LOCAL AFFAIRS

FIFTH ANNUAL FAIR.—The Linn County Agricultural Association will hold its fifth annual fair on the five days of September next, commencing on Tuesday, the 29th, and ending with Saturday the 24th. On the first page of to-day's Register will be found the list of premiums to be awarded on that occasion. In looking over this list, it will be found that it not only embraces a larger variety of articles than hitherto enumerated, but the premiums in many cases have been greatly enlarged. The officers of the Society show a liberality in the offer of premiums that will doubtless add greatly to the prosperity, success and usefulness of its future meetings. All articles not enumerated in the printed list, that are deemed worthy, will be awarded diplomas, no matter whether of home or foreign manufacture. It has been the aim of the officers of the Association to do justice to all in the award of premiums, and with this end in view the list was thoroughly revised, and the result is a full and complete list of all articles that are likely to be on exhibition on the occasion, for which the most liberal premiums are provided. They have succeeded admirably in their undertaking, and it now only remains for our citizens to take the necessary interest to make the fifth as much better than the fourth, as the fourth was in advance of the first annual fair. As the ladies are first and foremost in every good work, the principal additions have been made to their department, and of course they will appreciate this mark of attention by exerting their usual happy influence on the next fair. Success to them, and to the next Linn County Fair.

ENERGY AND VIM.—To make any business enterprise successful the management must possess the "get up and git" qualities—energy and vim. In this era of railroads and telegraphs, men who expect to thrive and keep even with the progress of the age, must constantly keep an eye to windward, and thus be ready to take advantage of every fresh breeze. Among the business men in Linn county, there are few who possess the necessary qualifications to a successful career in a larger degree than our friend Mr. Al. Wheeler, of Brownsville. He is never idle, and being an agreeable, accommodating gentleman, and keeping an assortment of the very best goods, which he sells at the lowest possible rates, is fast building up a business which is both profitable to himself and creditable to the town. Such men diffuse a portion of their energy into the community in which they reside, and do more toward building up and advancing its interests and establishing its character abroad, than a dozen drones. Live men in what Oregon needs, and when they are found, the community should stick to them. Go to Wheeler's.

NEW FIRM—HARDWARE, ETC.—Messrs. W. H. Kuhn & Co., on First street, in the brick adjoining Messrs. Blain & Young, have opened a large stock of hardware, iron, steel, wagon timber, farmer's and mechanic's tools, wood and willow ware, etc., to which they call the attention of the public. As these gentlemen are thoroughly conversant with the business and make it a specialty of course they will offer superior inducements in the way of first-class goods at low rates. Read their advertisement and drop in and look at the assortment they offer for sale.

THE ANNUAL ASSESSMENT LIST.—U. S. Assistant Assessor for the 5th Division of Oregon, embracing Linn, Lane and Benton counties, Mr. F. W. Folsom, gives notice that the annual assessment list is now open for examination at his office in Eugene, and will remain open until the 20th inst., and all persons claiming deductions or abatement of taxes, in consequence of erroneous assessment, must do so in writing before the expiration of the said 20th inst. Read the notice, and be guided accordingly.

AT MONMOUTH.—From Rev. J. M. Harris we learn that a protracted meeting of the Christian Church, conducted by the Rev. T. F. Campbell, an eloquent divine, and himself, at Monmouth, Polk county, commenced on the 5th inst., at which the most decided interest was manifested. Seven persons had united with the church, and the interest was still increasing. Mr. Harris left. The meetings were to be continued under the ministrations of Rev. Mr. Murphy and others.

ESTABLISHING.—The Farmer states that Mr. C. P. Burkhardt, of this county, intends planting one hundred bushels of Australian Club wheat this spring, deeming it the best of all the varieties for making superior flour. He also intends to secure Mr. Cross, of Salem, some improved breed of ewes, and bestow some attention on them as a breed. Good. We wish him success.

EGGS—CHICKENS.—Mr. B. Brenner will give twenty cents per dozen for all the fresh eggs brought to his store. He also wishes to purchase twenty dozen chickens, for which he will pay the highest market price. Mr. Brenner has "hyu" goods which he sells to his customers at reasonable rates, and when it comes to trading, he's right "on it." Give him a call.

M. E. SEWIS SOCIETY.—The Methodist Sewing Society meets Tuesday next, as we stated last week, but at the residence of Mrs. Rebecca Johnson, on Third street, east of Baker. The gentlemen are requested to attend at one o'clock P. M. on Tuesday, as dinner will be served at that hour—and they can take our word for it, it will be a splendid one. A general invitation is extended.

