LOCAL AFFAIRS

Speaking To-Day.—Messrs. Powell and Butler, candidates for the District Attorneyship of the 3d Judicial District, will address the citizens of Albany, at the Court House, this afternoon, at one o'clock. Let there be a full house on the occasion.

Speaking at Lebanon.—Mr. M. C. George, Republican candidate for Representative, will address the citizens of Linn county on Monday evening next, at Lebanon, in the Santiam Academy. Republicans and Democrats are invited to attend and listen to a fair statement of the questions involved in this canvass, by our talented young candidate. Give him a housefull.

The Ninth Census.—The work of taking the ninth census will commence the first of next month. Oregon has been divided into eighteen districts, and Marshal Thos. G. Young, Superintendent of Census for this State, has appointed the following named deputies for each district:

No.	Name.	County.	Miles.
1	D. C. Ireland	Multnomah	408
2	R. M. Porter	Washing'n, Til'mk	2,304
3	Squire D. Moore	Clackamas	2,220
4	Joseph H. Brown	Marion	1,754
5	Wm. B. Carter	Benton	1,110
6	E. P. Henderson	Lane	4,556
7	U. B. Humphrey	Linn	2,850
8	Chas. W. Savage	Jackson, Josephine	11,556
9	A. J. Moody	Coos and Curry	3,189
10	John Fullerton	Douglas	4,950
11	J. S. White	Umatilla	5,640
12	C. M. Foster	Baker	10,710
13	Wm. Bunnell	Grant	21,000
14	Wm. J. Snodgrass	Union	5,180
15	E. B. Comfort	Wasco	15,486
16	J. C. Brooks	Yamhill	750
17	B. Robb	Polk	624
18	R. E. Spedden	Clatsop, Columbia	4,491

These deputy marshals are obliged, under oath, to visit every house in the district assigned to them, and obtain the required information in person, being forbidden to subdivide any portion of the territory. They are required to give the names, number of families, social condition, color, birth-place, value of property, &c., and any one over eighteen years of age, who refuses to give the required information, if able to do so, is liable to a heavy fine. Linnites may expect a call from friend Humphrey next month.

New Shop.—The new two-story shop on the corner of Washington and Second streets, the site of the late Pacific Hotel, is occupied by Messrs. Board & Colver, two excellent mechanics and clever gentlemen, who offer their services to the farmers of Linn in repairing all kinds of agricultural machinery and implements. Harvest-time will be upon us in a few weeks, and those owning Headers, Threshers, Mowers and Reapers, etc., should overhaul them and see if they are in condition to be put to work. If there is a screw loose, now is the time to tighten it; if a bolt has been broken or lost, replace it now,—"procrastination is the thief of time," and a little attention now may save you many dollars and "hard talk" in the midst of harvest. Take your machinery to Messrs. Board & Colver, and they will warrant all material used in their repair to be of the best quality. You know "a stitch in time saves nine," and in this case certainly "a hint to the wise is sufficient."

To Farmers.—Those of you who are intending to purchase machinery for the next harvest, are referred to the card of Messrs. Blain, Young & Co., of this city, in the paper before you. It is not necessary for us to say anything laudatory of the above mentioned firm, for during the years they have transacted business among us they have established a reputation for probity and liberality second to no house. We therefore need only call attention to the fact that, in addition to the usual "lay out" offered customers in the line of clothing, dry goods, groceries, etc., they have on hand and will fill all orders for Threshers, Headers, Mowers, and all the various first-class agricultural implements demanded by our farmers. As harvest will soon be here, those who are not supplied with the necessary labor-saving machinery to enable them to secure their crops in the most expeditious manner, lessening the expense and insuring against loss through unfavorable weather or other causes, should make immediate application to these gentlemen, to the end that their orders may be filled in time. The lack of the necessary machinery last season, caused the loss of quantities of grain. See that you are fully supplied, and in time, this whiz.

Strawberry Festival.—The ladies of the M. E. Church of this city will give a strawberry festival, on Friday evening, June 3d, 1870, at the Court House. Supper will be served from 5½ o'clock to 9 o'clock. Everybody invited to come. Strawberries and cream 25 cents a dish; lunch 25 cents. The Albany Brass Band will be in attendance, and will add the charm of music to the other attractions. Donations of refreshments and sweet cream will be thankfully received. All donations should be handed in by five o'clock, on the evening of Friday, at the Court House, where a committee of ladies will be in attendance to receive them. Now here's a chance for a gewhollopin good time. We don't expect to save our two-bitses and go in on berries and cream—oh, no.

Frank Wood—Who runs the two-story blacksmith shop on corner of Ellsworth and Second streets, has come down to "hard times" prices with work, etc. He offers new wagons at $140 and $160 each, cash; furnishes harrow teeth at 12 and 15 cents each, and hand plows at $12 and $18 the single plow. He will shoe your horse all round for $2 cash, or $3 credit; re-set shoes at 25 cents each, cash, or 37½ cents credit; set tire at $2 cash, or $3 credit. He will do all work well, with good material, at the lowest living rates. What more could you ask?

Next Thursday—The young folks of this city are invited to go on a strawberry excursion. The ladies who have charge of the Strawberry Festival on the 3d of June, will provide hacks to convey those who wish to pick strawberries for said festival, to the place where the berries do most abound. All who wish to go, pick berries, and spend a pleasant day in useful employment, will be ready by seven o'clock on Thursday morning next.

Honors Worthily Conferred.—A Pennsylvania paper states that the Trustees of Washington and Jefferson College, of that State, at a late meeting conferred the degree of D. D. on Rev. E. R. Geary, at present and for many years past an honored resident of Linn county. We know of no man in the State who is more universally respected, or who is better entitled to the honor conferred. Dr. Geary is a native of Pennsylvania, and his brother, Gen. J. W. Geary, is present Governor of that State.

