

# If She Says 'Break a Leg' Don't Take Her Seriously

The Argus recognizes that a great service is being rendered daily by its community correspondents throughout the county. These reporters, most of whom are housewives who record the activities of their neighbors, are vital links between the community and the rest of the county. As a result of introducing these correspondents to the more than 5000 readers of the Argus, this newspaper will run a series of articles. This is the first of the series.

When a newspaper correspondent says, "I wish somebody would break a leg around here," she means there isn't much happening in her community and news is slack. But when a neighbor obliges by immediately breaking his leg (accidentally) the reporter who made the remark soon realizes the power of the press.

That's what happened a few years ago to Mrs. Anna Salzwedel, Argus correspondent at Schefflin. Mrs. Salzwedel has never since made that off-hand statement. She learned her lesson. News in the Schefflin area has been surprisingly dull since then, she says.

When Mrs. Salzwedel now says that she wishes there were more news events in the Schefflin area, she means mainly that she wishes that some 4-H club leaders could be recruited in her area. Schefflin has had no 4-H activity to speak of since 1940 because of a lack of leaders. What farm youth training is being done is handled by the Future Farmers of America.

But that doesn't take care of the youngsters, she explains. And so she is looking forward to the day when Schefflin will once again be sending young boys and girls to 4-H club meetings and school fairs. The area produced several state winners in 4-H activities before 1940 and she feels the training was invaluable for the entire area and the individuals.

Mrs. Salzwedel, a native of Schefflin, joined the Argus family in 1939 and became a regular correspondent in 1940, succeeding Mrs.

Herbert Sabnow Jr. (Ruth Simantel). Her scrapbook is filled with news stories she has written. She says she gets a "kick" out of writing and enjoys looking back through the years by scanning her scrapbook.

Her only regret is that some people don't realize what makes news and that good news stories break right under my nose and I don't know it until it's too late.

Mrs. Salzwedel attended Zion parochial school and is a graduate of Hillsboro high school. She was married to Wilbert Salzwedel in December, 1945. Her husband, a crew chief in the army air forces during the last war, is engaged in general farming. He attended Zion school, Concordia school in Portland, Concordia seminary at St. Louis, Missouri, and a school in Oakland, California.

# Argus Publisher At Press Session

Mr. and Mrs. Verne McKinney of the Argus attended the annual Oregon Newspaper Publishers' association convention at Bend from Thursday to Sunday.

The association went on record favoring a salary scale for faculty members of state schools of higher education that would be comparable to those in similar schools in other states so that standards may be maintained. It was pointed out that the state system has been losing educators to other states.

George Turnbull, retired dean of the University of Oregon school of journalism, was presented the Amos E. Yourees award for outstanding journalism service in Oregon. This is the highest award that can be received by an Oregon newspaperman.

Frank Jenkins of Klamath Falls was elected president of the association succeeding O. G. Crawford of Heppner. Robert A. Pollock of St. Helens was named vice-president.

The publishers were guests at the famous water pagant Saturday night. Some of the party visited the unusual Peterson Rock Gardens between Bend and Redmond Saturday afternoon.

While in Eastern Oregon, the McKinneys saw Mr. and Mrs. C. G. Reiter of Bend and Dr. and Mrs. Howard Wells and Theodore Wells in Redmond, all formerly of Hillsboro. Reiter, who was Hillsboro's first city manager, has been city manager at Bend for nearly 20 years.

## peg's corner

By Peg Oslund

Here is a letter that makes me feel very pleased. It comes all the way from New Hampshire. Mrs. Elia Davidson took time to write to me to say what she thinks of this column. Here is part of her letter: Dear Mrs. Oslund—I am a subscriber to the Argus, and I would like to say that I find your column interesting and helpful. I am looking forward to an issue which will deal with the Argus. I am sure that the new one can also be put to the same use. Here is a recipe that I have used many times that I thought might interest you. It really is a very good dessert as well as an economical one.

