THE EXCURSION-On Saturday last, was a big thing. A very fair number of our citizens, other than members of the Fire Company, took part in the excursion. The dinner given by the City Council of Corvallis to the Onesters and their friends, is highly spoken of, and Major Johnson universally commended for the style and manner in which the city's guests were entertained. ESSICK'S CLIMAX KNITTER!

IN presenting the claims of this NEW KNIT-TING MACHINE to popular favor, we aim at no more than a brief and caudid statement of its actual merits. We confidently claim that the CLIMAX KNITTER is superior to all other ma chines in the follwing respects: 1. Simplicity of construction and operation.

2. Completeness and excellence of work.
3. Convenience of shape, size and weight o 4. Durability of machine.

5. Rapidity of work.
6. Chespness.

It is so simple in its construction and in its workings, that less than half the time is required to learn to knit on it than on others. With it the to learn to knit on it than on others. With it the children of the household can do all the knitting. It is made entirely of iron and steel. A man's sock can be made in thirty minutes. It makes the regular old old-fashioned knitting needle stitch or loop, (with several others if desired); turns the heel, making it of as good shape as by hand, without any sewing; narrows or widens, at the pleasure of the operator, and makes a per-fect toe. Any article that can be knit by hand, can be manufactured on this machine.

Persons who wish to see the machine in operation, are requested to call on the agent in this city.
