

Applications Due by May 27 For Farms at Camp White

World War II veterans have until May 27 to exercise their priorities for the purchase of land remaining unsold from 18,000 acres now being offered former owners and tenants in the Beagle area of Camp White near Medford, the Oregon department of veterans' affairs and service officer disclosed today.

Letters expressing a desire to purchase a unit of the land should be filed before the deadline with Earl A. Lintz, project manager, box 1447, Medford, according to Dolph Stuart, county service officer. Lintz informed the veterans' affairs agency that the Beagle area land "has suitable cultivable acreage and also grazing."

He pointed out that the letter of desire to purchase does not bind the veteran, but merely serves notice of interest in the sale. After the May 27 deadline, the project manager sends each applicant full information, including sale conditions, prices and tracts available. The land will then be open for inspection and for offers to purchase.

The veteran may, at that time, make offers on several tracts but may purchase only one. Sale will be by cash, payable within 45 to 60 days from time of offer. A down payment of 10 per cent of the high-

Single Copy Price Increase Effective May 1

est priced tract on which an offer is made will be required at the time the offer is submitted. Where more than one offer is made on a tract a drawing will be held to determine the successful buyer.

This marks the second sale of surplus Camp White lands in the past two months. In each case a 60-day buying period is offered for interested owners and tenants, and it is during this period that War II veterans must file their notices of interest in the purchase of acreage not taken up by the pre-war occupants.

The land will then be open for inspection and for offers to purchase. The veteran may, at that time, make offers on several tracts but may purchase only one. Sale will be by cash, payable within 45 to 60 days from time of offer. A down payment of 10 per cent of the high-

KIDNAPPER APPREHENDED HERE—John Harvey Bugg, 29, who went by the name of "Cowboy" Jim Williams while working at a Gearhart riding academy, last week was picked up here by city police and FBI agents on a three-year-old kidnapping charge. The arrest was made by Police Chief Melvin E. DeRock, Officer John Zabinski and Chief Special Agent Howard Bobbitt of the FBI's Portland office. Bugg admitted his identity. Story on page 1 of section 1.—(Cut courtesy Oregon Journal)

can detect cavities and treat them before the tooth becomes decayed or infected. The result will be fewer toothaches, fewer painful treatments and a longer life for the teeth.

Proper food is also important to health and life of the teeth. Plenty of milk, citrus fruits and vegetables such as tomatoes contain the minerals, calcium and phosphorus necessary to strong teeth. Chewing coarse foods and raw vegetables and fruits helps keep teeth and gums healthy. But that does not

mean abusing the teeth by cracking nuts or biting hard metallic objects. Brushing the teeth carefully at least twice a day, in the morning and before retiring, loosens harmful bacteria from the surface of the teeth and so discourages their decay. Your dentist will show you the correct way to brush your teeth. Although there is no special toothbrush or dentifrice that will cure or prevent decay, regular and correct cleaning of the teeth helps to preserve them.

Hillsboro Nine Opens Season at Banks Sunday

Hillsboro's town baseball club, sponsored and managed by Ellis Taylor of Taylor's Store, is scheduled to see its initial Tualatin Valley semi-pro league action Sunday afternoon at Banks, weather permitting.

Forest Grove and Beaverton officially ushered in the league's 1948 season last Sunday, the former chalking up a 13-to-1 win at home over Beaverton behind five-hit pitching by Del Jansen, who whiffed 14. Larry DeBont paced the winners' attack with a three-run homer in the eighth, a double and a single in four trips to the plate.

Other Tualatin league games on the Sunday schedule call for Forest Grove at Cornelius, Yamhill at Gaston and Verboort at Cornelius. First half play is scheduled to end May 30 and the regular season to be completed July 25. The first and second half winners will then have a play-off for the pennant unless the same team wins in each half.

The navy bureau of aeronautics has revealed the development of a fog-generating device for jet-propelled aircraft capable of creating a fog screen which could effectively screen an entire fleet within 30 seconds and which will persist for more than an hour.
