

County Meets Allotted Quota In Bond Drive

Washington county "went over the top" in the recent Opportunity Savings bond drive by subscribing to \$246,820 or 105 per cent of the allotted quota, according to W. C. Christensen, county chairman.

Over-subscription of Oregon's state quota in the recent Opportunity Savings bond drive was announced today by E. C. Sammons, State Advisory Chairman of the Treasury Savings bonds division. Total E bond sales for the drive were \$10,955,066. Oregon's quota was \$9,790,000 which was over-subscribed by \$1,165,066 or 11 per cent. In commenting on the drive, Sammons stated: "Coming after one of the hardest winters in Oregon's history, this is particularly noteworthy.

"These heavy purchases," said Sammons, "have increased the rich backlog of private savings in Oregon—which has over \$500,000,000 of privately owned U. S. Savings Bonds alone. This backlog is proof that Oregonians believe in thrift as a habit and way of life. It also is stored-up purchasing power representing an 'insurance policy'

covering business against any future poor times."

33 Counties Meet Quotas
Federal Reserve bank figures show that 33 Oregon counties met or over-subscribed their quotas. Chairman Christensen extended his thanks to the many volunteers in the county who helped during the drive.

Vehicles, Costumes Draw Many Here

(Continued from page 1)
float contest were the Washington County Native Sons and Daughters float, the Washington Grange, and the Weaver Clark entry.

The crowd was in town by mid-forenoon and by parade time the streets were a mass of faces turned toward the awaited parade. The flash of cameras, shaking of hands and many other activities showed the feeling of the people as they milled about the city taking in the many events of the afternoon. Popular among the many events was the log-bucking contest which was attempted by five husky men all seeking the \$35 first prize.

North Wins Tug-of-War
Another event catching the fancy of the crowd was the tug-of-war which was held between the north and south sections of the county. Only short seconds after the signal was over and the north was acclaimed winner.

Probably one of the most popular pastimes of the afternoon was strolling about the business district viewing the many displays of old and cherished fire arms ranging from flintlock to modern. Outstanding in respect to displays was the collection owned by H. J. Vanderhey which was on display at the Delta drug store building.

Things slowed down during the late afternoon but people once again began to gather on the courthouse lawn and on the blocked-off street as the time neared for the evening entertainment and street dancing. Prizes were given for the best dancers and the best fiddlers of old time music.

The evening of entertainment drew to a close as the street dancing came to a whirling finish after midnight.

Herman Schoen, chairman of the retail trade bureau, extended his thanks to all the people who made the celebration such a success and to the people who helped by working on the program.

Hoover Rites Held Tuesday

Final rites were held in Forest Grove Tuesday afternoon for Pfc. Fred Glen Hoover, 29, who was killed in action with the army in the South Pacific.

Hoover was born at Dilley and resided at Beaverton and later at Gaston, where he attended high school. He enlisted in the army several years before the war and he was reported missing in action in 1942. He is survived by two aunts, Eva Hundley, Portland, and Molly Leach, Dilley. He is also survived by a uncle, Fred Delley, Manchester, Wash.

Interment was in the Forest View cemetery.

OLIVER "66"

New

A New Performance Pacemaker!

Greater value than ever! More practical farm features than you'll find in any tractor of comparable size.

That's the new 2-plow, 4-cylinder Oliver "66"—still the "biggest little tractor built."

The "66's" 6-forward-speed transmission—along with the Fuel Miser governor—gives you almost any ground travel and drawbar pull combination you need, at an operating economy that adds up to substantial savings in fuel.

Check these additional "big tractor" features you get in the new "66": direct drive power take-off, Oil Miser transmission case, floating oil pump screen inlet, choice of interchangeable cast iron or stamped steel wheels for Row Crop models, battery ignition and automatic spark advance, efficient power lift, basic interchangeability of our full line of tractor-mounted tools with all other new Row Crop models. Built in Row Crop, Standard, Row Crop with Adjustable Front Axle or Single Front Wheel.

Get all the facts on the advanced features Oliver offers in its new tractor fleet that marks the beginning of the second century of building fine farm machinery. Come in to see us.
