## LOCAL AFFAIRS

THE GLORIOUS FOURTH-As will be seen by the published programme in today's paper, will be celebrated by Albacircumstance demanded by the occasion. good time may be had.

Lost.-On Friday evening, the 11th inst., a bundle containing a new vest, of cloth, the whole worth about \$5, was shingles on Ferry street, near corner of Mr. John Beemer, the bundle had disthe bundle through a mistake, or think- Foster. ing it forgotten by the owner, have taken care of it till the owner is heard from. Any one having such described parcel, will confer a favor on the owner by leaving it at this office, or sending it to Mr. B., who lives at Boston.

GOES IT ALONE.—Charley Mealey will hereafter "go it alone" in the furconsent. Mr. Mealey calls on all those indebted to the late firm to call and morning. He has received during the scriptions can be obtained at his establishment at reduced prices for cash ..

ROTARY WASHING MACHINE.-We saw at the furniture establishment of Mr. C. Mealey, Esq., Monday, the model of a new invention, called a Rotary Washing Machine. The inventor, Mr. Lee Burkhart, of this county, claims that it will do a larger washing, with less labor, better, and with less wear to the articles so cleansed, than any other machine now in use. He will apply for a patent. Linn county is full of genius.

RUNAWAY .- A little runaway and smash-up occurred at Corvallis on Tuesday. Mr. Fox, a tailor of this city, and tailor Gownsky, of Corvallis, were taking a buggy ride, when the horse became frightened, ran away, Gownsky being thrown from the buggy, or falling out, hurting him severely. The horse came in contact with a tree, head on, with such force as to kill him, and the buggy was thoroughly and effectually smashed. Fox was uninjured.

CHERRIES .- This office is indebted to Mr. Helm, of the vicinity of Lebanon, for some nice cherries. A branch about a foot in length contained as much as a quart of cherries. Another one of our large-hearted subscibers left with us a basketful of Royal Ann's. For their rememberance of us, both gentlemen have our thanks.

LEGAL.-The card of Judge J. Quinn Thornton appears in the REGISER this morning. Judge Thornton's legal ability is well known and acknowledged all over the State, and it is only necessary to state that he has opened an office in this city, and offers his services to the public in attending to law business in any of the courts.

HUNTING PARTY.-Dave Froman, City Marshal, Judge Baber, and others, contemplate starting for the mountains about the 28th inst., on a pleasure and hunting excursion. Deer and bar stand no show when they get within range of "Family Supporter." It will be a jolarious party, without a doubtless.

How To PRESERVE EGGS .- Poulterers and dealers have tried all sorts of expedients for preserving eggs, without more than partial success. Nearly onehalf of all the eggs sold in the markets during the summer are found to be spoiled. To prevent loss by this, the intermediate dealer will give the farmers only about half or two-thirds what their eggs are really sold for to the consumers. If farmers and poulterers could preserve their eggs fill winter or occasions of scarcity, they could more than double their profits. They can do it, at a trifling expense, by using Perkins' patent process, for which agents are now canvassing this county. It is simple, sure and cheap. Everybody should buy a "license to use? ALLAND A TOA

CAMPMERTING.—The Methodist's hold a campmeeting at Santiam Academy, mear Lebanon, commencing on Saturday next, the 26th.

LINN COUNTY FAIR .- We publish this morning the list of premiums offered by the Linn County Agricultural Association at its foruth annual Fair to be held at their grounds one mile south of Albany, commencing on Tuesday, September 28th, and continuing until Friday, October 1st-four days. The list will be found on the first page. The ny Fire Company with all the pomp and premiums offered are very full and liberal, and it is hoped that the competition Let everybody turn out, that a general therefor, in every class, will be much in excess of any previous Fair, resulting beneficially to all concerned. Some of our mechanics have already commenced getting up work for exhibition. Hurrah dark gray cloth, and a yard of tweed for the Fair. The officers for the present year are: President, D. Froman; lest for a moment on some bundles of Vice President, J. H. Foster; Secretary, A. C. Jones : Treasurer, A. N. Arnold ; First. Upon the return of the owner, Marshall, J. Nixon; Directors, A. Hackleman, E. H. Griffin, D. Froman, M. appeared. Some one may have taken Luper, Allen Parker, J. Nixon, J. H.

