there than any other article."

Oregon Railroads. OFFICE O. & C. R. R. Co.,

Portland, O., July 5, 1870. EDITOR OREGONIAN: -In your paper of yesterday I notice an article of which the following is an extract:

Will Mr. Holladay, controlling both the cast and west sides, extend a railroad further than the head of the Willamette Valley? It looks as if this might be doubtful. It is even whispered here, and with some appearance of plausibility, that, having now secured undisputed control of the railroad waters. the railroad system of the most populous and im-portant part of Oregon, s - s s he will not rtant part of Oregon, = - he will not or the head of the valley.

The Oregon and California Railroad

Company will this year build and equip

their road for a distance of one hundred after complete it as rapidly as possible to the head of the Willsmette valley. After objects, reaching that point they will continue to have announced themselves as candidates when it ran away, and the rope becoming build south without any interruption; gress to grant aid for the Humboldt brauch road is passed in such a shape as to cause that road to come into the valley of Rogue river. But if the grant for that branch should be so made as to avoid The body of a man named William the southern counties and bring the road On the same date, four miles cast of Shipton was found, on the 29th ult., in a into Willamette valley, 'at or near Eugene City" by the middle fork of the Willamette river, then we should build our road no further south than the head of this valley, where we would ultimately connect with the Humboldt road. In case affairs should take this shape it would not be practicable to build a road further south than the point indicated. For we should be cut off from southern and eastern connections, inasmuch as the children, all living. Battle says she is Gentral Pacific Company would almost certainly cause their California and Oregon road to diverge from the route orig- time inally laid down, and build it by the easier route by way of Pitt river, so as to make a connection by the Humboldt-Eugene branch. They would thus have a continuous line of railroad, running into Tuesday resulted in the election of John Oregon, under their own control. Wheth-Wright, Chief, and D. McFaddar, er we build our road south of the head Assistant Engineer, of the Fire Depart- of the Willamette valley or not, depends therefore on the action to be taken by Congress relative to the route of the branch road from the Humboldt.

'It is the desire, as it has been the intention, of the Oregon and California Railroad Company to build their read to the southern boundary of the State; and they will do so without delay, unless their purposes are checked by such legislation in Congress as will render it impracticable to carry them out. In other words, if the grant for the Humboldt branch shall be so made as to connect with our road in Rogue river valley, and thus secure also a connection for us with the California and Oregon road at the State line, we shall continue our road south of the Willamette valley. Other-

wise we shall not do so. In this connection it may be as well mouth of the Umpqua a few days since, for me to state that I shall go forward and build the west side road, completing the first section wi hin the time allotted Col. Chapman, of Portland, is up for ay the act of Cyngress, and ultimately continuing it south to a junction with the Oregon and California road at some point near the head of the Willamette valley. BEN.
