Scrafford, Aide To Head Groups

ELECTED — Austin Scrafford, Washington county school superintendent, elected new president of the state association of county school superintendents.

Austin Scrafford, Washington county school superintendent, Monday was named president of the Oregon County School Superintendents association. Vice-president of the body for the past year, Scrafford succeeds W. E. King of Pendleton.

On the same day Grace Peters, Scrafford's secretary, was named president of the state association of county secretaries. She served as vice-president the past year and succeeds Marian Larson, Tillamook.

Both groups met in Salem this week, the secretaries meeting on Monday and the superintendents from Monday through Friday.

Scrafford took part Wednesday morning in a panel discussion on "The Curriculum and the Staff." Wednesday afternoon he led the discussion on "In-Service" teacher training. He was a member of the Curriculum and Staff committee and chairman of the In-Service committee.

County Budget Shows Rise But Under Limit

(Continued from page 1)

tal from $25,160 last year to $29,060 on the new budget.

Expenses of public assistance took a big jump on the new budget. Dependent children's assistance is up from $23,328 to $30,171. Direct general public assistance is up from $30,000 to $37,500. Old age assistance is up from $52,326 to $57,222. The total for that department is $127,263, compared with $109,023 for the past year.

Public Assistance Up

Cost of operating the county hospital and home are increased from $26,305 to $30,330, and expenses of maintaining the court house and grounds are up from $9543 to $11,959.

In a report on funds accumulated by the county, the budget shows that $138,449.48 is on hand from a special county road and bridge levy voted three years ago. This fund was calculated to produce $252,216. The post war sinking fund is reported as $105,739.10. The county financial reserve fund has a balance of $751.11.

Members of the budget committee include the county court (County Judge H. D. Kerkman and Commissioners James Lewis and H. R. Johnson) and J. A. Rowell, chairman, Mrs. Elsie Leming, secretary, and L. P. Busch.

Scouts Discontinue Local Paper Drives

Warehouses are overstocked with waste paper, Bradford said, and the present buying price is 75 per cent under that of last year. The drives will be continued next year if the demand and price return to normal.