Poisoned.—In an unguarded moment "Sank," a fine New Foundland pup of ours, during our absence on Sunday last, undertook to digest a dose of "cold pizen" left, probably, by some kind friend for his benefit. Sank was buried on Monday, in his best clothes. It would more than gratify us to know who administered the poison to that pup—it would do us proud to "equitably adjust" matters with him.

Great Reduction.—Mr. Titus requests us to inform his friends and the public that, owing to the "pressure in the money market," he has concluded to make a great reduction in the price of all work done at his shop, as follows: Watches will be cleaned for $1 each; new mainsprings furnished at $1 a piece; crystals for 25c; hands, 12½c, and all other repairing at same rates. Bring on the work.

Measles—Have "gone in" and "come out," as usual, thank you, during the week. There is now a prospect of a subsidence of the "breaking out." No regret will be felt in its absence.

A Leaf From Whitney's "Record."

Salem, May 23d, 1870.

Editor Register:—If you will allow me space in the columns of your paper, I will show to the voters of Linn county the honesty and business capacity of J. J. Whitney, the would-be County Judge. I placed some accounts in his hands for collection, which service he was to perform for ten per cent. He collected as below stated:

Greenbacks	$40 51
Coin	56 54
	$97 05
He paid over to me as follows:	
Coin	$21 25
Greenbacks	30 00
	$51 25
Add his ten per cent. to amount paid me	9 70
	$60 95

Deduct from $97 05 the amount paid me with the ten per cent. added, and it leaves a balance in my favor of $36 10, which he refuses to pay. This is repudiation in fact, and if the Albany platform had been made at that time, I would not have trusted him. If he says he has a claim against me for legal services, I will say (and am willing to swear to it), that there was an express understanding with him that, in case he was compelled to bring suit, there should be no extra charge above the ten per cent. agreed upon. Now I ask, after such a showing, can the voters of Linn trust such a man? The response comes from all quarters, No! Then brand him as a swindler, and scorn him as unworthy of your suffrages.

Very truly yours,
A. S. KIGHTLINGER.

Politics.—The Democratic candidates, Messrs. Whitney, Helm and Jones, have taken the stump in this county. We are informed by Democrats that they make tolerable fair speeches, especially Whitney. Whitney's specialty, however, is collecting; as a collector, on the only job we ever heard of his having, he was a success!

New Boat.—Mr. Pierce, proprietor of the Albany ferry privilege, completed and launched a new ferry-boat last week, to better accomodate the ferrying public. He has expended a great deal of time and money in repairing and bettering the road leading to and from his ferry, during the past few months, which is doubtless appreciated by the traveling community.

Hand Torn.—Charley Dodge, who "totes" the mail between this city and Brownsville, met with a little accident in the shape of a runaway on last Tuesday, which resulted in making a complete wreck of the vehicle in which he rode, and badly cut and lascerated his left hand. The accident was caused by the breaking of the single-tree.

Fanned Him.—A bad little Chicago boy was inveigled into Sunday-school recently, and kept pretty quiet until he saw the collection-plate passing on which there was several dollars in silver, when he turned to a companion with the remark: "Hey! Billy, there's silver on that plate for Christ's sake!" His teacher, a nice young woman, took him across her knee and fanned him with her hand!

Crops.—We have had fine "growing weather" during the week, and the crops never looked better. Our farmers are chock full of jolarity at the prospect.

Sewing Society.—The Methodist Sewing Society meets at Dr. Rice's, on Tuesday next. Dinner at 12 o'clock precisely. Gentlemen are especially invited. Dinner costs but twenty-five cents.

Good Motto.—The very latest and best thing in the way of a motto for merchants is thus rendered:

"Late to bed and early to rise,
Never get tight—and advertise."

Wheat.—Our millers are still offering 65@70c per bushel for white wheat, but they say the market below is depressed.

Teachers—Will remember that the Teachers' Institute for Linn county meets on the 2d of June, at Harmony Church.

Picnic.—The Sandridge Sabbath School picnic transpires to-day at Washington Butte. A large and merry crowd will doubtless be there.

Balloons.—The balloon man was in town last week, and for a day or two did a swelling business.

Miss Platter, burned by the explosion of a kerosene lamp in San Francisco on the 20th, has since died.

Late letters from Rome state that the debate on infallibility is still going on in the Council, but says resistance is extinct.

Wm. B. Astor has six hundred houses to let in New York.

MARRIED.

At the residence of the bride's father in this city, May 18th, 1870, by the Rev. R. C. Hill, Mr. W. M. Royal to Miss Maggie Mauzy—all of Albany.

With the above came the compliments of the happy pair. They have our royal blessing, and best wishes for a future of unclouded prosperity.

ESSICK'S CLIMAX KNITTER!

In presenting the claims of this NEW KNITTING MACHINE to popular favor, we aim at no more than a brief and candid statement of its actual merits. We confidently claim that the CLIMAX KNITTER is superior to all other machines in the follwing respects:

1. Simplicity of construction and operation.
2. Completeness and excellence of work.
3. Convenience of shape, size and weight of machine.
4. Durability of machine.
5. Rapidity of work.
6. Cheapness.

It is so simple in its construction and in its workings, that less than half the time is required to learn to knit on it than on others. With it the children of the household can do all the knitting.

It is made entirely of iron and steel. A man's sock can be made in *thirty minutes*. It makes the regular old old-fashioned knitting needle stitch or loop, (with several others if desired); turns the heel, making it of as good shape as by hand, without any sewing; narrows or widens, at the pleasure of the operator, and makes a perfect toe. Any article that can be knit by hand, can be manufactured on this machine.

Persons who wish to see the machine in operation, are requested to call on the agent in this city.
