

Free Medical Care Said First Socialist Step

Russia's Lenin held that socialized medicine was the keystone to the arch of a socialized state, asserted Glen Wade, public relations counselor to the Northwest Medical-Dental Bureau, in speaking of "What Price Free Medical Care?" before the chamber of commerce here Tuesday noon.

The program calls eventually for everything being under the control of a government bureau, including education, transportation, communications, power and business, according to Wade, who pointed out that there was now a bill before congress that would give the president power at anytime he sees fit to step into industry.

If the bill giving the president such powers is passed, asserted Wade, freedom of enterprise will be destroyed and the America for which our boys fought will be no more.

Doctors Spearhead Fight
The doctors are only spearheading the fight against a socialized state, asserted Wade, who warned that business and industry will come under governmental control.

Every individual in life must at some time make a choice between what is right and what is wrong and the same applies to nations, according to the speaker, who declared that we as citizens in America must choose the road we are to follow. "God give us men in Hillsboro who will stand up and be counted" to do whatever is necessary to preserve our country and keep our doctors free, pleaded Wade.

"Freedom in America comes with a price, and that price is eternal vigilance," declared Wade.

Great Cost cited
Wade pointed out that 85 million people in this country have purchased insurance to provide medical care and that doctors in 42 states are attempting to answer the problem of medical care at nominal

fees through such setups as Oregon Physicians Service and other such plans. Some hold that this is not enough and that medicine must be under bureaucratic control, the speaker said.

It was pointed out that the cost to other countries that have tried socialized medicine has been astounding, that in New Zealand, where they originally said the cost would be light, it now takes 42 cents out of every dollar of income. Proponents hold here that the cost will be light, but Wade declared that estimates place the cost at 25 per cent more in taxes alone. The big cost, he said, would be in the loss of individual enterprise.

Joyce Gnos and Bob Yungen were introduced by Assistant County Agent Joe Cox as outstanding in 4-H club work and they spoke briefly on what 4-H activities have meant to them. Dick Guilford, Hills student body president, reported on student activities.

Richard Smith introduced the speaker.

Missionary Meet Scheduled Today

By Mrs. Juanita Dore
CORNELIUS—Women's Missionary Aid of the Emanuel church will meet (Thursday) this afternoon at the parish house. The topic, "The Lutheran Church in China," will be under the leadership of Mrs. Harry Thelin, and hostesses are Mrs. Henry Hoffman and Mrs. William Hamman.

Mr. and Mrs. G. Henne and family of St. Johns and some friends who were visiting them from North Dakota were all Saturday evening visitors of Mr. and Mrs. Philip Huber and other relatives.

Mr. and Mrs. Elmer Weick of Plankinton, S. D. who are making a tour of the West, visited with Mr. and Mrs. H. C. O'Dell on Tuesday. Sunday afternoon and evening Rev. A. Reitz, accompanied by Delores Herling, Shirley Unverrich, Harry Jacobsmueller, Calvin Kramer and Jerry Hulsman, attended a Lenten Retreat sponsored by the Willamette Valley Luther League Federation at Oregon City.

Odom Sets New Flight Record

By Otto F. Sturm
TETTERBORO, N.J. (AP)—William P. Odom landed his silver-winged solo monoplane here Tuesday after a solo flight from Honolulu which set a new world distance record for light planes.

Odom, a lanky adventurer of the skyways who holds the round-the-world speed record, landed his little ship at 12:30 p.m. EST, 34 hours and one minute, unaided, after he took off from Hickam field at Honolulu.

The flight established a new world record for all light plane long-distance flying and a new solo flight record. The 29-year-old flier more than doubled his record for light planes of the heaviest category, set last January when he piloted the same single-engine plane, 2,486 miles from Honolulu to Oakland, Cal.

San Francisco Region Jarred

SAN FRANCISCO (AP)—A sharp earthquake jarred millions of Californians awake in the San Francisco Bay region Wednesday, and caused some minor damage to shattered window panes, dishes and broken water pipes.

There were no injuries reported although the quake rattled windows like drums beating, tumbled canned goods and dishes from shelves and was felt distinctly in a 200-mile area.

The tremor was recorded at 4:29-10 a.m. (PST) and lasted about 30 seconds. It apparently centered on the San Andreas Fault, the earth flaw which cleaves California from the Oregon border to Mexico and was responsible for the historic San Francisco earthquake of April 18, 1906.

Normally deserted downtown streets in San Francisco were filled with hundreds of curious persons who dressed hastily and dashed outside to see if the shocks caused noticeable damage.

Down town, a 12-story building swayed and chandeliers swung as much as six inches.