Scotch Pudding

4 large eggs, peeled and cut into 8ths.  
1/2 cup white sugar  
1/4 teaspoon cinnamon  
1/2 cup milk  
1 cup rolled oats  
1/2 cup milk  
Place in baking dish a layer of apples mixed with sugar, cinnamon and salt. . . then add 1/2 cup rolled oats. Repeat. Pour 1 1/2 cup milk over this. Cover and bake at 350 degrees Fahrenheit for 1 hour. Remove cover from baking dish for last 15 minutes.

I serve this with whipped cream to which a dash of cinnamon has been added. I hope you will enjoy this pudding as I have enjoyed passing it along to you.

Most sincerely, Elia Davidson. Well, thank you, Mrs. Davidson. It certainly is a pleasure to hear from anyone who likes to cook and takes the time to tell me about it. Your name will definitely be on our mailing list for the new Argus Cookbook. And incidentally, I had dinner guests last Tuesday night and served them your pudding for dessert. Everyone thought it was scrumptious. . . me, too.

And if you like to have a couple of cookies to go with a pudding dessert. . . here is Mrs. E. L. Brown's recipe for Pinwheel Cookies. Cook together over low heat until thick. Add 2 1/2 cups chopped dates or raisins or both. 1 cup sugar, 1 cup water, 1 cup nut meats. Cool.

Dough Mixture 1 cup slivered, creamed 2 cups brown sugar, add gradually. Add 3 eggs well beaten. Beat mixture thoroughly. Add: 4 cups flour, 1/2 teaspoon salt, 1/2 teaspoon soda. Chill.

Divide mixture into two parts and roll out into rectangles about 1/4 inch thick. Sprinkle with date mixture and roll up as for jelly roll. Chill over night. . . then slice and bake on cookie sheet in a moderate oven.

Thank you Mrs. Brown. I hope everyone enjoys reading this "corner" as much as I enjoy getting it together. Sometimes it seems to be kind of full of nonsense. . . but a chuckle or two dropped in among the household chores will make them lots more bearable. Who wants to be serious all the time anyway? There is a certain amount of things which have to be done which even the most avid housekeeper will admit she doesn't like. . . sandwich a few smiles in with the things which have to be done and you'd be surprised how much quicker they are over with. Remember to enjoy yourself. . . it is later than you think.

Montanans to Picnic All ex-Montanans are invited to a reunion and old fashioned picnic Sunday, July 18, at the park in Dayton, according to James J. Dumas, chairman.

Office Supplies of all kinds—At Hillsboro Argus.

FREE Air By Mick

Howdy Folks: We heard a party say that under the Democrats a family could save \$50 by not buying a pound of butter and a pound of steak. Under the Republicans, it is now possible to save \$1.40 on the same deal. Things do improve.

If the law of supply and demand is responsible for the present existing price scale, the law ought to be amended.

That doctor who prescribed "pleasant thought while eating," should edit the food prices.

Of course one way to send food prices down is to send profiteers up.

The trouble with the law of supply and demand is, the ones who have the supply do the demanding.

When prices soar, so are consumers.

We try to keep our customers happy with prices right down to the lowest, considering the present market.

APRICOT JAM RECIPE MAKES MORE GLASSES This Easy Method Gives You More for Your Money

4 Cups Ground Fruit  
4 Cups Sugar  
1/4 Cup Lemon Juice  
1 Package M.C.P. Jam  
and Jelly Pectin

Wash and pit 4 pounds fully ripe apricots, grind. Do not peel. Measure exactly 4 level cups of the ground fruit (add water to fill last cup, if necessary) into a large kettle. Add the M.C.P. Pectin and lemon juice, stir well and bring to a boil stirring constantly. NOW, add the sugar (which has been previously measured), continue stirring, and bring to a full rolling boil. BOIL EXACTLY 4 MINUTES. Remove from fire, let boil subside, stir and skim by turns for 5 minutes. Pour into sterilized jars, allowing 1/2-inch space for sealing with fresh paraffin.

NOTE: If you cannot get paraffin, use the following "hot seal" method: Pour hot jam into pint or quart Mason jars to the brim; screw lids on tightly (use 2-piece lids) and invert jars on lids until jam begins to set. This sterilizes lids. Then shake jars well and set upright. This keeps fruit evenly distributed.

# From where I sit... by Joe Marsh

Will's Hospitality Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day—and first thing you know, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.
