By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its policies at their value which, when accompanied by the policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sanford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says, "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and the most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most up right and judicious management."

"By the Stock plan the full cash effect of the premium is immediately secured to the insured, the Company taking ALL the risk. By the Mutual plan, the full value in insurance of the premium paid, is not secured to the policy-holder, who takes a portion of the risk himself."
