"Activated" Shell Premium is the most powerful gasoline your car can use!

YES, many of today's engines have been stepped-up... they call for more powerful gasoline! Now Shell gives you the most powerful gasoline your car can use—Shell Premium—it's "activated." No other fuel can top its power in your car!

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods!

Actually, Shell splits molecules to get more power for today's more powerful engines. So you get a gasoline that's "activated" 3 ways!

1. Activated for knockless power!
2. Activated for fast "getaway."
3. Activated for full mileage.

Activation makes the difference

Shell splits molecules: Shell scientists take the finest available crude—activate the molecules by splitting them and rearranging the atoms according to Shell's formula for a perfectly balanced gasoline. The result—Shell Premium, the most powerful gasoline your car can use!

The Baptist Gospel church of Hillsboro will have a guest speaker tonight (Thursday) Rev. Elias Zimmerman, a converted Jew who is now an ordained Christian minister.

Zimmerman attended school in Europe to become a rabbi and at 19 he turned from the Jewish faith and fled Russia to Germany where he continued his studies. Later he was forced to leave Germany and came to the United States where he finished his schooling at the Duquesne university.

For the last 20 years he has traveled and has connected himself with the American Board of Missions.

MAKES A BUSINESS OF BICYCLING

Thousands of Seaside's annual vacationers ride rented bicycles enthusiastically as a beach pastime. Energetic Gordon Shaw in 1935 foresaw this popularity; decided to serve the public's fancy. He quit law school and started his South Prom Bike Shop near the Lewis and Clark turnaround. Business grew slowly, but today Shaw must hire assistants to help meet demands for bikes, tandems, tricycles and baby strollers. Shaw, active Seaside Chamber of Commerce official, also finds time to operate his large "Prom" apartment building. He's a long-time customer of First National's Seaside affiliate, the Clatsop County Bank.

TURNING JUNIPERS INTO DOLLARS

In 1930, Vearl and Elsie Lehman of Bend began making novelties from Central Oregon's juniper trees. With a gift lathe, powered by their washing machine motor, Lehman turned out colorfully-grained items of his own design. Today their Western Juniper Novelty Co. is in a new building, with living quarters, modern shop and display room. They have mastered the individualistic wood, learned the public's souvenir tastes and developed far-flung sales outlets. "Ours is a product typical of Oregon which First National helped us develop," Lehman says.

BUILDING OREGON TOGETHER

In all parts of Oregon people are working to better themselves—and in the process keep our state growing. We introduce some of them here. In each case they've made effective use of the constructive services of our First National Group banking offices. We believe that by helping individuals toward prosperity, we help build Oregon—family by family, farm by farm, business by business. Whether your financial needs are large or small, come in and talk over your situation with us.—"Let's Build Oregon Together."

MEET JIM THOMPSON, STAR FARMER
Jim Thompson of Salem was Star Farmer of America in 1942. In high school he ran a 120-acre ranch, starting by purchasing 50 acres. Sheep, hogs and cows brought him profits. A prized member of his Future Farmer of America title is his Oregon Bankers' Association trophy. After AFA days Jim raised beef cattle. Now he's developing an orchard and seed crop ranch in Salem's Waldo Hills district. Jim's wife is his schoolgirl sweetheart, Eunice Johnson—and there are Donna, 6, and Dickie, 3. Says this topnotch farmer: "I especially appreciate the help First National gave me as a youngster."