Acheson Makes Pact Purposes Clear

(Continued from page 1)
aggression or entitled to make the same mistakes three times. Twice is enough, he said. This was an apparent reference to the two previous world wars touched off by Germany.

Acheson said the treaty powers hoped to make public a text of the treaty in the near future.

Members of the committee said this country will have the final say on "when and how" it will use force to counter aggression under the pact.

Diplomats Explain
Diplomats familiar with the working of the tentative draft said it provides:

1.—An attack against any of the signatories, either in Europe or North America, will be considered as an attack against all. Nations attacked will take immediate individual and collective action deemed necessary to restore and maintain security, including use of armed force. War declarations would be made individually at the discretion of each government.

2.—The operative area of the treaty generally is the region of the Atlantic north of the Tropic of Cancer.

3.—That the treaty would remain in force for 10 years with provision for renewal for another 10 years if the world situation warrants extension.

Estimate: Cyril G. Krugner
NOTICE TO CREDITORS
Notice is hereby given that the undersigned, Cyril G. Krugner, of Washington County, Oregon, has appointed as Administrator of the Estate of CYRIL G. KRUGNER, deceased, all persons having claims against said estate are required to present them with proper vouchers, to me at 203 S. W. 10th, Seaside, Oregon, within 60 days from March 10, 1949.

ALBERT T. KEMMER, Attorney for the Administrator
Mar. 10, 17, 24, 31, Apr. 7, 1949

These units are reconditioned strictly in accordance with factory methods—clutches, brake shoes, crankshafts, and many others. They give the same service and long life as new units. You can buy International Exchange Units from us and put them in yourself, or we'll do the installing. For any kind of truck service—from a simple lubrication job to a complete program of preventive maintenance—come to us. Our skilled mechanics use International-Approved equipment and precision-engineered International Parts. Our service provides real ton-mile economy. Phone or stop in today.

Moscow Reports Third Cabinet Change in Week

By James F. Roper
UNITED PRESS STAFF CORRESPONDENT
LONDON (AP)—Moscow announced Tuesday a third cabinet change within a week. Wednesday's move followed indications that a possible Soviet cold war spring campaign may be starting in the east.

Reports from Istanbul said the Soviet cabinet shift was accompanied by a demand that Turkey continue its attitude on the Aegean pact or a subsidiary Mediterranean agreement for the information of the Soviet government.

At the same time little Albania undoubtedly with Moscow's backing, began a war of nerves against Greece. This with a call to Yugoslavs to revolt and free the nation from the treacherous Tito gang.

The latest Soviet government shift brought Russia's top industrial expert, Alexander I. Yefremov, in to the cabinet headed by Premier Joseph Stalin. The addition increased the Soviet cabinet from 13 to 14 members, including Stalin.

Two recent such changes were the removal of Y. M. Molotov from the post of foreign minister and A. I. Mikoyan from the duties of foreign trade minister.

Local Speaker Places in Meet

Alice Farby, daughter of Mr. and Mrs. Ross A. Farby, Hillsboro, tied for second place in junior women's tennis at the 1948 Annual Linfield tournament February 24-25 and placed first in interpretation. It was announced this week.

Miss Farby, a member of Theta Nu Alpha society, was graduated from Hillsboro union high school in 1948. She is majoring in speech as a freshman at Pacific university.

She tied with Esther Heino, also from Pacific, for second in junior women's oratory. Two hundred students from 28 schools in western states participated in the tournament where the Pacific squad took second place.

Local Showing Of New Chrysler Scheduled Friday

Greatly increased passenger space combined with maximum comfort, improved performance, added safety features, augmented steering and handling ease are the highlights of Chrysler's 1949 "Silver Anniversary" line which goes on display Friday at Spencer Motor Co. in Hillsboro. There are more than 30 engineering betterments, many of them of major importance. Styling is completely new throughout, producing symmetry and grace.

Chrysler designers have produced a car that has more room in all of the essential places, more inches of greater wheelbase, yet is lower by approximately two inches, and also narrower and shorter than previous post-war models. The reduction of the overall width and length resulted from the public's desire to have a car that would fit into the average-size garage.

Red Cross Calls Nebraska Floods 'Major Disaster'

HEATRICE, Neb. (AP)—The Red Cross declared Beatrice and the surrounding countryside a major disaster area Wednesday as the Big Blue river rose relentlessly, driving hundreds from their homes.

The flood had forced 125 families to higher ground here and another 100 families were in distress at Crete, 25 miles upstream. The water receded slightly at Seward, upstream from here, but 40 families still were homeless.

A big dike protecting the west side of the city still was holding after being reinforced by bulldozers but water lapped within six inches of the top.
