

Railroad Matters.

Holladay arrived in Portland on Sunday night, from San Francisco, where he has been making arrangements for early resumption of work on the East Side Railroad.

GEO. FRANCIS TRAIN.—The Oregonian of Monday gives the annexed notice of the man who is to orate at Portland, on Monday next, on the occasion of the celebration of the 4th at that city: "Geo. Francis train, who more than any other man is now attracting the attention of the Pacific coast, arrived at our city last evening by the steamer Oriphanne."

WEST SIDE ROAD.—A paragraph in the Salem Unionist of a recent date, stated that if a contract, now under consideration by certain parties, was effected, work would soon be resumed on the West Side road.

WHEAT PROSPECTS.—Speaking of the wheat prospects in the East, the Chicago Tribune asserts that the price of wheat will be much lower during the present than last year, and advises holders to "prepare to look their losses in the face as gracefully as may be, and decide to let go, lest the chance of selling be denied in toto."

SOUTHERN PACIFIC RAILROAD.—One hundred and fifty miles of the El Paso Railroad, connecting Richmond with San Francisco, will be completed in Texas this summer.

NEW SECRETARY.—Telegrams from Washington inform us of the resignation of Borie as Secretary of the Navy, and the appointment of M. Robertson, of New Jersey, and at the time Attorney General of that State.

One of our exchanges attempts to classify Grant's Cabinet in respect to religion. It gives the denomination to which each one belongs, except in the cases of Boutwell and Rawlins, whose religious faith, it says, is unknown to fame.

Mrs. Steel shot a man named Barney, in Treasure City, recently. The ball struck his forehead and glanced off.

California Wheat Crops, Etc.

The San Francisco Herald is authority for stating that the wheat crop in many portions of California has been seriously affected by rust. The valleys near the coast and along the Sacramento river, will be the most seriously affected, being under the influence of heavy fogs which had been prevailing for some days previous to the 24th of June.

It appears that Mr. Bull is likely to get more kicks than coppers for his interference in behalf of the Southern Confederacy. Brick Pomeroy's paper addresses the old gentleman as follows:

Your conduct to both parties during our terrible war is a stretch in the nostrils of all who then were courageous foes. John, there is not a man alive who fought upon our battle-fields during all our fight, on either side, nor have those men a son, who will not feel it to be not only a religious duty, but also a duty he owes to his manhood, to whip you thoroughly whenever you shall kindly afford the ghost of an opportunity.

The Democratic papers will insist that the 15th amendment confers citizenship on the Chinese, notwithstanding it bears evidence of the contrary on the face of it. But there is no use in denying it, nor exposing the lie, they will still ring it out in all the changes of which a lie is capable.

SUNDAY.—When President Grant gave orders that Sabbath should be strictly observed in his department, he did an act which shows a degree of moral courage worthy of his gallantry in the field.

EDITORIAL CONVENTION.—An exchange suggests Salem as the place, and the occurrence of the State Fair as the time, in which to hold the Editorial Convention, and asks, "Is it a whiz?"

At a country town in New Jersey, a little boy, who was jumping about and bawling loudly, was asked why he wept. The following reply touched all hearts: "I want my mammy; that's what's the matter. I told the darned thing she'd kce me."

Within a mile of Elko, on the road to White Pine, there is a large natural swimming-bath, where visitors can choose their temperature, from tepid to boiling. The depth is said to be very great, and some say that at 200 feet no bottom has been found. The floating population of Elko, which is very large, indulge in frequent bathing.

COLIC.—Late advices inform us that ex-President Johnson is suffering from a severe attack of the colic! Oink!

Northern Pacific Railroad.

As it is understood that Jay Cooke & Co., the banking firm of New York who so successfully put our national debt on the market, and made it so popular a loan, have undertaken to put the Northern Pacific Railroad through—from Lake Superior to Puget Sound,—the people of Washington Territory are naturally enough jubilant over their future prospects.

