PARRISH, March 0, 1869- 8 **EISSICIES INTEGRATIONS INTEGRATIONS** 4. Durability of machine .. 5. Rapidity of 6. Cheapness. Rapidity of work.

It is so simple in its construction and in its workings, that less than half the time is required to learn to knit on it than on others. With it the children of the household can do all the kniting It is made cutirely of iron and steel. A man sock can be made in *thirty minutes*. It make the regular old old-manioned knitting need the regular old old-fashioned knitting needle stitch or loop, (with several others . / desired) turns the beel, making it of as good shape as by hand, without any sewing ; marrows or widens at the pleasure of the operator, and makes a per fect too. Any article that can be knit by hand can be manufactured on this machine. Persons who wish to see the machine in opera-tion, are requested to call on the agent is this city

S. S. MARKHAN & SON, Agents for Oregon Albany, Ogn., Feb. I , 1870.- 3

At the Palm House, San Francisco, on the night of the 8th inst., a man named Dorris took 'strychnine, ending his troub-

AN INTELLIGENT JURYMAN .- A case was tried in the County Court a few days bathe. A heavy fine can be imposed on ago, says the Sacramento Reporter of all who committed such a breach of the June 28th, in which two mea were conall who committed such a breach of the peace as that of last Sabbath. PERSJNAL.—Pat. Farrel started for the Yaquina Bay on Tuesday. The "In-juns" will get him, sure, as he and anoth-er horse started alone. A new Gas, Water and Manufacturing Company has been formed in East Port-land. The corporators are, Ben. Holla-day, A. M. Loryca, J. B. Stevens and H. Boyd. They intend manufacturing gas for illuminating purposes, in East Portland; will bring water from the Clack-mas river, to furnish power for manufac-turing purposes, and will bring water from the springs at Brooklyn Mills, Asyfrom the springs at Brooklyn Mills, Asy-lum and Stephens' Saw-mill to East Port-astounded, and asked the simple minded

bis natures when eyeing a rat under a cupboard, in some room connecting the house. The rat also had his eye fixed on the dog, and after had his eye fixed on the dog, and after had his ove fixed on the dog, and after watching them a few moments, the girl, thinking it strange, called some of the family, who, interested to see how this curious circumstance would turn out, came and stood quietly by. For half an hour these animals maintained the same position, being six or eight feet At the end of that time the rat At the end of that time the rat and trembling with fear, began to proach the dog; their oyes still fire each other immovably. Continuin preep up, when within a couple of the dog porung and establing the
