

### Spies-Braddock Nuptials Held at Portland Church

The Laurelhurst Baptist church in Portland was the scene of the candlelight ceremony and the wedding ceremony on March 3, of Joan Braddock and Russell T. Spies. Rev. Fred W. Mueller officiated.

The bride is the daughter of Mr. and Mrs. Edgar W. Braddock of Hillsboro, and the bridegroom is the son of Mr. and Mrs. John H. Spies of Spokane, Washington.

For her wedding, the bride chose a navy blue crepe dress with gray accessories and carried a nosegay of white and pink flowers. Her only attendant, Miss Barbara Gray, wore a dusty rose crepe with navy blue accessories and carried a nosegay of assorted roses.

The best man was Elwyn Thom and ushers were the bride's two brothers, Earl and Carl Braddock and Robert Scherer of Portland.

Mrs. Loren Widrig of Jerome, Idaho, the bride, sang "I Love You Truly" and "Because."

About 65 friends and relatives attended the ceremony and reception following at the home of Mr. and Mrs. C. E. Gassett, Portland.

Serving at the reception were Mrs. E. Ross Meekins, Mrs. Loren Widrig, both aunts of the bride, Mrs. Sherman Stansberry, and Misses Dorothy Dixon and Eleanor McCutchen. Miss Irene Spies, sister of the bridegroom, opened the gifts, and Miss Mae Osborn had charge of the guest book.

The couple enjoyed a trip to Crescent City, California for their honeymoon and are now at home at 247 N. E. Hancock, Portland.

The bride graduated from Hillsboro High school in 1946.

### Drive is Launched For Used Toys

As in past years, the Women and Children's Auxiliary are launching their toy and toy-makers drive to collect discarded and broken toys for use in their Christmas project this year.

Here are a few ideas as to what they can use: discarded costume jewelry for the older girls on their lack dismembered dolls, broken bicycle tricycles or wagons, picture puzzles, children's books, or any used sports equipment.

Last Christmas, approximately 200 children in this county were made happy on Christmas morning by receiving these toys. We cannot stress enough how much it means toward the success of this project to receive the discarded toys early. Reminds Five Chief Wilbur Dillon, thus giving the firmen and the auxiliary ample time to repair and clean them. Last year, most of the toys came in at the last minute and they were swapped for time.

Any donations will be received at the fire hall, according to the auxiliary secretary, Mrs. Margery Reilly.

Mrs. C. Laughton, director of Mary Cullen's Cottage, the hospital, was a special guest at PEO tea at the home of Mrs. O. B. Gates on Monday afternoon. She gave a resume of the style picture and trends gathered on her yearly attendance at the style forecast put on by the dress and style centers of New York City. Her picture was amusing and interesting, and most informative.

Besides giving a comprehensive style report and catalogue, Mrs. Laughton spoke, interestingly, on recipes, and supplied the group with sheets on current cooking interests.

This talented woman's personality and charm enter largely into the success of Mary Cullen's Cottage, and the PEO group appreciated very much having her on their program.

Mrs. R. Dustin, re-elected PTA Council President, was the topic of discussion led by W. W. Winans, secretary of Hillsboro chamber of commerce, for the AAUW meeting tonight (Thursday) at 8 o'clock at the home of Mrs. Harvey W. Curran, 280 South Fifth. Members should bring attractive and favorite flower containers and flowers from their gardens to be used in the discussion.

This is the last meeting this spring in a series of studies on creative homemaking.

The meeting this evening will be held at the home of Mrs. John Kovaly, Mrs. Christensen, and Mrs. Henry Nelson. Program chairman is Mrs. James E. Bardett.

## Here is a DISC HARROW that really levels!

You know how many tandem discs dig in on the outside and ridge up ground in the middle? This disc is designed to prevent this trouble. Try this disc, and you'll find it leaves the ground flat and level and well pulverized.

Best of all, with Ford Tractor Hydraulic Touch Control, you angle the gangs or straighten them... with finger tip ease... for turning, crossing grass or gullies. Saves wear on the disc, tractor fuel and time. Study the pictures, then see us.
