Dr. Robb Member Group on Diabetes

Dr. Marvin J. Robb of Hillsboro is a member of a committee of the Oregon State Medical society working in connection with the second annual National Diabetes week October 10-16. Sponsoring the week is the American Diabetes association, which is a non-profit organization founded in 1940 to attack the urgent problem of diabetes-mellitus.

Realizing that the family physician is the most effective force in the early detection of diabetes, the committee urges him to take advantage of the opportunity to detect diabetes by surveying his own patients and especially the families of known diabetics.

Report of Earnings Credited Available

Everyone is entitled to a report of the earnings credited to his social security account, according to John F. Richardson, manager of the Portland office of the Social Security administration.

A simple postcard form will bring the information, Richardson said. The Social Security administration recommends that each worker check on the accuracy of his account at least every four years, as it is difficult to correct any errors after that time.

You may obtain one of these postcards by calling or writing to the Social Security administration, 105 Old Post Office Building, 6th and Morrison streets, Portland.

"Yes," returned the sympathetically interested volunteer worker. "This is my first time," the woman continued. "I hope it will do for someone else what those four transfusions did for me three years back when they thought I was dying."

IF YOU WEREN'T IN THE PICTURE TOMORROW

If something should happen . . . if it were you who suddenly became the victim of an accident . . . Yes, if you weren't around tomorrow, how would your family stand? Would your wife face the prospect of bringing up the children on what money she could earn? Would your boy lose his chance for a college education? And how would the mortgage on your home be paid off? If you haven't thought about these questions, it's time you did . . . if your family doesn't have full insurance protection, it's time for you to provide it . . . Tomorrow *might* be too late.