NEW BARBER SHOP.—Mr. Hale Backensto has fitted up a barber shop on First street, next door below A. Carothers & Co.'s drug store, especially for the accommodation of those of our citizens who prefer being shaved to shaving themselves. It is neatly fitted up, and Hale handles the razor with the care of a finished artist. Drop in and see.

RELIGIOUS.—We are requested to announce that Elder J. E. Murphy will preach at the Court House in this city, on Friday the 19th inst., at 7 o'clock P. M., and Elder T. F. Campbell, President of the Christian College, at the same place on the 19th, at 7 o'clock P. M., and on the 20th at 11 o'clock A. M., and at 7 P. M. A general invitation to citizens of Albany to attend is extended.

SPRING STYLES.—Mrs. Dunaway took the last steamer for San Francisco, to lay in her Spring and Summer stock of millinery, etc. The ladies can, therefore, confidently look to find upon her shelves and counters the latest styles of bonnets, dress goods, etc., upon her return.

INDIANA WHEAT.—Mr. John Barrows brought with him from Indiana specimens of both red and white wheat, raised in that State during last season, which are now on exhibition at the store of Messrs. Blain & Young, of this city. There is a perceptible difference between Indiana and Oregon raised wheat.

LASTER BEER.—A new saloon is to be opened on First street, in the building formerly occupied by Mr. Denny as a furniture shop.

RESOLUTIONS.—The following preamble and resolutions adopted by the Western Star Lodge of Good Templars, of this city, were handed to us with the request that we publish them:

WESTERN STAR LODGE No. 10 I. O. of G. T.] March 8th, 1870.] We, the undersigned Committee, beg leave to report the following preamble and resolutions: Whereas, Heretofore our State, county and municipal elections have been too much controlled by the power and influence of alcohol, and Whereas, We deem it our duty to act in unison with the Grand Lodge of this jurisdiction, and other temperance organizations, therefore, be it Resolved, That we, as Good Templars, hereby mutually pledge ourselves that we will not support any but sound temperance men, at the coming June election, for State and county officers. Resolved, That a copy of these resolutions be furnished the REGISTER, Democrat and Corvallis Gazette for publication. F. M. WADSWORTH, S. S. MARKHAM, R. FOX, Committee.

LIFE INSURANCE.—Read the new advertisement of the Washington Life Insurance Company of New York. The surest way for a man to provide for the future of his family is to take out a policy in some good life insurance company, and the Washington stands A. 1.

NEW SIDEWALK.—A new sidewalk has been constructed on the west side of Ellsworth street, between First and second. Several new crosswalks have also been constructed, much to the convenience and comfort of pedestrians.

NEW BLACKSMITH SHOP.—We are informed that Mr. Ed. Merrill intends erecting a two-story building, to be used as a blacksmith shop, on the corner of Washington and Second street, on the site formerly occupied by the Pacific Hotel.

RESULTS.—The protracted meeting at Brownsville, which came to a close on Wednesday, March 2d, resulted in the conversion of sixty persons, all of whom, we believe, united with the different denominations represented in the meetings.

SERENADERS.—We are indebted to the party of serenaders, Messrs. Brenner, Price, Thurman and others, for executing several exquisite pieces at our residence on Monday night. As they serenaded their friends generally in the eastern portion of the city, "usna" enjoyed a rich and rare treat. Come again, gentlemen.

PERSONAL.—Mr. Sam'l Young, of Blain & Young, and Mr. Jas. Cowan, of Cowan & Co., next Tuesday start for San Francisco to lay in their spring and summer stocks. Bon voyage. Mr. Al. Wheeler, and other friends from Brownsville, called on us during the week. Always glad to see our friends. Call often. P. C. Harper, of the firm of Harper & Co., goes to San Francisco on Tuesday, to lay in a new supply of goods.

FROM SCIO.—Dr. King informs us that a young man, named James Richardson, of Scio, a few days since, accidentally shot himself. The charge from one barrel of a double-barreled shot gun entered the calf of his leg, lacerating it terribly. No particulars.

LEFT OUT.—We inadvertently left out Class XI on the first page of this issue. It will be found on the second page. It will appear in the proper place in the extras issued by the Society for the occasion.

FISH.—For a plate of delicious fish, we are under obligations to the generous landlord of the St. Charles, Mr. H. Brenner. Guests of the St. Charles will find the table well provided for, and the house generally in splendid order.

