ALBANY COLLEGIATE INSTITUTE .-This institution will open, under the charge of Rev. Edward R. Geary and Rev. Samuel G. Irvine, on Monday, October 18th, 1869. Under the guidance and teachings of these two able gentlemen and finished scholars, with a corps of competent teachers, the ensuing collegiate year should be the most prosperous and profitable the Institute has enjoyed since its establishment. The inducements offered by this college, in the possession of teachers of such high moral reputation and literary ability, together with the low rate of tuition, the cheapness of living, board being but \$4 per week, should induce a large attendance of the young ladies and gentlemen of Linn and adjoining counties during 1869-70. Read the advertisement in another column.

WHAT HE SAYS-He means-you can bet your "bottom dollar" on it. Mr. Cheadle offers 70 cents, in goods, for wheat, for the next ten weeks. He will also receive wheat in payment of outstanding accounts, paying therefor 70 cents per bushel. As he intends to Seave Albany, he wishes all those in arrears to him not to be backward in coming forward and "shelling out," either in wheat or the "cash monish." Look over his advertisements carefully, and see what you shall see In the meantime, if you want a bran new two-horse wagon, manufactured to last, look well and do tween this point and Salem in one week real 'service, call at Mr. Cheadle's and get one for one hundred and sixty-five dollars. Moreover, if you have any kind of produce you wish to sell, call at Cheadle's, as he's strictly on it, and will "barter" with you for anything you have obtained \$5 50 per barrel, in San Franto dispose of. Fact is, Cheadle is a live cisco, for 1,000 barrels of Oregon flour. man-if you don't believe it, try him on

To FARMERS. - Our agricultural friends, and parties running threshers, are specially requested to read the card a big figure. of Mr. J. H. Douthit in this issue. Mr. Douthit is engaged in collecting statistical information in regard to the productions of Lina county, for the Agricultural Department at Washington City, and a report of the number of bushels of wheat and oats threshed, by parties runber of bushels raised in Linn county the past season. Any reports left at this office will be gladly published.

received the catalogue of this institution | Wm. O'Reily, of Corvallis, on Thursday for the year ending July, 1869. From it we learn that the total attendance during the past year, was 227. The of September; medical department commences on the 4th of November, and continues four months. This is one of the most complete and thorough establishments on the Pacific coast, and as such is rapidly gaining in popular favor.

MEDICATED SOAP. - Last Saturday Mr. J. W. Watson left with us a sample of soap which he is engaged in introducing, recommending it not only for the usual purposes for which soaps are used, but as being specially efficacious in removing "grease spots" and stains from clothing, removing pimples from the skin, and as having no superior in cleaning silks, laces, ribbons, etc. So far as we have tried it, it proves to be all it is recommended. Sold by all druggists and

GOING EAST .- To the regret of their many friends, J. Barrows, Esq., and family intend starting East in a few days. Mr. Barrows has been actively engaged in business in our city for many yearshas saw Albany grow from almost a merc trading post to a flourishing city. Taking an active and prominent part in her growth and prosperity, and conducting business in an honorable and straightforward manner, he has made many warm personal friends, who will be sorry to hear of his intended departure from among us. We are inclined to the opinion, however, that his absence will be of short duration, and that he will find no place that seems so much like "home" as Albany. Mrs. Walter Monteith and Mrs. Sam'l Althouse will start East at the same time, on a visit. They have our best wishes for a pleasant and safe journey.

BRIEF Mention .- Rev. N. Rounds, President of Willamette University, called on Monday. The University is in a flourishing condition.

Mr. F. M. Wadsworth presented us with a basket of fine large tomatoes, on Wednesday last. Good boy.

Mr. L. E. Blain, of the firm of Blain & Young, starts for San Francisco on Monday, to make their usual fall and winter purchases.

Good PRICE .- We hear of a transaction in flour, whereby parties in this city As the only sales we have noticed of this article for several days in San Francisco were made at \$4 per barrel, and that, too, for fine county brands, the above price is

WADSWORTH & KUHN .- Everybody knows "Wad." Well, "Wad" has taken into "cohootnership" C. C. Kuhu, a hyas closh paintist and a good egg generally, and the two form a team awful hard to beat. Call and see them. Read their card.

