A successful business man of New Albany, Indiana, was recently urged to take charge of a class in a Sunday school. He said, "No, indeed, sir; I will not teach a class." "Why not," cellent reason," he answered. "I once had a class of three boys in a Sunday school. After teaching them awhile one of them was sent to jail, and another arraigned for a crime in the l'olice court. To save the other from a similar fate I gave up the class, and I will never teach another, for Sunday school is evidently not my forte."

ARE: It is a National Company, chartered by special Act of Congress, 1868. It has a Paid-up Capital of \$1,000,000. It offers Low rates of Premium. It furnishes Larger Insurance than other Com-

panies for the same money.

It is Definite and Certain in its Terms.

It is a Home Company in every locality.

Its Policies are exempt from Attachment.

There are no Unnecessary Restrictions in the Pol-Every Policy is Non-forfeitable.

Policies may be taken which Pay to the Insured their Full Amount and Return all the Pre-miums, so that the Insurance costs Only the Interest on the Annual Payments.

Policies may be taken that will Pay to the Insured, after a certain number of years, Dur-

ing Life, an Annual Income of One-Tenth the Amount named in the Policy. No Extra Rate is charged for risks upon the Lives of Females. Insures not to Pay Dividends, but at so low a cost that dividends will be impossible.

ITS POLICIES ARE NEGOTIABLE. By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its policies at their value which, when accompanied by the policy duly assigned or transferred, are negotiable, and may be assigned as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sanford, Insurance Commis sioner of Massachusetts, in his Report for 1868 speaking of Dividends in Life Insurance Compa nies, says. "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and the most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most up right and judicious management."

"By the Stock plan the full cash effect of the premium is immediately secured to the insured, the Company taking ALL the risk. By the Mutual plan, the full value in insurance of the pre-mium paid, is not secured to the policy-holder, who takes a portion of the risk himself."

I have tried Dr. J. W. Murray's Lung and Liver Balsam. I used it in my family with the best of success. I was sick for some months and used every remedy. I called in several physicians, but they did me no good. I exhausted every remedy known to the medical profession, and received no benefit. This Lung and Liver Balsam cured me, and I do not hesitate to recommend it to the public as a good and safe remedy to the public and my friends. It is good, and those who know me, as many do in this State, as I have lived in many parts of it, know that I would not recommend them to use a thing that had no merit, because I am opposed to quack remedies.
