Go East through California

... NO EXTRA RAIL FARE!

If you're going East this year, see as much of America as you can. On roundtrips to New York, Chicago and most other eastern cities Southern Pacific will take you East through California for not 1c extra rail fare. See San Francisco, Los Angeles and our great Southwest. Go one way—return another. See twice as much. Any S. P. agent will be glad to give you details about this big travel bargain.

Completely New! Completely Proved! OLDSMOBILE'S HIGH-COMPRESSION "ROCKET" ENGINE GIVES YOU TOMORROW'S PERFORMANCE ON TODAY'S FUELS

YOU'VE GOT TO DRIVE IT TO BELIEVE IT! You've driven cars with good response. You probably know of engines that are smooth . . . quiet . . . economical. But you can't know how Futuramic in performance an engine can be—until you drive a "Rocket" Engine Oldsmobile! It's an entirely new kind of motoring experience—because the "Rocket" is an entirely new kind of engine!

HIGH-COMPRESSION IS ONLY HALF THE STORY! It's true that the "Rocket" has a high compression ratio . . . 7 1/2 to 1, in fact. But that's not all. To eliminate noise and vibration, Oldsmobile engineers designed a completely new engine that gives you this high-compression dividend of spectacular action . . . with even greater smoothness and quietness than before.

FIRST OF THE ENGINES OF THE FUTURE! The Oldsmobile "Rocket" begins a new era of Futuramic power. It takes the fullest advantage of present-day fuels. It squeezes more performance from every drop of gasoline. It establishes a lead that other engines will follow in the future.

TRY—"THE NEW THRILL!" Your best test of the "Rocket" will come when you feel that smooth, gathering surge of power yourself. We urge you to see your dealer soon . . . to try this "air-borne sensation" in either the luxurious Oldsmobile "98," or the spectacular new Oldsmobile "88"—the lowest-priced "Rocket" Engine car!