COURT HOUSE PAINTING .- We understand that the contract for painting WALLAMET UNIVERSITY .- We have the Court House was awarded to Mr. last. The sum to be paid by Linn county for said painting, is eleven hundred and forty dollars. It seems that Mr. collegiate term commences on the 13th O'Reily's bid was the smallest handed in.

> BACK AGAIN .- Ex-Recorder Doolittle arrived in our city from Walla Walla (W. T.), on Saturday last. We are sorry to be informed that his health has not been materially benefitted by the change. He will remain in our city for a short

NAME CHANGED .- That popular institution of Portland, lately known as the Western Hotel," since going into the hands of the new "bosses," has been rechristened, and will hereafter be known as the "Occidental." Messrs. Smith & Cook, two popular hotelists, have refitted and newly furnished the entire hotel. have added several new rooms, enlarged the dining room, etc., etc., and the Occidental now stands A I among the hotels of Portland. Read the new card.

STATE PAPER .- A new advocate of Republican principles, called the Republican, printed at Edwardsville, th county seat of Madison county, Illinois, has reached us. It is a large, neatly printed and ably edited journal, and being right politically, we hope financially it will be a "big thing"-a grand success. It deserves a generous support. S. V. Crossman, formerly of Alton (Ill.), is the editor and proprietor.

FAIR YIELD .- One of our best farmers Mr. Hugh Nickerson, informs us that he has harvested twenty-five hundred bushels of wheat from one hundred acres Twenty-five bushels per acre of one hundred acres is a pretty fair yield, taking the unfavorableness of the season into consideration.

An illustration of the advantages of the credit system as practiced by this Company, is the case of H. C. Cee, of Yonkers, who insured his life in this Company for \$5,000, in February, 1857, paying the whole premium in eash, \$118; at the end of the first year it was impossible for him to raise the amount of the premium then due, in cash, and he came to the office prepared to surrender the policy. Being told that he could give his note for the premium, he did so. His death occurred in less than seven months. His family are now in the enjoyment of the amount insured. Had he insured in an "all cash" Company, they would have been left unprovided for.

This is, in itself, a complete refutation of the absurd statement of "all cash" Companies, that it is injurious for the insurer to have the power to give a note under any circumstances.

PORTLAND, May 21, 1869. I have tried Dr. J. W. Murray's Lung and Liver Balsam. I used it in my family with the best of success. I was sick for some months and used every remedy. I called in several physicians, but they did me no good. I exhausted every remedy known to the medical profession, and received no benefit. This Lung and Liver Balsam cured me, and I do not hesitate to reco mend it to the public as a good and safe remedy to the public and my friends. It is good, and those who know me, as many do in this State, as I have lived in many parts of it, know that I would not recommend them to use a thing that had no merit, because I am opposed to quack remedies. "GAY" NEWS.

Farmers Can Ride and Plow, BY SECURING ONE OF THE

Manufactured and sold for the very low price \$65 and \$75.

No. 3 and 5 Front Street, near Market, THE simplicity and practicability of this new Plow commends it favorably to the special notice of every farmer. It possesses a decided superiority over all other plows now in use. The wheels are four feet in diameter, and run on the unplowed land. Its entire construction is in no way complicated. The plow is managed in every manner with ease, and requires only two levers to be used in making any alteration. The supe-riority of the "Gay" Plow will be clearly shown by the following certificate:

We, the undersigned, citizens of Linn county, Oregon, having purchased and used upon our farms the "Gny" Plow, hereby certify that the same has given us entire satisfaction. Its facility for adjusting to suit the depth of furrow without moving from the seat, is simple and easy. We like the plow for its draught, because the same is like the plow for its draught, because the same is brought to bear directly upon the plow-beam instead of the carriage; also, because it is strong and durable, all except the wood-work being constructed of wrought iron—no castings are used. The wheels running upon the solid land is an advantage over other gang-plows, in striking off land and in plowing, not having to make the necessary changes in the machinery, and the scat is always level, not threwing the driver forward or sideways as in other plows. Better work and more of it can be accomplished by the use of this Plow than by hand.

Plow than by hand. We take pleasure in recommending the "GAY"
PLOW to our brother farmers, as one having no superior in Oregon. J. G. REED, W. P. ESHOM, A. S. LOONEY, W. H. GOLTTREE. E. W. PIKE, H. DAVIDSON.

May 20th, 1869. The "GAY" PLOW is manufactured by H. Goulding, Portland Machine Shop.
