The Albany Register.

SATURDAY, AUGUST 7, 1869.

LOCAL AFFAIRS

CASH SYSTEM.—Our experience in the newspaper business has thoroughly convinced us that the credit system won't pay—that promises wont keep a newspaper in running order. We have, therefore, adopted the cash system—payment in advance. Volume One of the REGISTER will close with the issue of September 4th, 1869, when all subscriptions on which advance payments have not been made, will be discontinued. We would be sorry to lose a single subscriber from our list because of the adoption of this rule, but justice to ourself demands it. If the paper is worth the price asked—$3—it is just as convenient to pay it at the commencement as at the close of the volume: if it is not worth the subscription price, don't take it—there's no compulsion in the matter. We hope to retain all our old subscribers, and to obtain many new ones for Volume Two. As our subscription list enlarges, so will the size and interest of the paper increase. This is our say for the future.

LOOKING TOWARD IMMIGRATION.—At a meeting held in Portland, August 3d, an Immigrant Aid Society and Labor Exchange for Oregon was formed, a constitution and by-laws adopted, and to put the institution fairly on its feet and in working order, committeemen were appointed in all the principal towns and cities in the State, whose duty it will be to solicit subscriptions of money—each person paying $10 being entitled to full membership in the association. For this city, Dr. W. F. Alexander and W. Monteith, Esq., have been appointed; Hiram Smith and E. B. Moore, for Harrisburg; F. A. Chenoweth and D. G. Clark, for Corvallis. The first meeting for the election of trustees is to take place at Portland, August 10th, and all those who have paid $10 will be entitled to a vote at such meeting. Such organizations, properly conducted, are calculated to be of vast benefit to our young State, and we hope to see all citizens who have the future welfare of Oregon at heart take hold and do what they can to make the association a success.

RIVER NAVIGATION.—The Willamette river, be it known, is at this juncture in civil affairs lower by considerable than ever before known within the memory of the "oldest inhabitant." This being the case, the P. T. Co.'s boats find the utmost difficulty in getting their lightest draft steamers to this point, although carrying but the slightest amount of freight. There being considerable freight here awaiting an early shipment, Captain Merrill, who owns a flat boat, attached to which is a couple of paddle-wheels run by horse power, on Thursday, loaded on the aforesaid horse-power flat-boat 750 bushels of oats, 25 boxes of eggs, and 3 kegs of butter, and accompanied by S. S. Markham, Esq., started for Salem and probably Oregon City. The last heard of these brave navigators, they were moving down the river slowly but grandly, and it was thought, in time, would arrive at their destination. Success to enterprise.

SANTIAM ACADEMY.—The Santiam Academy, located at Lebanon, some ten miles from this city, is one of the best institutions of learning in the State. The catalogue of the school for the year 1869, shows a good attendance and a healthy condition generally. Rev. W. D. Nichols, Principal; Mrs. S. C. Nichols, Preceptress, and Miss Clara D. McDonald, Assistant. Rates of tuition are—primary, per term, $5 25; academic, $6 25; languages, $2 extra; Commercial, $10 extra; instrumental music, with use of piano, $10 extra. Usual charges for ornamental branches. First term commences Sept. 1st, closing Nov. 16th, 1869; second term commences Nov. 17th, 1869, closing Feb. 1st, 1870; third term commences Feb. 2nd, closing April 19th, 1870; fourth term commences April 20th, closing July 12th, 1870.

GEO. W. CANNON.—This gentleman is our agent at Portland, and we can say from business transactions had with him, that he is a straightforward, upright gentleman with whom it is a pleasure to do business, and we can conscientiously recommend him to the "press gang" of Oregon.

CLOSH. — We are indebted to Mr. Pierson, of the corner grocery establishment, for the first watermelon of the season. It was nif.

BRIEF MENTION. — Weather warm through the day; nights and mornings cool. Through the week wheat has been coming in but slowly—no change in quotations from last week—50@55 cents per bushel. The new addition to Messrs. Beach & Monteith's Steam Mills is very nearly or quite completed. The new hotel building of Hauck & Myers is fast approaching completion, and will be a fine looking building. We notice that Gradwohl has been fitting up and beautifying the frame dwelling, adjoining the burnt district, on Second street. Denny has some nice cabinetware and furniture, which he is offering at very low rates. Harper & Co. are having their stock of desirable dry-goods rapidly reduced by their numerous customers. Our market is well supplied with huge plums, green corn, watermelons, apples, etc., at fair prices. Business generally quiet, as harvesting is still being prosecuted;—trade is expected to look up after harvest. Grouse, pheasants, ducks and quail are abundant, a short distance from the city, in almost every direction, and our hunters "go" for them.

