"Activated" Shell Premium is the most powerful gasoline your car can use!

YES, many of today's engines have been stepped-up... they call for more powerful gasoline! Now Shell gives you the most powerful gasoline your car can use—Shell Premium—it's "activated." No other fuel can top its power in your car!

This is made possible by Shell's own, specially produced power components and by Shell's own blending methods!

Actually, Shell splits molecules to get more power for today's more powerful engines. So you get a gasoline that's "activated" 3 ways!

1. Activated for knockless power!
2. Activated for fast "getaway."
3. Activated for full mileage.

YOUR ATTENTION!

You can now save up to 5% on concrete or pumice building blocks. If you will now place your future orders through me I am now using a new steel reinforcing member in all my block construction, either in single or double wall construction. This is the economical steel reinforcing member which adds (later) strength to masonry walls and (prevents) cracks. Made for various wall thicknesses, 4, 6, 8 and 12-in. The price of this masonry wall reinforcing member is so low, that it is actual economy to include it in all masonry work. This is a new product and something that has been badly needed in the past. Let me build your home or farm buildings permanent—with brick, concrete tile or lightweight pumice blocks. (A dry double wall construction for your new home.) Pay me a visit.
