## The Albany Register. SATURDAY, JANUARY 29, 1870. U. S. Official Paper for Oregon.

Internal Revenue Incomes.

Our attention has been called to the fact that the present is the time to make up incomes for the year 1869. A correct return is much more easily made generally, than if made up at a later pepersons who keep no regular book acwe give section 118 of the Internal Rev. Stanton :

enue Law, which provides as follows : SECTION 118. And be it further enacted, That t shall be the duty of all persons of la sful age to It shall be the duty of all persons of lastill age to make and render a list or return, on or before the day prescribed by law, in such form and manner as may be prescribed by the Commissioner of In-ternal Revenue, to the assistant assessor of the district in which they reside, of the amount of their income, gains, and profits, as aforesaid ; and all guardians and trustees, executors and administrators, or any person acting in any fiduciary capacity, shall make and render a list or return as aforesaid, to the assistant assessor of the dis-trict in which such person acting in a fiduciary capacity ....les, of the amount of income, gains, and profits of any minor or person for whom they act ; and the assistant assessor shall require every list or return to be verified by the oath or affirmation of the person rendering it, and may increase the amount of any list or retarn, if he has reason to believe that the same is understated; and in to believe that the same is understated; and in case any such person shall neglect or refuse to make and render such list or return, or shall ren-der a false or fraudulent list or return, it shall be the duty of the assessor or the assistant assessor to make such list, according to the best informa-tion he can obtain, by the examination of such person, or his books or accounts, or any other er-idende, and to add fifty per centum as a ponality to the amount of tax due on such list in all cases. This brief, statement, covers the sato the amount of tax due on such list in all cases of wilful neglect or refusal to make and render a list or return, and, in all cases of a false or fraudulent list or return having been rendered, to add one hundred per centum, as a penalty, to the amount of tax ascertained to be due, the tax and the additions thereto as a penalty to be assessed and additions thereto as a penalty to be assessed and collected in the manner provided for in other cases of wilful neglect or refusal to tender a list cr return, or of rendering a false or fraudulent re-sharp and decisive." "Fearless in the

The following instructions have lately been received from the Commissioner, viz :

The Commissioner wishes to call your especial attention to the subject of income returns, and re-spectfully to remind you that it is your duty to reject all returns of income that do not show, item by item, the various sources from whence the in-come is derived; and where losses are claimed, a full and definite statement of the same; and in such and all other cases to proceed strictly in ac-cordance with the law.

C. DELANO, Commissioner, TROMAS FRAZAB, Assess r Int. Rev., Port-tand, Oregon. P. W. Folsom, Asst. Assessor Int-Rev. for Linn, Lane and Benton counties.

DISEASED PORK .- The Portland Oregonian having received a piece of supposed "diseased pork" from Dayton, city, for his examination. Following is public capacity, he could hardly have present buildings. the Doctor's report :

ED. OREGONIAN : I have examined the diseased b. Ourgeostay: I have examined the diseased park supposed to contain the "trichina spiralis," you handed me, very earefully, and have found no "trichina." The trichina are worms lying in and between the muscular fibres, and in a mature condition, are about one-eighteenth of an inch in length, with a round thread like body and a small narrow head. This piece of pork is filled with small cysts, one of which I have dissected and

rings and innumerable sggs, old age or accident causes it to let go its hold, and its strange roman-

been found to be developed into tape worms. Cysts taken from the brain of cattle afflicted with staggers were given to adog, and produced in dua time tage worms. Then sections of these tape worms, or the rings containing ora, were given to young calves, and in fifteen days the calves were of these calves the cysts were found. Our pig had been teeding upon the segments of the tape worm thrown off by man or beast, and had eator of them by the thousand. Now should any per-son cat this port, he would soon be afflicted with tape worm. Of coarse the practical application of these facts is plain—an animal diseased as was this pig, should be burned, not thrown out to hogo or dogs, or even buried to arot, where it might be devoured at once. Other practical thoughts will over to every one. I cannot help, just here, one word of moralising : How stupid it seems to more practical people to see a learned man spon-ing time, talents, education, and this for long words in this note, but I assure you there are that a point out the way of asfet. Tragret that I could not avoid these hard long words in this note, but I assure you there are tored at an tow. WM, H. WATKINS, M. D.

and proposes that it be submitted as independent proposition to the people.

PASSED .- The House passed the Sen-

tion was successfully completed, and from St. Louis to cut the ropes in case the wais of the cyst, which is the choroon, known as the Cystleercus Cellulose, which, if not quite so dangerous as the "trichina," is, as will be seen, not a good thing to have is the family. The Cystleercus is simply an intermediate stage of the "Tenis Solium" or tape worm, the history it proposes to catch votes and foist itself of which is exceedingly curious and interesting. The tape worm is hermaphrodyte, all the organs for reproduction existing in full perfection in each segment or ring of the tenia. When these repro-ductive organs are matured, the ring is thrown off, passes from the alimentary caual, and the seg-ment, being decomposed, sets free innumerable ova or eggs, which are borne in every direction by air or water. They may be eaten by some ani-mal, as was the case with our unfortunate pig. These ova, thus taken into the stomach, burst and there noreceds forth small embrace of very minute These ova, thus taken into the stormach, burst and there proceeds forth small embryos of very minute size and extreme tenuity. They pass through the blood vessels, where they are borne by the blood current to all portions of the body—to the liver, messentary, or, as in the specime before us, to the muscles. Here they become enclosed in little

ing.

Cysts every way similar are found in the brains of satils, giving rise to what is popularly known as "blind staggers." These cysts are known as "Cenurus Cerebralis." Sometimes they have made their appearance in the eye of man, de stroying the sight. These statements are no guess work, for the ova of the tape worm have been given to calves, dogs, pigs, and to condemned criminals, and they invariably cause severe sickness and often death. The disease commonly known as measles in cattle forty, its fifty, its seventy thousand ma- 1st of May. The owner requires \$75,000 Mrs. Stowe's book on the Lord and Lady The disease commonly known as measles in cattle and hogs is produced in this way; but always, upon examining the dead bodies of animals and men who have catten these eva, these cysts are found. But still more, these cysts have been given in the food to cattle, and to men condemned in the same condemned in the same been and the same name (?) hoary with nge, and dishonesty, and crime, and treason, shorn of all its former grandeur stripped of every vesto death, and in every instance the cysts have been found to be developed into tape worms. I am unable, Mr. Speak-Commercial says there is every reason to er, to see why this measure should pass believe the report to be true, though the I don't see it. I can't see it. Mr Spaniards say it is a base falsehood. OMAHA, Jan. 20 .- A special says 200 infantry recruits left yesterday for the forts on the line of the Union Pacific

Pacific Railroad. Passengers from the West report more than 20 miles of telegraph destroyed by the recent storm. A large force is re-

building as rapidly as possible. Official information at headquarters shows that there is no doubt the Pawnees were engaged in the massacreing of Bucks' surveying party, on the Republican river last August. Eight whites were killed on the first attack, and several escaped, but were subsequently murdered by an-other band of Indians.

ST. PAUL, Jan. 29 .- The Press says the wealthy Amsterdam capitalists who are now building the St. Paul and Pacific Railroad, have offered to build the Northern Pacific Railroad from the Red River to the Missouri river; on the acceptance of their proposition, the terms of which are of a very liberal character. This would place the Minnesota Railroad in communication with Montana at least