FOR COAST FORK.—Our obliging Postmaster, and for five or six years Deputy Collector of Internal Revenue, E. A. Freeland, left us on Friday for a trip to Coast Fork, there to fish, and hunt, and recreate generally, for a few days. This is about the first relaxation from business that Mr. Freeland has taken for eight years, and if anybody is entitled to a vacation, he certainly is. A man who can stand the annoyances and vexations attendant upon running a postoffice, and not be tempted to "get up and git" a least once a week, must have the patience of half a dozen Jobs and the constitution of a rhinoceros. Ed's long and faithful services entitle him to this brief respite from his laborious duties, and everybody wishes him and his a pleasant and health-giving trip, and a safe return.

KICKED BY A HORSE.—On last Wednesday, a little boy, about five years old, son of Henry Johnson, living just across the river in Benton county, was kicked by a horse. The foot of the horse struck the little fellow over the right eye, cutting through to the skull above and to the cheek bone below. Dr. Hill, who was called in to attend the wounded boy, thinks the matter not a serious one, and that he will soon be all right again. The eye was not injured.

PREACHING.—Bishop Kingsley, one of the most talented and eloquent divines of the Methodist Church, passed through this city on Wednesday, on his way to Eugene City, to preside at the Annual Conference to be held there the present week. He promised, if it were convenient, to deliver a sermon in the M. E. Church of this city on his way back, which will probably be on Tuesday or Wednesday next. All should go and hear him.

BAPTIST CHURCH. — Rev. J. S. Backus, Agent of the Baptist Home Missionary Society, and Rev. Geo. C. Chandler, of McMinnville, are expected to arrive in this city to-day, and one or both of them will preach in the Court House, on Fourth street, to-morrow. Rev. Mr. Backus is spoken of as a gentleman of rare ability.

FINE BUILDING.—The Chicago *Tribune* Company has kindly sent us a large lithograph picture of their new marble building, just completed in that city, at a cost of a quarter million dollars, for the office of that sterling Republican paper. As Chicago possesses the most energetic business men in the world, and is decidedly the fastest city, she is entitled to the most splendid building for a printing office—and she has it.

LIFE INSURANCE.—Another instance of the benefits derived from life insurance has just transpired. Mr. Miller, drayman of Portland, who died so suddenly on the 2nd instant in that city, was insured in the New England Life Insurance Company, in the sum of $5,000. Although his policy comes under the lapse law, he having paid no premium since January, 1868, yet this noble Company has decided to pay it up, and the wife and family of deceased, who are said to be left very poor, in debt, and in almost absolute want, will receive the snug little sum of $4,700. If there was anything wanting to prove the absolute generosity of the New England, its fair dealing and liberality with those to whom it issues policies, the above act more than fills the bill. Hurrah for the New England.

MEASLES. — The Indians who are roving around through the country, and who ought to be on the reservations, are said to be dying off with the measles.

BORN—Wednesday morning, August 4th, to the wife of Capt. Jas. M. Shields, a boy—a ten pounder. Hurrah for the County Treasurer.

Washing Clothes Without Labor.

THE
Automatic Clothes-Washer
AND
BOILER!

Does this without any wear and tear, and does the work in from

Twenty to Thirty Minutes!

and will fit any stove or range. They are used extensively in the East, and the following will show how they are regarded:

From the Toledo *Commercial*, April 22d, 1869: "The Automatic Clothes-Washer."—The new method of washing clothes without labor as done by the "Automatic Clothes Washer and Boiler," is attracting, as might naturally be supposed, a good deal of attention. This remarkable machine continues to show to astonished visitors, whose numbers are daily increasing, how simply and easily a large days washing can be effectually accomplished in comparatively short time by this labor saving invention.

From the Cleveland *Plaindealer*, March 12th, 1869:—"The Automatic Clothes Washer.—Nothing in the way of a patent has for a long time awakened such a general interest, as the above named invention. Washing without labor by the mere force of heat, is a step so important and new that it naturally excites a great deal of inquiry. The genuine merit, the cheapness and simplicity, must make it an article of universal use, and those seeking an investment cannot do better than to look into it.