ILLINOIS CORN CROPS.—Telegrams of the 25th from Chicago, state that much uneasiness was felt regarding the corn crops, owing to the protracted rains, which still continue.

RENOMINATED.—The Pennsylvania Republican State Convention renominated John W. Geary as their candidate for the Governorship. Gov. Geary is the brother of Rev. E. R. Geary of this city, and is a leading man in the Republican party.

One evening last week a vagabond assaulted a lady on Third street, San Francisco; whereupon she picked up a cobble stone and knocked him down, cutting an ugly gash in his head.

An Arkansas editor published a leading article on hogs, whereupon his village contemporary and rival upbraided him for obtruding his family matters on the public.

The Democracy of San Francisco are progressing. The Democratic Committee of Arrangements for the celebration of the 4th in San Francisco, having reindited its former action in the premises, now invite the colored people of that city to participate in the ceremonies of the occasion!

The Roseburg Ensign says that farmers have commenced harvesting oats on Deer Creek, and that the crop will be but a medium one. The hay crop, mostly gathered, is also small, and were it not for the amount of last year's crops still on hand, hay would command a much higher price than usual this fall.

Dates from Portland state that George Francis Train had arrived in that city, and would deliver a series of four lectures during the present week.

The national debt is being reduced month by month, slowly but surely. We are promised, for the month just passed, a reduction of six millions of dollars.

WHEW!—The weather of the present week has been rather an improvement on that of last. Last week it was as hot as blazes; the past week it has been as hot as two blazes!

The Republican State Convention of California will be held on the 21st of July, at Sacramento; the Democratic at the same place, on the 29th.

Miss Martha Biddle, a Maryland school teacher, whose salary wasn't paid, argued her claim in Court and got her money.

Miss Ada Eaton, a cyprian, known in the mines of Idaho as "Oregon Sis," died recently at Silver City, Idaho, from an overdose of morphine.

A Paducah (Ky.) paper says if the radicals are determined to have an Emperor in this country, let them take Bob Lee.

BIG OX.—The San Francisco Times tells of a big ox on exhibition, and gives its size as seven and a half hands—30 inches—high! Truly a whopper!

According to the Corvallis Gazette, 20,000 sheep have been driven from Benton county in the last few months.

DIPHTHERIA.—This disease has made its appearance in Jackson county, and has proved fatal in a majority of instances.

CABLE LAID.—Up to the 25th of June the Great Eastern had laid 406 miles of cable.

S. S. Conant, late managing editor of the Times, succeeds Raymond as editor-in-chief.

Indian depredations are reported below Fort Kearney. Nothing serious.

Eastern Intelligence.

Chicago telegrams of the 26th say that the rainstorm still continues in the entire Northwest, and fears were entertained that the entire corn crop would be destroyed in many parts of the country.

From Leavenworth, Kansas, dates of the 26th June gives the information that a terrible storm had prevailed on the day and night previous, doing great damage. Wheat harvest had commenced in the Southern portions, and the prospects were very flattering for a large yield.

The whole number of votes cast, as returned to the Methodist of New York, June 27th, on the subject of lay delegation, by members of the M. E. Church, is as follows: For lay delegation, 27,587; against, 13,871; total vote, 38,458.

Temperance Mass Meeting.

EDITOR REGISTER.—On Friday, July the 9th, there will be a public mass meeting of the friends of temperance in Linn county, held on the camp-ground near Lebanon. The exercises, commencing about 10 A. M. of that day, will consist in speaking, singing, etc.

By order of Com. of Arrangements.

M. C. GEORGE, Ch'n.

VERY LUCID.—Tommy Newcomb, the sprightly local of the Oakland Transcript having inadvertently used the term "Hardshell Baptist," an indignant subscriber demands to know what he means thereby. Tommy is not quite positive, but thinks it means "a crustaceous evangelical animal who has been out of water a considerable length of time."

Mr. Ira Miller, who has been suffering from an attack of erysipelas for some days, is able to be on his "pins" again, we are glad to see.

