I have tried Dr. J. W. Murray's Lung and Liver Balsam. I used it in my family with the best of success. I was sick for some months and used every remedy. I called in several physi-cians, but they did me no good. I exhausted every remedy known to the medical profession, and received no benefit. This Lung and Liver Balsam cured me, and I do not hesitate to recom-mend it to the public as a good and safe remedy to the public and my friends. SANTIAM ACADEMY .- We call special attention to the card of this institution of learning which appears in our columns this morning. It is situated in the suburbs of the beautiful little village of Lebanon; and added to the inducements of the healthy locality, moral surroundings, able faculty, chespness of living, etc., the tuition is lower than at any other school of high grade in the State of Oregon. For further information ad-dress Rev. W. D. Nichols, Lebanon, Oregon.

LIFE INSURANCE .- Several of the leading citizens of this city, Brownsville, and throughout the county, we notice, have recently availed themselves of the libiberal rates of insurance offered by the New England Life Insurance Company of Boston. This is one of the oldest and safest companies doing a life insurance business in the United States, and as all well-informed people agree in the benefits accruing from such investments, we call attention to the advertisement of the above Company in this paper, assuring those who invest in one of its policies that they will lose nothing by the operation, as all policies are non-forfeitable. Messes Russell & Elkins are the agents doing business for this Company in this city. Vin Harry Ru

### Albany, Oregon.

We, the undersigned, citizens of Linn county, Oregon, having purchased and used upon our farms the "Gay" Plow, hereby certify that the same has given us entire satisfaction. Its facility for adjucting to suit the depth of furrow without moving from the seat, is simple and easy. We like the plow for its draught, because the same is brought to bear directly upon the plow-beam in-stead of the carriage; also, because it is strong and durable, all except the wood-work being con-structed of wrought iron-no cattings are used. The wheels running upon the solid land is an ad-vantage over other gang-plows, in striking off land and in plowing, not having to make the nec-essary changes in the machinery, and the seat is always level, not throwing the driver forward or sideways as in other plows. Better work and more of it can be accomplished by the use of this Plow than by hand. AVING TAKEN INTO CO-PARTNER-SHIP JANES ELKINS, ESO., ex-Clerk of inn county, we are enabled to add to our practice of Law and Collections, superior facilities for Conveyancing, Examining Records,
