BROWNSVILLE ITEMS.

FROM OUR REGULAR CORRESPONDENT. BROWNSVILLE, July, 19 1870.

After a protracted silence we again proceed to jot down a few items from our lively little village.

Things are on the move. The work on the new Baptist church is going on rapidly; four hands are employed upon it; the frame is up, and it is fast assuming its proper shape and dimensions.

On last Tuesday evening, Hon. Wm. McCoy, living a few miles west of this place, met with rather a serious and painful accident. While riding in his pasture, barebacked, with a halter, his animal became unmanageable, ran away with him, and threw him heavily to the ground.

Brownsville has again taken the Good Templar fever. C. Beal, G. W. C. T. was up, and organized a lodge on the 4th inst., with 30 charter members, and they have had accessions at every meeting since; they have secured the exclusive right to what is known as Smith's Hall, fitted it up for a place of meeting, and prospects are good for a large and influential lodge.

Hon. Louis Fleischer, State Treasurer elect, visited our town last Saturday. Business pertaining to the Factory is supposed to be the occasion of his visit at this time.

Harvest is fast approaching and farmers are making preparations for it, fixing up their machines and other appliances for taking care of their grain. We hope they may get a good price for it, and come out rich this fall.

Upper Soda. July 20, 1870.

EDITOR REGISTER.—A few items from this healthful region may not prove uninteresting to your readers. We arrived here Saturday, the 9th, and found a large encampment from our section. I can only name a few: Dr. Alexander, David Froman, Martin Payne, J. M. McConnell, S. M. Pennington, and others, with their families. And here let me say that David Froman and Dr. Alexander are the Nimrods of this age.

There is a great deal of travel on the road, persons going to and coming from Checco valley and points beyond. Large herds of cattle and sheep are and have been driven over the mountains this season.

We were told before coming up that there were no berries. A great mistake. I cannot say what they have been other seasons, but there are thousands of bushels this year. Only think—there were over one hundred gallons brought into camp yesterday, which rate of picking has been going on for days, and still the supply seems inexhaustible.

E. A. FREKLAND. CAUGHT.—At Portland, on Wednesday night, the highwayman, Wilson, was caught and jailed. Several shots were fired, both by pursuers and pursued, but nobody hurt. Portlanders will rest more "quieter" now.

J. F. McCoy, Esq., of Portland, has been appointed, by Tung Ge, Emperor of China, Consul for China at Portland.

The surveys of the Oregon & California Railroad are being continued south of Roseburg, and the lands withdrawn from market to that point.