A New Gold Metal.

THE
Gold Metal Watches!
NOW BEING INTRODUCED BY
C. E. COLLINS & CO.,
629 Washington street, San Francisco,

Surpass anything yet made in the way of an imitation Gold Watch. They wear well and keep good time.

The Ladies' Watches cost $8, $10 and $15 each; the Gentlemens' cost $15 and $20 each. Chains, from $3 to $6 each.

RECOMMENDATIONS:

SAN FRANCISCO, May 12, 1869.

This is to certify that I have carried one of the small size Gold Metal Watches which I got of C. E. Collins & Co., and I find that it runs as well, and keeps as good time as any watch I ever carried, and I can therefore recommend them. I am engaged on Sacramento steamer Chrysopolis.
C. A. COLBY.

I am engineer on the San Jose Railroad; I have been carrying one of C. E. Collins & Co.'s Watches for about one year, and I can safely say it is the *very best* watch for time, that I have ever seen.
GEO. CORNWALL,
Engineer on the San Jose Railroad.

TOANO, May 20, 1869.

Messrs. C. E. Collins & Co.—I wish to know on what terms you will send five or six watches to one address. Several of the men in this machine shop are highly delighted at the watch I got of you; I am very much pleased with it; it gives satisfaction. Hoping to hear from you soon, I remain yours,
R. H. PATTON,
Clerk, Toano, C. P. R. R.

For List of Prices and description of Goods, send directly to us. Can be sent by express, to be paid for on delivery.
C. E. COLLINS & CO.,
629 Washington street, San Francisco.

P. S.—Where six Watches of the above are ordered at one time, we will send one extra, free of all charge. We also deal in the finest Gold and Silver Watches, watchmaker's and jeweler's tools and materials, at the very lowest possible rates.

The new Gold Metal Watches now being introduced by C. E. Collins & Co., of San Francisco, seem to be just the thing for those desiring a cheap and at the same time good-looking time keeper. One of the young lady compositors in our office has one of the cheapest kind advertised—$8—which runs well, keeps good time, looks well, and seems to fulfill all the requirements of a high-priced watch. The chain sent with this watch is of exquisite design and high finish. See their advertisement in another column.—*Alpine Miner.*

WATCHES.—We have received one of the new Gold Metal Watches from C. E. Collins & Co., of San Francisco. It is neatly finished, hunting case, keeps good time and is, without doubt, the best watch for the price that can be purchased in San Francisco.—*La Porte Union.*

WHAT NEXT?—Cheaper than silver—looking and wearing like gold—neither plated or galvanized—are the new Gold Metal Watches we saw last week at our friend Collins'. If we had not a gold watch—which we have to pay each year $2 to "Uncle Sam" for the privilege of wearing—we certainly would have a Gold Metal Watch.—*Spectator.* jy45tf

Notice!

United States Internal Revenue Collector's Office, District of Oregon.—Notice is hereby given that the Annual list of Taxes for 1869, also monthly lists for months of April and May, 1869, assessed in the county of Marion, has been placed in my hands for collection. All parties are hereby notified that I will be

At Albany, from July 19th to 24th;
Corvallis, Benton county, 26th to the 29th, inclusive;
Dallas, Polk county, 31st to 4th of August, inclusive;
Lafayette, Yamhill county, August 6th to 10th inclusive.
Oregon City, Clackamas county, August 12th to 16th inclusive,

to receive and receipt for taxes assessed on said list, to wit: Special Taxes, (licenses) income taxes, taxes on Carriages, Watches and Gold and Silver Plate. Unless payment is made at the time and place above specified, collection will be made by distraint and sale of property.

NEW ADVERTISEMENTS.

More than 1,000,000 Persons
Bear testimony to the Wonderful Curative Effects of
DR. JOSEPH WALKER'S

"The life of all Flesh is the Blood thereof." Purify the Blood and the health of the whole system will follow. It is a gentle Purgative as well as a Tonic. These Bitters are not a gilded pill, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

CALIFORNIA
VINEGAR BITTERS,
Manufactured from the native Herbs and Roots of California, are
The Great Blood Purifier.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such diseases are caused by VITIATED BLOOD, which is generally produced by derangement of the Digestive Organs.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.

