survivors may be receiving VA pensions or compensation, they may be eligible for social security benefits also, if the veteran had an insured status earned in the ordinary manner."

Price Aid Program On Wool Resumed

The department of Agriculture resumed the price support program on wool recently and will continue the plan through December 31, 1948. It was announced this week. Wool owned by producers on August 15 will be eligible for purchase. The local agricultural conservation office stated a program will operate through wool handlers who will act as agents of the Commodity Credit Corporation in purchasing and handling wool. The support price schedule is in line with the 1946 supports when the average grover price was slightly more than 42 cents a pound, grease basis. Some adjustments will be made this year between prices—more will be paid for fine wools, and a little less for the lower grade wools for which there is less demand.

Subsistence Checks Mailed To Trainees

Nearly 16,000 subsistence checks have been mailed since October 31 to veterans in Oregon colleges and schools, and the Veterans Administration has taken special steps to clear obstacles for students who do not receive payments due them by November 13, Thomas M. Craig, VA representative in this area, made this announcement today, explaining that his agency will station a representative at each of 28 major schools on Thursday, November 13, especially to receive complaints on subsistence.

A majority of the complaints are expected from veterans whose checks were not delivered because they had changed their addresses, of the new address, the training aide their checks will be sent out again as soon as the VA receives notice stated.

U. S. Citizenship Granted to Five

Five Washington county persons were awarded American citizenship papers Wednesday afternoon by H. L. Fenn, examiner from Naturalization Bureau in Portland.

Among those receiving their final papers were John Amrein of route 2, Hillsboro, who lost two sons in World War II. Amrein came to this country from Switzerland in 1913. Also receiving their citizenship papers were two Swedes, one Canadian and one Pole. They are:

Jacob Richard Johnson, route 3, Hillsboro, who came to this country in 1926 from Sweden; Tori Evelina Samuelson, route 1, Forest Grove, who came from Sweden in 1909; Amos George Johnson, Gales Creek, who came from Canada in 1919; and Mrs. Vernie King, route 1, Hillsboro, who came from Poland in 1907.

VA Construction Standards Enlarged

Five orders pertaining to plumbing, wiring, basements, attics and dry wells issued last week by Norman B. Plummer, chief of the Veterans Administration appraisal section, as minimum construction standards to be eligible for guarantee by the VA.

In any city, town or rural district where new construction is not subject to local building codes and where no inspections are made by an authorized inspector, the builder or seller of the property must obtain certificates from the plumbing division of the State Board of Health stating that the plumbing conforms to the state plumbing code, and from the electrical division of the state to the effect that electrical wiring has been installed in compliance with the state electrical code.

The third order requires that when less than the full basement is excavated, the unexcavated portion shall be provided with draining space. Other minimum construction standards require that dry wells be located no less than 10 feet from foundation walls and that gutters and down spouts be connected to a sewer or dry well.
