

35-Cup Service Presented Baptist Church by Group

By Mrs. W. A. Bunnell
WEST SLOPE — A 35-cup communion service presented to the Canyon Road Baptist church by a group of seven people who were the first baptized into the membership of the new church, was dedicated at the last Lord's Supper service. Donors of the service were Mr. and Mrs. Albert Higbee, Mrs. Dona Morford, Mrs. Florence Bowman, Mrs. Jess Smith, Oscar Kruger and Arthur W. Carlson.

daughter, Mrs. Peggy Ferrell, and baby of Brian.
Neighbors of the Fred Waddell family held a surprise house warming for the Waddells Monday night the ladies taking the refreshments for the party. The honorees were presented with a plant for their yard.
The pre-school department of the Gabel school presented a program at the school last Wednesday, with parents and friends as guests. The three and four-year-olds presented finger plays and dances under the direction of Mrs. Constance and Mrs. Huenke. The five-year-old group presented the operetta, "The Gingerbread Boy," under the direction of Mrs. Sutton.
Fund Raising Program Set
The second fund raising project will be a party following cocktails and buffet supper at the school Friday, April 18, at 7 o'clock. A professional auctioneer will start the bidding on all the items donated by merchants and parents. The party will be held in the evening with the awarding of a General Electric dish washer.
Mr. and Mrs. Glen Getchell were Easter hosts to her mother, Mrs. Ina Quine, and brother Claude of Portland.
Mr. and Mrs. W. A. Bunnell and daughters Nadine and Virginia were

among 15 Easter guests at the home of their 8-year-old daughter, Mrs. and Mrs. Harold Mattson, near Beaverton.
Church Drive Under Way
A sum of around \$1,000 has been subscribed to the building fund of the new Baptist church, in a drive first step toward the construction of the building, to begin in the near future. The group plans to continue in the drive for two more weeks, at least. The local Baptists will cooperate with churches of home area in a week of home-to-home canvassing, beginning April 4 and continuing to April 11.
The weather man cooperated in a most generous way to make Easter this year a day to remember, and residents of this section made the most of the occasion. Every church in the district was filled to overflowing, and many family gatherings followed the services.
The Easter theme dominated other activities during the past week, including those of school and social groups. Children of Gabel Country Day school enjoyed an Easter egg roll on Thursday, the upper grades guiding and directing the lower grades in finding the eggs.
Members of the T. N. T. club meeting at the home of Mrs. Jack Halliday Wednesday evening, found the Easter theme dominating the evening. Mrs. Helen Spencer, whose birthday it was, was honored by the other members in the card games played by the guests. Ethel Vrandenburg took high prize. Mrs. J. J. Mitchell won another prize.

Trout Planted By Game Body

An Oregon State Game commission fish liberation truck Saturday did a good turn for county anglers by dumping 429 trout into McKay creek and East Dairy creek. Approximately 300 fish were dumped into the latter stream.
Fred Anderson, president of Hillsboro Rod and Gun club, Carl Schwartz, president of the newly-organized county Inaak Walton League chapter, and Larry Hamel, Harold Goff and Don Garrigus, all of Hillsboro, assisted with the planting.
The fish were reported in lively, healthy condition and most of them are expected to be alive when the vast army of anglers takes to the streams on opening day of fishing season.
The fish, which represent an investment estimated by one local official at upwards of \$1000, are paid for out of money from fishing licenses.

County Native Daughter Dies

Funeral services for Mrs. Lelah B. Phillips, route 4, Hillsboro, who died last Thursday, were held Monday afternoon at the Forest Grove Undertaking chapel. Interment was in Buxton cemetery.
She was born August 29, 1896, at Beaverton. Surviving are the widow, Jesse W. Phillips; two sons, Beverly, North Plains, and Donald, Hillsboro; daughter, Jessie Bell Kilburg, Hillsboro; mother, Addie A. Preston, San Jose, Cal.

CULTIVATING WITH ROTOTILLER
Eradicates Weeds—Conserves Moisture
If you are bothered with weeds, quick grass or sink holes, you'll find cultivation with this rotary power tiller a quick and profitable solution to that problem.
Benefits of cultivating with Rototiller* are threefold: 1—The action of the rotary tines is so thorough that it covers every inch and destroys every weed or clump of grass. 2—The high-speed action breaks weeds and mixes them into tiny fragments and mixes them with the soil as organic matter. 3—It loosens, aerates the soil, and leaves a fine mulch on the surface that retains more moisture than conventional methods.
Come in today and investigate the many other ways in which you can use this power tiller and attachments. Each has been designed to make your work easier, faster and more profitable.