Sold by all Druggists and Dealers.

Manhattan Life Insurance Co.,
OF NEW YORK.

Assets.....$6,000,000
Annual Income.....2,500,000

Surplus over Liabilities
LARGER THAN
Any other Company doing Business IN OREGON.

Advantages to Insurers.

Smallest Ratio of mortality.
Expenses less than any Cash Company.
Liberal modes of Payment of Premiums.
Insurers receive the Largest Bonus ever given.
All kinds of Non-Forfeiting Life and Endowment Policies Issued.
Policies Incontestible.
All Endowment Policies and the Non-Forfeiting Life Policies, Non-Forfeitable after one Payment.

The following are examples of the operations of the last dividend:—Policies issued in 1865, only four years ago:

Age at Issue.	Amount Insured.	Premium Paid.	Added to Policy.	Total Am't Policy.
40	$10,000	$1,280	$3,572	$13,572
35	8,000	1,022	2,348	10,348
30	7,500	780	2,703	10,208
25	7,000	571	2,505	9,505

This is an entirely new plan, giving Insurers the largest return ever made by any Company in the same period.

The Company give credit when desired, of from 33 to 50 per cent. of premiums.

An illustration of the advantages of the credit system as practiced by this Company, is the case of H. C. Coe, of Yonkers, who insured his life in this Company for $5,000, in February, 1857, paying the whole premium in cash, $118; at the end of the first year it was impossible for him to raise the amount of the premium then due, in cash, and he came to the office prepared to surrender the policy. Being told that he could give his note for the premium, he did so. His death occurred in less than seven months. His family are now in the enjoyment of the amount insured. Had he insured in an "all cash" Company, they would have been left unprovided for.

This is, in itself, a complete refutation of the absurd statement of "all cash" Companies, that it is injurious for the insurer to have the power to give a note under any circumstances.

TESTIFY to the wonderful cures of
Dr. J. W. Murray's

Balsam for the Liver and Blood, Nature's own remedy. One of the celebrated physicians of Portland says he is cured of the Lung and Liver complaint, and says he owes his life to
Dr. Murray's Lung and Liver Balsam.
Read what he says:

PORTLAND, May 24, 1869.

I have tried Dr. J. W. Murray's Lung and Liver Balsam. I used it in my family with the best of success. I was sick for some months and used every remedy. I called in several physicians, but they did me no good. I exhausted every remedy known to the medical profession, and received no benefit. This Lung and Liver Balsam cured me, and I do not hesitate to recommend it to the public as a good and safe remedy to the public and my friends. It is good, and those who know me, as many do in this State, as I have lived in many parts of it, know that I would not recommend them to use a thing that had no merit, because I am opposed to quack remedies. "GAY" NEWS.

Farmers Can Ride and Plow,
BY SECURING ONE OF THE
"GAY" PLOWS,
Manufactured and sold for the very low price of
$65 and $70.

THE simplicity and practicability of this new Plow commends it favorably to the special notice of every farmer. It possesses a decided superiority over all other plows now in use. The wheels are four feet in diameter, and run on the unplowed land. Its entire construction is in no way complicated. The plow is managed in every manner with ease, and requires only two lovers to be used in making any alteration. The superiority of the "Gay" Plow will be clearly shown by the following certificate:

We, the undersigned, citizens of Linn county, Oregon, having purchased and used upon our farms the "Gay" Plow, hereby certify that the same has given us entire satisfaction. Its facility for adjusting to suit the depth of furrow without moving from the seat, is simple and easy. We like the plow for its draught, because the same is brought to bear directly upon the plow-beam instead of the carriage; also, because it is strong and durable, all except the wood-work being constructed of wrought iron—no castings are used. The wheels running upon the solid land is an advantage over other gang-plows, in striking off land and in plowing, not having to make the necessary changes in the machinery, and the seat is always level, not thr wing the driver forward or sideways as in other plows. Better work and more of it can be accomplished by the use of this Plow than by hand.

We take pleasure in recommending the "GAY" Plow to our brother farmers, as one having no superior in Oregon.

J. G. REED, W. P. ESHOM,
A. S. LOONEY, E. W. PIKE,
W. H. GOLTTREE. H. DAVIDSON,
May 20th, 1869.

The "GAY" PLOW is manufactured by H. Goulding, Portland Machine Shop.

All orders will be promptly attended to by addressing,