RELIGIOUS .- The twelfth annual session of the Central Baptist Association was held with the church at McMinnville, commencing on the 10th inst. and continuing three days. After the Christian greetings of the delegates, who embraced each other with warm affection, they were called to order by Elder R. C. Hill, niture business, the partnership hereto- the former Moderator, and after the anfore existing between Mealey & Plymp- nual or introductory sermon, they reton having been dissolved by mutual elected their former Moderator. Information from the different -churches indicated a degree of healthy prosperity. make payment, as see advertisement this Three new churches were added to the Association, receiving the hand of fellowweek some new furniture in the way of ship. Some of the churches had passed bureaus that are beatiful, and very through trials and afflictions, but the difcheap. Furniture of all the various de- ficulties had been adjusted mutually, in a magnanimous spirit. During the associational year two hundred, by experience and baptism, have been added to the church. There are now twenty-two churches belonging to the Association. During the meeting, the best order, with religious feeling, spiritual enjoyment, harmonious and fraternal co-operation prevailed, and all realized the spiritual presence of the Lord, inspiring hope of a prosperous future. The christian courtesy of other denominations in freely offering the use of their churches to the Association, and the kind reception of the people generally, demands the kindest thanks of the Association.

You BET SHE KNEW .- Two young ladies were overheard discussing the "traits" of some young gentleman, as

"Well, I like Charley, but he's so girlish; he hasn't got the least bit of beard."

"I say Charley has got a beard, but he shaves it off."

"No, he hasn't either, any more than

I have.'

"I say he has, too, and I know he for t pricked my cheek !"

And that's how she knew.

NEW FURNITURE .- We inadvertently omitted to mention last week, the reception of a fine lot of new furniture at the establishment of Mr. S. Denny, on First Street. Mr Denny is offering a fine lot of cabinetware, etc., both of his own make and imported, at fair living rates.

PERSONAL .- George Settlemier, Esq., and lady left the first of the week on trip to the coast to be absent two or three weeks. Mr. Settlemier's health has been rather poor for some time, and it was thought the breezes, fresh from old ocean, would benefit him.

Mr. Cheadle and lady arrived home during the week. Mrs. Cheadle has been spending several months in San Francisco.

JULY SECOND .- The Oregonian wants to know why we don't celebrate the 4th some time in June. For the same reason, we suppose, that Portlanders

NEW GOODS .- A fresh arrival of new give a note under any goods at the Cash Store. Go and ex-

amine them. SIX DOLLARS .- What about it? Cumtux?

Washing Clothes Without Labor. THE Automatic Clothes-Washer

BOILER

Does this without any wear and tear, and does the Twenty to Thirty Minutes!

and will fit any stove or range. They are used extensively in the East, and the following will show how they are regarded: From the Toledo Gommercial, April 22d, 1869:
"The Automatic Clothes-Washer."—The new
method of washing clothes without labor as done

by the "Automatic Clothes Washer and Boiler," is attracting, as might naturally be supposed, a good deal of attention. This remarkable machine continues to show to astonished visitors, whose numbers are daily increasing, how simply and easily a large days washing can be effectually ac-complished in comparatively short time by this labor saving invention.

From the Cleveland Plaindealer, March 12th, 1869 :- "The Automatic Clothes Washer.-Nothing in the way of a patent has for a long time awakened such a general interest, as the above named invention. Washing without labor by the mere force of heat, is a step so important and new that it naturally excites a great deal of inquiry. The genuine merit, the cheapness and simplicity, must make it an article of universal use, and those seeking an investment cannot do better than to look into it.