GOOD PAY.—Mr. Hugh Nickerson, of this county, received from the Pioneer Oil Company of Salem, for his crop for thirty-eight acres, last year's yield, \$1,070—a fraction over \$28 per acre.

COLDS.—The variable weather of late causes much complaint in the line of severe colds, coughs, sore throats, and "sich like."

IMPROVEMENTS.—Mr. Ira Miller is fitting up and building an addition to his property on Washington, between First and Second street.

FLOUR.—Messrs. Beach & Montell, of the Albany Steam Mills, shipped last month 7,616 sacks of flour to San Francisco.

CROWDED.—We have been crowded with work during the week, which will account for the lack of the usual news matter in this issue.

PERSONAL.—Dr. King, of the Scio News, made us a friendly call on Monday.

BOYS.—Sunday, March 6th, 1870, to the wife of Allen Parker, Esq., a son—a twelve pounder.

FINANCIAL AND COMMERCIAL. Gold in New York quoted at 110 1/2. Portland legal tenders, 90 @ 91 1/2. Portland Market remains dull; no change in the price of grain. A good Spring business is predicted, for which large inventories are constantly arriving, and the market already assumes an aspect of fair activity.

Eastern advices by letter inform the Oregonian that the New York market is so glutted with choice flour that the trade can supply themselves far below the prices at which fancy brands are held, therefore will buy but in limited quantities. At present no Oregon brand of flour, but the Imperial, will sell for enough to pay cost.

San Francisco market very quiet, with following quotations: Wheat—Common to good, \$1 35 @ 1 65; very choice, \$1 70 @ 1 00 lbs. Barley—Quiet at \$1 10 @ 1 50. Oats—Quotable at \$1 20 @ 1 50 as to quality. No improvement noticeable in our home market, and prices remain as last quoted.

MARRIED. March 6th, 1870, at the residence of the bride's parents, by the Rev. John McKinney, Mr. Lewis Ritter to Miss Elizabeth Carothers, all of Linn County. [Christian Advocate please copy.]

HEARD FROM.—Captain Volney V. Smith, son of the late Hon. Delazon Smith, who was thought to have been killed in the late war, is at present alive and well, holds a Captain's commission in the U. S. army, and is stationed at Louisville, Arkansas.

ON THE OLD "LAY OUT."—We see that D. C. Ireland, late editor of the Oregon City Enterprise, has resumed his old place as local editor on the Oregonian, while Capt. Crandall, who for the last two years has filled that "sit," has been promoted, and is now assistant and news editor. Both are good and competent men, and we congratulate them.

Mrs. DUNWAY has just received a number of Bartram & Fenton Sewing Machines, direct from New York. It is claimed for these machines that they are simple in construction, easily understood, make an elastic stitch, fasten their own ends, adjust their own needles, are easily moved about on castors, (a convenience no other machine possesses), have extra attachments for all kinds of fancy work, and are always in running order. They will sew, hem, fell, quilt, cord, ruffe, embroider, braid, tuck or gather; run without noise, will not soil the operator's clothes, and are sold at lower prices than any other table machine in use. Price of machine, with black walnut table and drawer, oiled and waxed, fifty-five dollars. 23-3m

SEWING MACHINES.—Messrs. Blain & Young are agents for the sale of SEWING MACHINES, and all the fixtures necessary thereto. This enables those who wish to purchase any of the first-class machines to get what they order at the lowest cash price, and if anything should be lacking, or should get out of repair, these gentlemen will take pleasure in furnishing the missing article, or put the machine in running order, without extra cost—quite an advantage, as those who have purchased machines at a distance, have learned by sad experience. No household is complete without one of these labor-savers, and if you want to be sure of getting what you order, at the lowest price, and have it delivered to you in complete running order, call at Blain and Young's and leave your order. Nuff said.

THE HOME BOOK OF WONDERS.—This book is a complete Museum, Descriptive and Pictorial, of the World's Wonderful Phenomena. It is something wonderful in printed facts, and is a work containing nearly everything that everybody should read, study and know, and as a book of reference it has no equal. The work is now in press, and will be sold only to subscribers. Mr. G. B. Blood is the gentlemanly agent for the State, and is at present canvassing Linn county for subscribers. It is really the most valuable work that has been issued from the press for years, possessing all the interest of the best romance, and, at the same time, the ripe instruction of the book of travels, or the work of science and descriptive art, and no man that can read should be without it.
