The New York Times says: It is a terrible thing to hear of a woman's being shot batteries at Ville Juit and St. Cloud, to in cold blood by military authority, and yet such a fate is reported to have overtaken a French vivandier lately at Mayence. A private letter written to London, and printed in a newspaper in that city, says that this woman was passing some German soldiers who were mortally wounded, and who besought her for water. Terrible to relate-and for the honor ofhuman nature, we must add, difficult to believe-she gave the dying wretches boiling oil. She was subsequently captured and shot. If such things as this can be, we have little cause indeed to boast of the civilization of the ninetcenth century; and yet the same mail that bringsus this dismal story tells us, on the authority of L'Opinion Nationale, that a nun, in succoring a wounded soldier, had both legs taken off by a cannon shot. The last story is more probable than the first for on a battle-field how could a vivan-