LOCALS.—Biz has kept us so closely confined to the office the present week, that we have not been able to make "local items" pan out to any great extent.

DUSTY.—From present appearances the coming will be the dustiest season ever experienced in this section.

DRESS GOODS.—P. C. Harper & Co. have some superior ladies dress goods—latest patterns.

Our paper not getting here until late Wednesday night, we "worked" it dry, which accounts for the bad print.

State Fair commences on Monday, October 11th, and will continue during the week.

Dates to the 28th from Liverpool state that 2,800 emigrants left that city for America the week previous.

Terrible rainstorms visited portions of New York and Canada on the 27th destroyed dams, bridges, fences, &c., to an immense amount.

THANKS.—For the presentation of a box of nice currants we are under obligations to Miss Margaret and Mary Burnett. They will please receive our best wishes.

NEW ADVERTISEMENTS.

June 12-3m-10 Over 10,000 Persons

TESTIFY to the wonderful cures of Dr. J. W. Murray's

Balsam for the Liver and Blood, Nature's own remedy. One of the celebrated physicians of Portland says he is cured of the Lung and Liver complaint, and says he owes his life to Dr. Murray's Lung and Liver Balsam.

Read what he says: PORTLAND, May 21, 1869. I have tried Dr. J. W. Murray's Lung and Liver Balsam. I used it in my family with the best of success. I was sick for some months and used every remedy. I called in several physicians, but they did me no good. I exhausted every remedy known to the medical profession, and received no benefit. This Lung and Liver Balsam cured me, and I do not hesitate to recommend it to the public as a good and safe remedy to the public and my friends. It is good, and those who know me, as many do in this State, as I have lived in many parts of it, know that I would not recommend them to use a thing that had no merit, because I am opposed to quack remedies. G. W. BROWN, M. D.

General Agents: SMITH & DAVIS, Portland, Oregon. HODGE & CALEF, June 5, '69-32-4

Agents Wanted—\$10 a Day. Two \$10 Maps for \$1.

USE MURRAY'S IMPROVED MAGIC Oil—the King of Pain.

"GAY" NEWS. Farmers Can Ride and Plow,

BY SECURING ONE OF THE "GAY" PLOWS, Manufactured and sold for the very low price of \$65 and \$75.

THE simplicity and practicability of this new Plow commends it favorably to the special notice of every farmer. It possesses decided superiority over all other plows now in use. The wheels are four feet in diameter, and run on the unplowed land. Its entire construction is in no way complicated. The plow is managed in every manner with ease, and requires only two levers to be used in making any alteration. The superiority of the "Gay" Plow will be clearly shown by the following certificate:

We, the undersigned, citizens of Linn county, Oregon, having purchased and used upon our farms the "Gay" Plow, hereby certify that the same has given us entire satisfaction. Its facility for adjusting to suit the depth of furrow without moving from the seat, is simple and easy. We like the plow for its draught, because the same is brought to bear directly upon the plow-beam instead of the carriage; also, because it is strong and durable, all except the wood-work being constructed of wrought iron—no castings are used. The wheels running upon the solid land is an advantage over other gang-plows, in striking off land and in plowing, not having to make the necessary changes in the machinery, and the seat is always level, not throwing the driver forward or sideways as in other plows. Better work and more of it can be accomplished by the use of this Plow than by hand.

We take pleasure in recommending the "Gay" Plow to our brother farmers, as one having no superior in Oregon. J. G. REED, W. P. ESHOM, A. S. LOONEY, E. W. PIKE, W. H. GOLTREE, H. DAVIDSON, May 20th, 1869.

The "Gay" Plow is manufactured by H. Goulding, Portland Machine Shop. All orders will be promptly attended to by addressing. C. F. GAY, Portland, Oregon.

Albany Agents. J. BARROWS & CO., Agents for Linn & Benton counties. JOHN BRIGGS, Agent for Linn & Benton counties.
